# MISD Values

- Supporting the whole child
- Creating inclusive and equitable learning settings
- Ensuring our school communities are safe and supportive
- Providing rigorous and challenging learning

# Values Reflection

## What We Are Doing Well: Fall 2020

- Ensuring our school communities are safe and supportive
- Providing rigorous and challenging learning

## Room for Improvement: Fall 2020

- Supporting the whole child
- Creating inclusive and equitable learning settings

# Updates...

We heard though not confirmed that the Washington State DOH Decision Tree is under review and will likely be updated soon

- Anticipate there will be expansion in the metrics that will allow return of second through fifth and sixth through twelfth grade

The **Left Side** of the [Decision Tree](#) is **NOT** the Governing Part of the Document

- Cases per 100,000 + COVID-19 Health and Safety Measures + Readiness to Respond to Suspected and Confirmed Cases = Open
  - We have the second two addends in place
  - The first column is a recommendation
- Readiness to Respond to Suspected and Confirmed Cases
  - KingCo ability to respond is very stretched right now
    - Testing centers are impacted right now

# Updates from King County DOH & Bargaining

## King County Department of Health

- Go forth with current plans
- Do not make any new plans
- Very stretched with capacity to continue helping with contact tracing
  - Will be up to us without much support

## Bargaining Update

- No remaining issues for K and 1
- No remaining issues for continuing to bring students in who need supports and services.
- No remaining issues for bringing in students at risk
- New Agreements
  - Live streaming will be required when a student is ill
- Very close agreement
  - Live streaming will be permissible for teachers wanting to begin with students at risk in person

# Learning from Others: Streaming is Critical For Hybrid

- Planning for in-person, synchronous AND those who are ill is untenable- teachers are finding streaming much better in the long run
- Streaming increases instructional time tremendously
  - Without streaming, students on a block schedule have only seen their teacher in person 24 times since August

# The Four Current Tracks

# Track 1- Students and Staff In-Person Now

- Furthest down the track
- Keep moving
- Expand services
- Use new language to turn staff loose

# Track 2- Kindergarten and First

- By in large, K families have been more concerned than not with the December 2 timeline
- Health and safety of community is declining and likely to get worse after Thanksgiving
- Moving Kindergarten and First Grade start date
  - Training and Prep Kindergarten
    - January 4 & 5
  - Kindergarten start date- January 6
  - Training and Prep First Grade
    - January 14 and 15
  - First Grade start date- January 19

# Track 3- Second through Fifth Grade

- Arguable still our youngest learners
- Need to accelerate the plans for hybrid learning now that we have streaming when students are sick/ill
- We need to pivot away from thinking that remote is best and add interventions as needed
- Start thinking about how to use streaming for intervention with teachers who are willing

# Track 4- Sixth through Twelfth

- Need to accelerate the plans for hybrid learning now that we have streaming when students are sick/ill.
- We need to pivot away from thinking that remote is best and add interventions as needed
- Start thinking about how to use streaming for intervention with teachers who are willing
- Districts with experience can help based on their experience

# TRANSITION HEADLINE

Let's start with the first set of slides

*Quotations are commonly printed as a means of inspiration and to invoke philosophical thoughts from the reader.*

## IN TWO OR THREE COLUMNS

### Yellow

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

### Blue

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

### Red

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

SlidesCarnival icons are  
editable shapes.

