A health plan that meets you where you are

You deserve a personalized health plan that empowers and supports your whole health. The Connecticut Partnership Plan through Anthem Blue Cross and Blue Shield offers you extensive benefits, services, and programs with the doctors you trust.

Connecticut Partnership Plan benefits include:

- An **Enhanced Dedicated Member Services** team comprised of professionals and care coordinators who are experts at resolving benefit issues of our non-State public sector employees.
- A **broad network of hospitals and doctors** in Connecticut and across the country.
- **Doctors and hospitals in nearly 200 countries** around the world through the Blue Cross Blue Shield Global Core program.
- **Digital tools** that make it easy to access your plan status; offer personalized wellness information; and guide you to preferred, high-quality care exclusive to your medical plan.
- **Preventive care covered at 100%**, as well as lower premium incentive through the State of Connecticut Health Enhancement Program (HEP).¹
- **The flexibility to choose care** from either in-network or out-of-network doctors or facilities, with cost shares adjusted accordingly.
- **Programs** for weight management, autism, quitting smoking, eating disorders, behavioral health, and substance misuse.
- **Health education resources**, plan tools, and product and service discounts.
- **Cost shares waived for chronic conditions**, such as asthma, diabetes, and chronic obstructive pulmonary disease, for those enrolled in the HEP.²

Helping you find the
right care

Control costs with the right urgent and emergency care

At least **30%** of emergency room (ER) visits are for nonemergency conditions.³ These conditions can often be treated more quickly at high-quality, lower-cost care locations. This plan includes urgent care, walk-in clinics, and telehealth options to lower your costs.

\$250⁴

ER visit copay

\$15

Urgent care or walk-in
center visit copay

Similar to an office visit copay

Telehealth/virtual care

For help deciding where to go for care, call the 24/7 NurseLine at **800-711-5947**.

A registered nurse can answer your questions and help direct you to the best place for care.

¹ For details about the Health Enhancement Program, go to cthep.com or call 877-687-1448.

² Those enrolled in the Connecticut Partnership Plan have access to many State of Connecticut programs and features, including the Health Enhancement (HEP) program.

³ Uscher-Pines L., Pines J., Kellermann A., Gillen E., & Mehrotra A.: *Deciding to Visit the Emergency Department for Non-Urgent Conditions: A Systematic Review of the Literature*. *American Journal of Managed Care* (January 2013): [ncbi.nlm.nih.gov/pmc/articles/PMC4156292/](https://pubmed.ncbi.nlm.nih.gov/24156292/).

⁴ The copay is waived, if admitted.

Guidance to high-quality care

Welcome to Anthem

When it comes to your health and the health of your family, it is important that you have access to healthcare that's right for your needs. We encourage you to take advantage of the programs and resources available to you through your Anthem plan, and to register online or download SydneySM Health, our new mobile app. See page 9 for more information.

Care Compass

Care Compass (carecompass.ct.gov) is the online home for all State of Connecticut benefit information, including the Connecticut Partnership Plan. Select the **Partnership Employee** button to be directed to your information. You will also have direct access to the HEP portal and Health Navigator, your plan's first point of contact for benefit questions.

Providers of Distinction/Centers of Excellence

To help you feel covered, protected, and confident, the State of Connecticut identified **Providers of Distinction** — doctors, hospitals, and medical care groups with verified, high-quality outcomes for some of the most common medical conditions and procedures. These providers are clearly marked with a silver trophy icon in the Providers of Distinction search tool. A doctor or location listed with a gold star has been designated a “Center of Excellence” because they have met the highest-quality standards. By choosing care with a provider listed with either the gold star or the silver trophy for a procedure, you automatically receive a cash incentive in the mail.

Common services covered in this program include:

- Hip, shoulder, and knee surgery.
- Colonoscopies.
- Bariatric surgery.
- Prenatal care and delivery.
- Cardiac procedures.

