Mr. Cook-

Please see the attached document responsive to your request. Because each school maintains their own library inventory there are some duplicates due to variation in catalog input.

Mr. Cook-

Below is our initial response to your revised request. From that date we have 30 days to respond to your request. We anticipate we will have the list of library books containing the key words you provided available by that time.

Regarding the remainder of your request to which we have not already responded, we are waiting on more specific information from you before we can proceed.

Hello
Thanks for all of your help.
Where do we stand on the "modified request?" Which you stated was reset after several emails for clarification?

Each school is responsible for maintaining their individual school libraries. We are working with the media specialists to develop the most accurate and complete lists possible in response to your key word search request.

You will need to be more descriptive regarding the surveys and worksheets you wish to review. Tell us more information such as the title, name, author, recipients, and/or subject matter.

Please specify what programs or applications you mean when you say, "digital platform". A digital platform is an environment in which a piece of software is executed. It may be the hardware, the operating system, web browser and/or associated application programming interfaces. Many software applications do not meet the definition of a public record because they are not owned or retained by the Beaufort County School District.

We will respond to your request within the timeframe allotted by law.

Good morning.
I hope you had a good weekend.
I'm looking for the FOIA request keyword results as I am planning to meet with my BOE representative tomorrow.

Just following up.

Good afternoon.
I wasn't looking for emails.
I'm so sorry.

The keyword search is for the following.
Only in the following:
Curriculum, library inventory, surveys, worksheets, digital platforms

Dates: July 2019-Nov 9, 2021

I do not need hard copies of anything. I do not work for the media.
No cost should be affiliated with this FOIA request.

Thank you so much for emailing me.

Mr. Cook-

We do not have the District data for the fall 2021 Panorama survey yet, as the survey administration was just completed and the data is being processed. Attached are the surveys from Fall of 2020 and Spring of 2021.

The open ended request to search all documents is a massive undertaking. Please consider narrowing your request to be more specific to include information about each record sought, such as the date, title or name, author, recipients, and subject matter of the records and resubmit your request. To give

you an idea of the scope of your request as it currently stands, an email search alone from January 1, 2019 to October 27, 2021 with the keywords you have supplied has returned 94,734 emails. Your email search will pull in all emails with those terms including advertisements, news articles, news aggregators, bulletins on employment law & discrimination, legal disclaimers on emails, etc. In accordance with S.C. Code Ann. 30-4-30(B), the BCSD estimates search, retrieval, and redaction, if necessary, of documents to respond to your request will require 474 hours, for an estimated cost of \$21,855.13, plus 6 cents per copy for a total of \$33,223.21. Costs may increase or decrease. A 25% deposit of the total reasonably anticipated cost is required before work will begin on your request. Please make all checks out to the Beaufort County School District and send to my attention. Attached is the contract with Panorama Education.
