This is a full year 3-period Skill Center class (3 high school credits). In this advanced course, students learn the techniques of mixing, shaping, and folding while applying the science and math behind baking. Students practice how to successfully make quick breads, decorated cakes, pies, mousses, sauces, custards, frozen desserts, cookies, and confections. They gain expertise in highly skilled techniques such as sugar decorating and chocolate garnishing in a well-equipped, industry-standard kitchen and prepare food for student presentations, school functions, and community service events.

This course includes classroom instruction and practical lab work in a commercial kitchen.
