527 Student Use and Parking of Motor Vehicles on School Property

I. Purpose

The purpose of this policy is to provide guidelines for use and parking of motor vehicles by students in school district locations, to maintain order and discipline in the schools and to protect the health, safety and welfare of students and school personnel.

II. General Statement of Policy

The policy of this school district is to allow the limited use and parking of motor vehicles by students in school district locations. The position of the school district is that a fair and equitable district-wide student motor vehicle policy will contribute to the quality of the student's educational experience, will maintain order and discipline in the schools, and will protect the health, safety and welfare of students and school personnel. This policy applies to all students in the school district. Notification of this policy will be printed in the student handbook and disseminated in other ways that the school administration deems appropriate.

III. Definitions

- A. "Contraband" means any unauthorized item possession of which is prohibited by school district policy and/or law. It includes but is not limited to weapons and "look-alikes," alcoholic beverages, controlled substances and "look-alikes," overdue books and other materials belonging to the school district, and stolen property.
- B. "Reasonable suspicion" means that a school official has grounds to believe that the search will result in evidence of a violation of school district policy, rules, and/or law. Reasonable suspicion may be based on a school official's personal observation, a report from a student, parent or staff member, a student's suspicious behavior, a student's age and past history or record of conduct both in and out of the school context, or other reliable sources of information.
- C. "Reasonable scope" means that the scope and/or intrusiveness of the search is reasonably related to the objectives of the search. Factors to consider in determining what is reasonable include the seriousness of the suspected infraction, the reliability of the information, the necessity of acting without delay, the existence of exigent circumstances necessitating an immediate search and further investigation (e.g. to prevent violence, serious and immediate risk of harm or destruction of evidence), and the age of the student.
- D. "School district location" means property that is owned, rented, leased, or borrowed by the school district for school purposes, as well as property immediately adjacent to such

property that may be used for parking or gaining access to such property. A school district location also shall include off school property at any school-sponsored or school-approved activity, event, or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district.

IV. Student Use of Motor Vehicles in School District Locations

Students generally are not permitted to use motor vehicles during the school day in any school district location. Students may use motor vehicles on the high school campus during the school day only if there is an emergency and permission has been granted to the student by building principal or designee to use a motor vehicle

V. Student Parking of Motor Vehicles in School District Locations

- A. Students are permitted to park in a school district location as a matter of privilege, not of right. Students driving a motor vehicle to a high school campus may park the motor vehicle in the parking lot designated for student parking only. Students will not park vehicles in driveways, in reserved parking spots, on private property, or in other areas designated for use only by staff or by the general public.
- B. When there are unauthorized vehicles parked on school district property, school officials may:
 - 1. move the vehicle or require the driver or other person in charge of the vehicle to move it off school district property; or
 - 2. if unattended, provide for the removal of the vehicle, at the expense of the owner or operator, to the nearest convenient garage or other place of safety off of school district property.

VI. Patrols, Inspections and Searches

School officials may conduct routine patrols of school district locations and routine inspections of the exteriors of the motor vehicles of students. In addition, the interiors of motor vehicles of students in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule.

A. Patrols and Inspections

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

A World-Class Community of Learners

Fridley Public Schools is committed to creating a welcoming, respectful environment that provides an equitable and inclusive education for each student, staff and community member by ensuring that opportunities, access, and resources are aligned to support the growth and academic achievement of each student.

B. Search of Interior of Student Motor Vehicle

The interiors of motor vehicles of students in school district locations, including glove or trunk compartments, may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to withdrawal of parking privileges and to discipline if the student refuses to open a locked motor vehicle under the student's control or its compartments upon the request of a school official.

C. Prohibition of Contraband and Interference with Patrols, Inspections, Searches and/or Seizures

A violation of this policy occurs when students store or carry contraband in motor vehicles in a school district location or interfere with patrols, inspections, searches and/or seizures as provided by this policy.

D. Seizure of Contraband

If a search yields contraband, school officials will seize the item and may turn it over to legal officials for ultimate disposition when appropriate.

E. Dissemination of Policy

A copy of this policy will be printed in the student handbook or disseminated in any other way which school officials deem appropriate.

VII. Directives and Guidelines

The superintendent or designee is granted authority to present for School Board review and approval reasonable directives and guidelines for student parking and the assessment of student parking fees. The school district may choose to allow students to park their cars in school district locations, such as designated student parking lots, by permit only. Such a permit system can be used to assist in the dissemination and enforcement of the motor vehicle policy. If the school district institutes a permit system, students shall be advised that those who apply for a permit will be required to be aware that this motor vehicle policy exists and that their motor vehicles are subject to inspection and search by school officials. An acknowledgment form, such as the sample attached to this policy, shall then be utilized by the school principal to document the notice given and the student's receipt of the policy.

VIII. Violations

Fridley Public Schools is committed to creating a welcoming, respectful environment that provides an equitable and inclusive education for each student, staff and community member by ensuring that opportunities, access, and resources are aligned to support the growth and academic achievement of each student.

A World-Class Community of Learners

A student found to have violated this policy and/or the directives and guidelines implementing it shall be subject to withdrawal of parking privileges and/or to discipline in accordance with the school district's student discipline policy, which may include suspension, exclusion, or expulsion. In addition, the student may be referred to legal authorities when appropriate.