We encourage you to choose Providers of Distinction for services covered by this program. Not only will you benefit from the best care, you might also earn a cash reward. To learn more about this program and the services covered, contact Care Compass at carecompass.ct.gov/providersofdistinction or call **866-611-8005** to speak to a personal Health Navigator.

Providers of Distinction doctors and care locations are available for certain procedures and should be your first choice for high-quality care. However, we know there are many other outstanding primary and specialty care doctors covered under your State of Connecticut health plan. If you need help finding primary care doctors or specialists outside the Providers of Distinction program but in your health plan's network, contact Enhanced Dedicated Member Services at **800-922-2232** or use the **Find Care** tool at anthem.com/ctpartner.

Your first point of contact

Care Compass Health Navigators are your guides for any questions and concerns. They can help you navigate the healthcare system, find a Providers of Distinction doctor, schedule an appointment, understand your benefits, and confirm whether you qualify for a cash incentive.⁵

The support you receive from Health Navigators will be highly coordinated with Anthem's Enhanced Dedicated Member Services team to simplify your healthcare experience and connect you to the right care.

You can learn more about the program online at carecompass.CT.gov/navigator or by calling **866-611-8005**.

Health Navigator support line

All of our Health Navigators are trained to support you. They can help you understand both your plan and the healthcare system, empowering you to make better choices.

Health Navigators are available by phone, at **866-611-8005**, Monday through Friday, 8 a.m. to 10 p.m. ET.

Live interactive chat

You can also use the Health Navigator live interactive chat feature to speak with a representative. Go to carecompass.CT.gov/navigator.

Health Navigator search tool

When you choose Providers of Distinction for your care, you may be eligible to earn a cash reward. Simply look for a gold star or silver trophy icon next to the name of the doctor or care location.⁶

You can learn more about the program online and access the Providers of Distinction search tool at carecompass.CT.gov/nod.

To find Providers of Distinction care locations and confirm whether you are eligible for a reward, contact a personal Health Navigator at **866-611-8005**. You can schedule an appointment with select Providers of Distinction doctors through a Health Navigator or from your smartphone or other digital device using the Sydney Health app. Learn more about this mobile health tool in the “**Web and mobile plan resources**” section of this brochure.

⁵ The reward will vary by procedure and location.

⁶ On the Health Navigator online search tool, Centers of Excellence will appear first, clearly noted by a gold star. Doctors and locations that have earned the Providers of Distinction designation will appear next, noted by a silver trophy icon. To learn more about these designations and find doctors and care locations under your plan that are part of the Providers of Distinction program, go to members.healthadvocate.com.

Your member ID card

When you sign up for your plan, you will receive a single card in the mail for both your medical and pharmacy benefits. Make a note of these important pieces of information located on your card:

If you changed plans, you will receive a new ID card in the mail. Here is what has changed from the last version:

- 1 Your member ID number
- 2 Your group number
- 3 Your Care Compass logo
- 4 Important contact information

To avoid claims processing issues, please share your new ID card with your primary care physician (PCP), pharmacy, and any other care providers you or your dependents use under your plan. You can also download a copy online, or email and fax it to your doctor using the Sydney Health app.

Anthem Blue Cross and Blue Shield provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

Plan details

Benefit features	In network	Out of network
Outpatient mental health and substance abuse	\$15 copay per visit	20% of maximum allowable charge after deductible ⁸
Diagnostic X-ray, lab, and preadmission testing	\$0 for lab and radiology services performed by a Site of Service provider ¹²	40% of maximum allowable charge after deductible ⁸
Emergency care	\$250 copay, waived if admitted	
Routine eye exam	\$15 copay per visit; ⁷ one exam per calendar year	50% of maximum allowable charge after deductible; ⁸ one exam per calendar year
Hearing exam	\$15 copay; one exam per year	20% of maximum allowable charge after deductible; ⁸ one exam per calendar year

If you have questions about your benefits, call Health Navigator at **866-611-8005** or the Enhanced Dedicated Member Services team at **800-922-2232**.

⁷ HEP participants have the \$15 copay waived once every other year.

