

Credit Check

- ▶ Decide what classes to request for next year based on classes and credits you still need; on the back of your registration form is a list of elective classes
- ▶ Remember, if you are enrolled in a world language or math class and you wish to continue, be sure to register for it next year and don't take a year off
- ▶ Personal Pathway options are available in math, world language, PE, and art per your High School and Beyond Plan. Please meet with your counselor for further information.
