Principal's Report – Adrienne Lobato

- What is SCC?
 - *The School Community Council (SCC) is a shared governance council formed by the parents and staff of North Star in accordance with state law. It is the responsibility of the SCC to decide all issues on the basis of what is in the best interest of the children. SCC meetings are generally held on the third Monday of the month at 4:00pm with occasional schedule adjustments if there is no school that day.*
- What's new at North Star?
- SCC Roles – Chair, Co-Chair, additional parent, teacher, admin
- School LAND Trust
 - *The School LAND Trust program brings tens of millions of dollars annually to meet critical academic needs and enhance and improve academic excellence in Utah public schools. The funds are generated from the earnings on the permanent State School Fund, where revenue from school trust lands is invested. The funds are discretionary for academic instruction and play a vital role in student success.*
 - *Each district school in Utah elects a School Community Council (SCC) consisting of parents, teachers, and the principal. Charter Schools have Trust Lands Councils. All councils must have a two-parent member majority.*
 - *Each council identifies the focus of the School LAND Trust plan by carefully reviewing school-wide assessment data annually. Plans are developed to improve student academic performance in the identified areas with the annual School LAND Trust program funds. The plans are approved by the council, submitted on this website, and approved by the local school board or chartering entity.*
- Student Success Plan (SSP)
- HB 58 Presentation and Plan
- HB 58 Input from SCC