⁸ Plan holders are also responsible for charges above the maximum allowable charge.

⁹ Preapproval for in-network services is the healthcare provider's responsibility.

¹⁰ Preapproval for out-of-network services is the member's responsibility.

¹¹ Preapproval may be required.

¹² You must pay 20% of the rate (known as 20% coinsurance) when you use a lab and radiology provider that is not listed as Site of Service.

Online and mobile plan resources

Digital ID card

Your digital ID card works exactly like the card you received in the mail. You can email, fax, or show it to your doctors from your smartphone, computer, or other device when you make an appointment. Many doctors can also look up your digital ID card through our system.

anthem.com/ctpartner

This website features tools to help you:

- Find care.
- Estimate your costs before a procedure or service.
- View your ID card.
- See your medical benefits and claims.

Sydney Health app

The Sydney Health app makes it easier to manage your health plan. You can find what you need in one place, chat with Member Services, access LiveHealth Online, and:

- Check benefits information and claim details.
- Compare the costs for healthcare services based on your coverage.
- Search for doctors, other healthcare professionals, and facilities in your plan.
- Connect to virtual care options through LiveHealth Online.¹³
- Access and use your digital ID card.
- Sync your favorite fitness tracker.

My Health Dashboard on the Sydney Health app

My Health Dashboard connects you with wellness information that interests you — whether it is health and wellness tips, nutritionist-approved recipes, or personalized action plans — to help you reach your health goals. My Health Dashboard is tailored to your individual health journey every step of the way.

You can also use My Health Dashboard to find and connect with clinical and well-being programs for everything from pregnancy to heart disease.

Start today by downloading Sydney Health and visiting My Health Dashboard.

Aunt Bertha social services

We've partnered with Aunt Bertha (auntbertha.com, now also known as findhelp.org) to help you find no-cost and reduced-cost programs to assist with important needs such as food, transportation, and job training.

Visit anthem.com/ctpartner to find out which resources are available near you.

ianacare

The ianacare app helps you create your own private community group of friends, family, and contacts to provide support and coordinate daily caregiving tasks. To begin, download the app today.

