

A. W. BEATTIE CAREER CENTER

SECTION: PROPERTY

TITLE: FACILITIES PLANNING -
BUILDING & GROUNDS

ADOPTED: June 24, 1999

REVISED &
APPROVED: November 15, 2018

701. FACILITIES PLANNING - BUILDING & GROUNDS

1. Authority

The Joint Operating Committee directs that the Executive Director over see an ongoing plan to ensure that the Career Center meets all required education and industry standards.

Policy 100

The involvement of the Joint Operating Committee consortium district, staff, parents, community and business leaders is a vital part of this process. Facilities planning is a component of the Comprehensive Planning process.

2. Delegation of
Responsibility

The Executive Director at each scheduled JOC meeting shall report student enrollment. The Executive Director will report as needed conditions of the Career Center related to the physical plant through verbal or written communications.

3. Guidelines

Enrollment and withdrawal of students is a coordinated effort between the Career Center and consortium school districts.

SC 701, 704

When planning to modify or enlarge the Career Center, the Joint Operating Committee shall consider not only the number of students whose educational needs must be met, but also the physical and the required industry recognized equipment to meet those needs.

42 U.S.C.
Sec 12101 et Seq.

The Career Center campus shall provide suitable accommodations to carry out the designed educational program, including provisions for the ADA compliance pursuant to applicable laws and regulations.
