

# Peer Educator Application

## For Specialized PE Class

Sycamore High School is offering a physical education class that involves students teaching their peers in physical education. As an extension of the physical education curriculum, these “peer” educators will be assisting during the special needs adapted physical education class. Students interested in learning more about teaching, physical therapy and adapting physical education concepts or working with students with physical and intellectual disabilities should apply.

Course Description - Peer educators will have opportunities to assist in demonstrations, lead group activities, participate with and teach one-on-one or in small groups with the Specialized P.E. students. Dressing for class is required. Students will be receiving credit for graduation the same as regular physical education class students. Students must have 1) **junior or senior status** to apply, 2) **complete** questionnaire below and 3) be **recommended** by a PE department member to be eligible for consideration.