Download the Sydney Health app today

Find Care

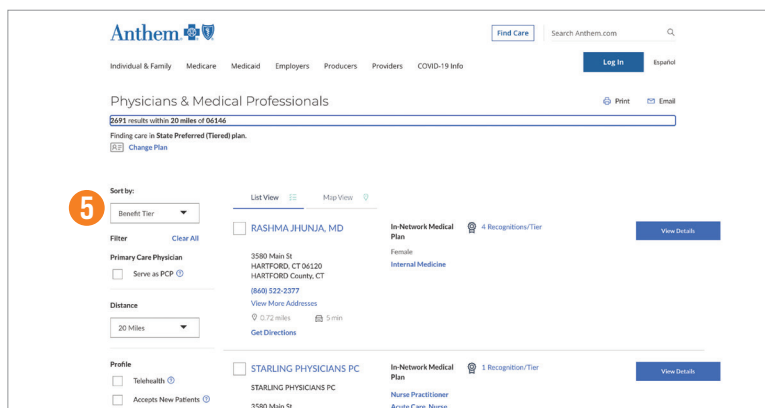

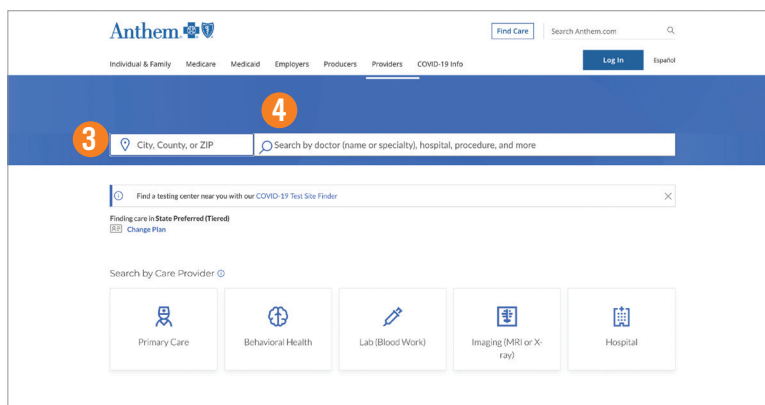

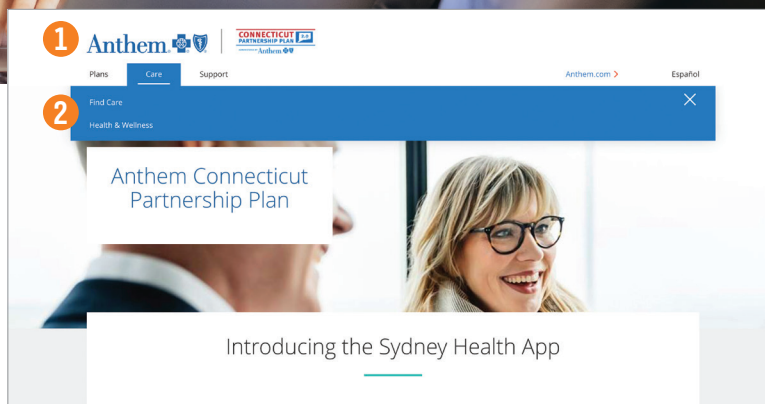

The Find Care tool can be found on anthem.com/ctpartner or through the Sydney Health app. It helps you locate high-quality, local health professionals in your plan, including doctors who are accepting new patients. It can also guide you to the best care for you, using:

- Specialties and quality ratings.
- Centers of Excellence and Providers of Distinction designations.
- Side-by-side comparisons of care providers.

Find Care search instructions

- 1 Log in to anthem.com/ctpartner.
- 2 Select **Find Care**.
- 3 Enter a ZIP code.
- 4 Search by physician type, name, or license number.
- 5 On the results screen, you can apply additional search criteria, like distance, areas of expertise, recognitions, languages spoken, and gender.

Be sure to register for a secure account on anthem.com/register to make the most of your benefits and our navigation tools.

Orthopedic care

Your health plan provides a new way to deliver orthopedic care. Members can visit online with a healthcare professional about any orthopedic injury or condition. The healthcare professional will identify the cause and a course of treatment — whether through telemedicine visits, home-based therapies, or referrals to specialists in the plan's network. This service is offered at no additional cost. Here is how Upswing works:

1. Visit upswinghealth.com/ct. Enter your name, email, and date of birth.
2. Use the Symptom Checker to enter information about your condition or injury.
3. An Upswing coach will contact you, usually within minutes.

The coach may provide:

- Lifestyle advice.
- A custom, video-based rehab or exercise program.
- Advice to go directly to the emergency room or an urgent care center.
- A referral to an Upswing physician specialist. If needed, the physician specialist can provide a referral for an in-person visit with an orthopedic specialist, who sees Upswing patients on an expedited basis.

Additional health solutions

Physical and occupational therapy

Physical and occupational therapy (PT and OT) can be essential for an active, independent life. Your Connecticut Partnership employee health plan covers PT and OT services from in-network and out-of-network healthcare professionals. All PT/OT service requests from a doctor are subject to a medical necessity review by our Utilization Management partner.

Here is how that works:

1. You receive an initial evaluation for PT/OT.
2. The treating therapist submits an authorization request and a medical necessity review.
3. A specialist reviews the application against clinical guidelines to ensure the assessment and proposed treatment plan are appropriate.
4. Both your therapist and you receive a letter telling you if the treatment plan is approved.
5. You receive the care and treatment you need.

Imaging, labs, and diagnostic X-rays

Under your plan, you will have 100% coverage (\$0 copay) for lab tests, X-rays, and high-cost imaging services, like MRIs, if you select an exclusive State of Connecticut Site of Service care provider.

If you have lab or radiology services performed during a PCP or specialist's office visit, you will have 100% coverage for these services as well.

