

**Shawnee Mission School District
Bid 23-001 – Ice Melt
January 5, 2023**

Addendum No. 1

The following response addresses questions submitted by vendors on January 4, 2023 and January 5, 2023; responses to the questions are indicated in **bold**. If you feel that a question has not been addressed, please contact Reed Beebe at purchasing@smsd.org as soon as possible.

1. Based upon information listed in the Public Purchase network, vendors have the option to upload bids to Public Purchase, or vendors can submit physical copies of the bids to the District. Is this correct?

Yes; as outlined in the ITB on page 2 (“Bid Response Instructions”), the District prefers that bids be submitted electronically as outlined in Attachment C. However, vendors wishing to submit sealed hard copy bids may do so by following the submission instructions outlined in the ITB.

2. How much did the District pay per bag for potassium chloride last year?

The District’s most recent cost per bag for potassium chloride is \$26.52 for a 50-pound bag.

Clarification of ITB Number:

Due to a typographical error, the issued ITB lists the bid number as “22-029” beginning on page 8 of the ITB document; please note that the correct ITB is number the one listed at the beginning of the document, “23-001.”

End of Addendum No. 1
