Having a Parent Account in Schoology is like having two accounts:

1. Your personal account, with your own name and information;
2. Your Child Activity view. From here, you can view Schoology from your child's perspective, see what he or she sees, and receive updates about his or her activity.

Start by...

Clicking on the arrow in the upper-right corner, next to your name, and then select your child's name to switch into his or her account. The check mark in this drop-down menu indicates which account you are currently viewing.