If you decide to access these services from providers outside the Site of Service program, the plan will cover 80% of the cost. So you will have a 20% cost share for outpatient lab tests, X-rays, and high-cost imaging services. If you use a provider that's not in your plan's network, the plan will cover 60% of the cost.

Mammograms, ultrasounds, and pathology

Testing for cancer and other acute and chronic diseases are an important part of being your trusted health partner. Pathology, breast ultrasounds, and mammography services are covered under your plan, but they are not subject to the Site of Service program.

The State of Connecticut preferred network

Under your plan, there is no office visit copay for you or your covered dependents when you visit a PCP in the plan's preferred network. The same is true of certain specialists who are identified as value-based providers.¹⁴

Our preferred network care PCPs and specialists are grouped into two levels to help you find value and savings.

Choosing care from doctors in Value Tier 1 saves you the most.

If you select a Value Tier 1 PCP or specialist, you have no office visit copay. Doctors in this tier participate in the **State of Connecticut's preferred network** or have the proven ability to deliver quality care at a lower cost — a savings that your plan passes on to you.

In addition to PCPs, here are the specialties that are part of Value Tier 1:

- Allergy and immunology
- Cardiology
- Ear, nose, and throat (ENT)
- Obstetrics-gynecology (OB-GYN)
- Ophthalmology
- Orthopedic surgery
- Rheumatology
- Urology

Select the **Find Care** tool on [anthem.com/ctpartner](https://www.anthem.com/ctpartner) for a full list of in-network Connecticut PCPs and specialists in Value Tier 1. For help, call Health Navigator at **866-611-8005**.

Choosing other in-network doctors outside Tier 1 gives you access at your current \$15 copay.

If you see an **in-network** PCP or specialist outside of Value Tier 1, you will still be covered at the in-network level, but you will pay the plan's \$15 office visit copay.

Under the benefit, you have the same broad access to network doctors and hospitals as you have today. You will receive the same preventive care benefits, too.

14 The tiered benefit under your State of Connecticut health plan applies to primary care physicians and the following medical specialties: allergy and immunology; cardiology; ear, nose, and throat (ENT); endocrinology; gastroenterology; obstetrics-gynecology (OB-GYN); ophthalmology; orthopedic surgery; rheumatology; and urology. The tiered benefit does not apply to State BlueCare Prime Plus plans. The State of Connecticut's preferred provider network is different from the State of Connecticut's Providers of Distinction program. This benefit does not apply to the State's Providers of Distinction program.

Behavioral health resources

The Connecticut Partnership Plan is committed to supporting your emotional well-being. If you or a family member needs behavioral healthcare, you have access to many helpful resources.

Child and Family/Guardian Outreach program

This program works with parents or guardians who have children receiving behavioral health services in a hospital setting. One of our care managers will reach out to you within 48 hours of your child's admission. The care manager will:

- Help you understand what to expect from the doctors and hospital while your child is there.
- Make sure your family is involved with your child's care.
- Answer your questions and let you know about other available resources.
- Involve your child's regular behavioral health provider (if they have one).
- Discuss a treatment plan with you for when your child goes home.
- Keep working with you once your child is home.

LiveHealth Online Psychology

Your plan offers LiveHealth Online Psychology to connect you to a licensed therapist or psychologist online. Visit anthem.com/ctpartner or the Sydney Health app to register. Then, you can schedule a two-way video visit within four days. Members and their dependents age 10 and older are eligible for this service.^{15,16}

Autism Spectrum Disorder (ASD) Program

If your child falls somewhere on the autism spectrum, your family may need support services. The ASD Program focuses on the entire family, creating a strong system of care. It includes:

- **A clinical review of applied behavior analysis.**
A highly trained team of licensed clinicians specializing in ASD will ensure your child receives the care required for their individual needs.
- **Community resources and family support.**
The ASD team connects the whole family to educational materials and other resources, so you can better understand your child and take part in treatment.
- **Coordination of care.** ASD case managers guide you through the healthcare system and address your unique challenges with a customized care plan. This plan will include and connect all of your child's healthcare professionals.

