There are several courses that have (apply) by their course numbers. You will need to check in with those teachers to see how to get into their courses.

Some teachers might have you audition like in choir. Others might have you complete an application. Some might even just talk to you and let you know if you are able to be in their program.

It is up to YOU to do this part. Each application course has their own deadlines so I would reach out to those teachers as soon as possible.

Prerequisite and Audition/Try Out Courses

We have many courses to choose from and some have prerequisites and others have auditions/tryouts.

PREREQUISITE EXAMPLE: If you want to take foods classes, you need to have Focus on Foods and then you can take Advanced Foods OR International Foods.

AUDITION/TRYOUT EXAMPLE: If you want to be in the top choir, you will need to audition w/Mr. Cross to make the top choir. Several courses that have audition/tryout options are in music, video production, cheer, and dance.

Alternate Courses

We cannot guarantee all the courses you choose for your seven classes will be available. So, we need your help by listing a few alternates that you would be interested in taking.

Please choose wisely. We appreciate your help.
