PRE-SCHOOL SPECIAL EDUCATION

Policy Statement

The Trumbull Board of Education recognizes the value of special education and its responsibility in ensuring that all resident preschool children with disabilities have the opportunity to participate in special programs and services from which they may benefit. The Board authorizes the Superintendent of Schools to establish administrative practices and procedures to carry out this responsibility. Such administrative practices and procedures shall include:

1. Locating and identifying all preschool children with disabilities pursuant to the relevant provisions of the Individuals with Disabilities Education Act (IDEA). The register of children eligible to receive preschool special education services is to be maintained and revised annually by the Director of Pupil Personnel Services;
2. Ensuring that the parents of preschool age children with disabilities have received and understand the request for consent for evaluation of their child;
3. Developing an individualized education program (IEP) for each preschool age child with a disability requiring services;
4. Appointing and training appropriately qualified personnel;
5. Maintaining lists as required by the State Education Department pertaining to the number of children with disabilities who are being served, as well as those identified disabled students not served;
6. Reporting as required to the State Education Department; and
7. Ensuring the smooth transition from infant to preschool programs.

The Planning and Placement Team's (PPT) responsibilities will include the evaluation and recommendation for placement in appropriate approved programs and the provision of appropriate special education programs and services for each preschool child with a disability.

It is ultimately the responsibility of the Trumbull Board of Education to provide the appropriate approved preschool program and services for the District's children. Should the PPT's determination and recommendations differ from parent/guardian preference, placement may be appealed by a parent/guardian through the procedures outlined in IDEA.

The Board directs the Superintendent or his/her designee to ensure that the District considers that adequate and appropriate space and personnel are made available for such programs and services.
