

Activate your SCOIR account!

SCOIR (pronounced “score”) is a new college planning website the district is using to help you prepare for and navigate the college search, selection and application process. FHSD chose SCOIR because of its ability to help students discover colleges that match their personal as well as academic interests and its use of pictures, tags, and social links that make learning about different colleges more interesting. SCOIR also has financial tools for parents to calculate an accurate cost of attendance that will help you decide whether to apply.

All you need to activate your account is an email address (one that you will check and know how to log into it) and your student ID #.

- ❖ Type in the following registration URL into your browser address bar (not google search). Make sure you enter it exactly as it appears:

<https://app.scoir.com/signup?hsid=262851>

- ❖ You will then be prompted to enter an email address. You can enter any email you choose but it should be one that you are going to check frequently and know how to log into. Communication about college planning from SCOIR & FHC will be sent to this email. If you do not get directed to this screen you may have mistyped the URL. Try retyping it.
- ❖ After you enter your email you need to log into your email account and you should have a confirmation email from SCOIR that says “Welcome to SCOIR”. If you do not see the email in your inbox, check your SPAM/JUNK folder.
- ❖ Open the email and click on the orange “Complete Registration” link in the email to finish registering your account.
- ❖ Once you click on the link in the SCOIR email you will follow the prompts to finish registering your account. Enter your student ID # (your 6-digit lunch number) and your 8 digit birthdate (MM/DD/YYYY). **Click the blue VERIFY button.**
- ❖ Check the boxes confirming you are over 13 and not a robot and then create a password to Sign up.
- ❖ You will always login to SCOIR with the email & password you registered with. We cannot see your password so if you forget your password, you will need to click the “Forgot password link” and SCOIR will email you a new password.
- ❖ Once logged in, you’ll find a brief video on the main search page to help you get started.

***If you have any problems activating your account (i.e. unable to activate, never received the email from SCOIR, etc...) please sign up to meet with Mrs. Breuer, College & Career Counselor, and she will follow up with you in the next few weeks to help you activate your account.**
