

# LEARNING FAIR

## Bulletin #4

### Setting Up Your Display

*It's almost time to share your project...I hope you have had fun doing your Learning Fair project!*

The morning of Thursday, Jan. 26th is the time to bring your project to school and set it up. (IF you finish your project before then, please go ahead & bring it to school. Mrs. Simmons will store it for you until Thursday.) Otherwise, on Thursday morning just take your project to the gym before school.

There will be tables set up and marked for Kindergarten - 3rd grade. A teacher will help you find just the right spot for your project.

*On Thursday and Friday morning school classes will be visiting the Learning Fair to view the informative project you created.*

Your parents, siblings, other relatives, & friends are invited to view the Learning Fair projects on Thursday from 3:30-6:30.

Your hard work has paid off in lots of fun and learning for yourself along with everyone who gets to see your project...

*Congratulations on a job well done!*
