3610-Appointment of Physicians

Regulations

The School Medical Advisor and the Sports' Team Physician are two separate and distinct positions, each having a term of one year. Their responsibilities are as follows:

School Medical Advisor

1. Be available and accessible to the Superintendent as needed to provide advice and information.
2. Arrange timely contact with reliable specialists in any and all fields of medicine as required to efficiently and effectively satisfy the Superintendent's needs.

Sports' Team Physician

1. Perform all annual physical exams for student athletes who choose to use this service.
2. Arrange for appropriate medical personnel to attend sporting events where their presence is deemed advisable or necessary.
3. Provide insurance for the above referenced medical personnel as needed while performing their duties at Board of Education events.
