DARIEN PUBLIC SCHOOLS

Darien, CT

STUDENT REGISTRATION PROCESS

The Darien Family Connection provides an online registration process, which allows families to register new students online. Student registration forms can be saved and edited until parents choose to submit the data. Once submitted, the new student registration information will still be available for viewing; however, you will not be able to edit after submitting. Parent/guardian information will automatically populate for families who have a student currently or previously enrolled in the Darien Public Schools.

Option 1: For families with currently registered students or previously registered in District and have an Aspen Portal Account

Existing families with an active Aspen Portal Account can access the Darien Family Connection portal by logging onto their Aspen Portal account using their username and current password. To log onto Aspen: https:/aspen.darienps.org

If you have forgotten your password, select the "I forgot my password" on the log in page and one will be emailed to you. If you need further assistance, you can email Aspen support at: aspen@darienps.org

Once you have logged into your Parent Portal Aspen account, click the "here" link to begin the registration process and you will be taken to the Darien Family Connection.

Option 2: For families new to the Darien Public Schools without an Aspen Portal Account

Those families who are new to Darien Public Schools and families that do not have an active Aspen account may use the following steps to create a new account to register students:

1. Go to the Darien Family Connection: https://ct-darien.familyconn.com
2. Click **Create Account**.
3. A window will appear. Enter parent/guardian first name, last name, email address, and create a password.
4. You will receive an email requesting account information. Follow the instructions in the email to activate. *Please check your SPAM or junk folder if, after a few minutes, you do not see the email in your inbox.*

5. Once your account is active, log into the Darien Family Connection using your username (email address) and password.

6. Click on the **Register New Student** button.

7. There are 7 pages to complete. You may save the form and return to the registration at any time by selecting the green Save and Return to Home button at the top of the page. The following information will need to be completed:

a. Student information

b. Proofs of Residence

c. Release of Information
