

JANUARY 2023

OSHKOSH  
AREA SCHOOL DISTRICT

# OSHKOSH AREA SCHOOL DISTRICT PROJECT PROGRESS REPORT

## CONSTRUCTION UPDATE

At Vel Phillips Middle School, the project remains very active with more contractors on-site than ever before. While construction in the winter months can be challenging, Miron Construction continues to make great progress as we enter the coldest months of the year. This project is in many different phases where the roof joists and roof are being placed on the third floor, the last of the exterior walls will rise in January, and finishes like paint are starting to be applied to the walls.

## PLANNING & DESIGN UPDATE

As it relates to the other projects on the Oshkosh Area School District's plate, it has been a busy month working through the bidding process on the New Elementary School building and the Secure Entry Projects at Read ES, Oakwood ES, North HS, and West HS. In conjunction with these processes bidding out, the Oshkosh Area SD has received bids for moving services and abatement work tied to all of the projects for this upcoming summer. It is going to be a busy summer for the district as they move two middle school communities into Vel Phillips Middle School and move the Webster Elementary school community over to the Merrill building as a temporary home. Lastly, the New Elementary School naming survey wrapped up in January, and the results of the survey will be presented to the school board on January 11.

## WHAT'S NEXT?

- » Construction is at full speed at Vel Phillips Middle School: masonry walls in the music area, stud walls throughout, roofing on the third floor, ductwork/piping, electrical infrastructure is in place, drywall is being hung, and paint is starting to be applied.
- » The Secure Entry projects will receive bids on January 12, 2023.
- » The New Elementary School project will receive bids on January 19, 2023.