To learn more, call an Anthem Behavioral Health care manager at **888-605-0580**.

¹⁵ Prescription availability is defined by physician judgment and state regulations. Psychologists or therapists using LiveHealth Online cannot prescribe medications.

¹⁶ Appointments are subject to the availability of a therapist. Online counseling is not appropriate for all kinds of problems. If you are in crisis or having suicidal thoughts, it is important that you seek help immediately.

Please call the National Suicide Prevention Lifeline at 800-273-TALK (800-273-8255), or 911 for help. If it is an emergency, call 911 or go to your nearest emergency room. LiveHealth Online does not offer emergency services.

Intensive In-home Behavioral Health Services (IIBHS) for children, adolescents, and young adults

In-network access to many innovative in-home programs for members ages 3 to 24 with complex psychiatric or substance use challenges is available to you and your dependents under your health plan. These programs are for those who are at risk or have a history of going to the emergency room or needing inpatient or residential treatment.

Members are usually referred to these programs by an emergency department, inpatient facility, or Anthem care manager.

Aware Recovery Care (ARC) for drug and alcohol addiction

ARC provides long-term substance use disorder treatment, including withdrawal management and medication-assisted treatment (MAT), in the comfort, privacy, and security of a patient's own home. The ARC program:

- Provides a full year of treatment at a cost similar to a typical, 28-day inpatient stay.
- Works with your current doctors and clinicians to give ongoing, individualized medical and psychiatric care.
- Includes frequent drug and alcohol screenings.

To learn more, call **203-779-5799** or go to [awarerecoverycare.com](https://www.awarerecoverycare.com).

Wheeler Clinic Substance Abuse Treatment and Recovery Services

Wheeler Clinic is a community health center that provides in-home substance use disorder treatment for adults and families. For complex substance use disorders, Wheeler Clinic also offers a Recovery Care Facilitation program.

For more information, call Wheeler's Navigation Center at **800-793-3588** or go to [wheelerclinic.org](https://www.wheelerclinic.org).

Virtual opioid addiction treatment

Kaden Health offers secure, web-based treatment to members and their family who are misusing or overusing opioids. To learn more, visit [kadenhealth.com](https://www.kadenhealth.com).

Eating Disorder Management program

This program, staffed by nurses, master's degree-level clinicians, psychologists, and dietitians, can help you and your family identify and face complex eating disorders.

- You will be contacted by the program if you have been admitted to any intensive level of care for eating disorder treatment. This includes inpatient care as well as intensive outpatient, partial hospitalization, and residential treatment programs.
- If you are enrolled in the program, one of our care managers will work with you to ensure you are receiving the support you need.

SpecialOffers

Connecticut Partnership Plan members can visit and log in to anthem.com/ctpartner to find special discounts on products and services that encourage healthy habits.

Fitness and health

Active&Fit Direct®	Offered through American Specialty Health Fitness, Inc., Active&Fit Direct allows you to choose from 11,900+ participating fitness centers nationwide and 8,700+ guided home workout videos for \$25 a month. **CONNECTICUT
PARTNERSHIP PLAN** 

ADMINISTERED BY **Anthem** 

Sydney Health is offered through an arrangement with Carelon Digital Platforms, a separate company offering mobile application services on behalf of your health plan. ©2020-2022

In addition to using a telehealth service, you can receive in-person or virtual care from your own doctor or another healthcare professional in your plan's network. If you receive care from a doctor or healthcare professional not in your plan's network, your share of the costs may be higher. You may also receive a bill for any charges not covered by your health plan.

LiveHealth Online is the trade name of Health Management Corporation, a separate company, providing telehealth services on behalf of Anthem Blue Cross and Blue Shield.

Anthem Blue Cross and Blue Shield is the trade name of Anthem Health Plans, Inc. Independent licensee of the Blue Cross and Blue Shield Association. Anthem is a registered trademark of Anthem Insurance Companies, Inc.
