

Homework Tips for Parents

Make sure your child has a quiet, well-lit place where studying and reading can occur.

Make sure the resources your child needs (paper, pencils, dictionary) are available.

Establish a routine time for homework and special projects and allow for balanced leisure activities.

BE POSITIVE!!!

When your child asks for help, provide guidance, not answers.

When the teacher asks that you play a role in homework, do it.

If homework is meant to be done by your child alone, stay away.

Stay Informed!

Help your child figure out what is hard homework and what is easy homework.

Watch your child for signs of failure and frustration.

Encourage games and leisure time activities that require reasoning, computations, and problem-solving skills.
