November 2022

Dear Parents and Students,

Mercer County Schools will participate in Titan Learning Days. These are non-traditional school days. In case of inclement weather or health concerns, the Superintendent will designate some of the days as Titan Learning Days. The purpose of these days is to continue instruction and student learning.

The district website, One Call, Facebook, Twitter and district app notification will post when Mercer County will use a Titan Learning Day. Students will have assignments posted in Google Classroom to work on that day. Completed assignments need to be turned in online. Students with limited access can get their assignments early or wait until they are back in school.

Teachers will be available from 8:00-3:00 pm for any questions about assignments. Teachers will be sharing how students can reach them in the next few weeks. Please make sure you know how to reach your child's teacher for questions.

Thank you for your continued support of Mercer County schools. If you have any questions, please contact your school.

Sincerely,

Jason Booher, Superintendent