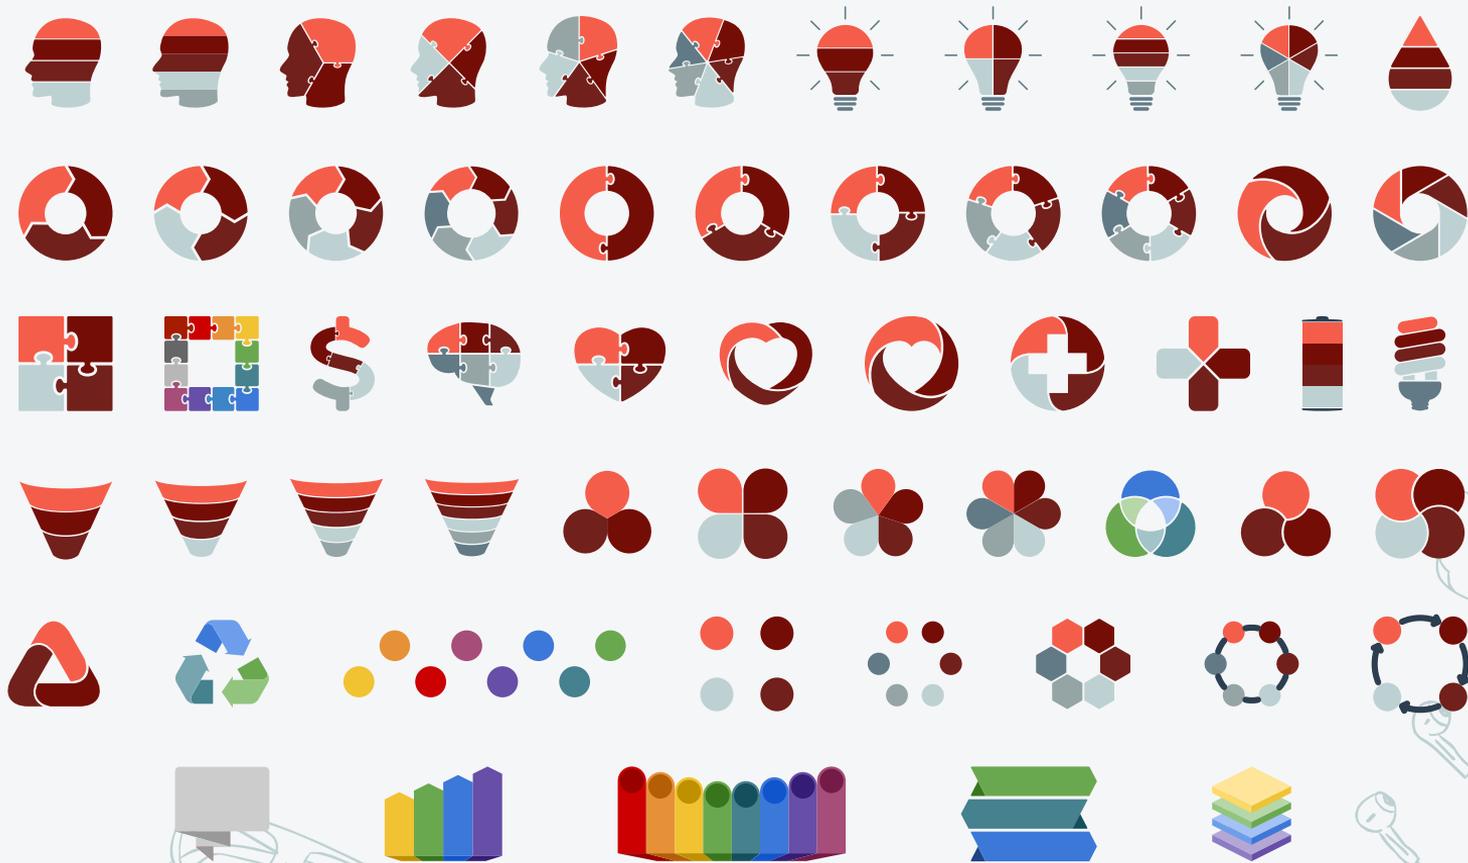

This means that you can:

- Resize them without losing quality.
- Change fill color and opacity.

Isn't that nice? :)

# DIAGRAMS AND INFOGRAPHICS

Now you can use any emoji as an icon!  
And of course it resizes without losing quality and you can change the color.

How? Follow Google instructions

and many more...
