

# Pop Culture

**Join us as we learn about the history of pop culture and how music, sports, television, and games have reflected and impacted society**

**Semester-long Social Studies elective open to all grades**

---

# World Religions

Register for the elective class that will **open your mind** and **enhance your understanding** of belief systems and cultural practices around the world!

# FIND YOUR VOICE

## Social Justice Elective

.5 Social Studies credit, open to grades 9-12

An interdisciplinary sociology course that explores themes of race, gender, socio-economic class, and the climate. We investigate how social movements can transform communities, cultural norms, and institutions to make the world a better place for everyone.

Learn some of the tools needed to become successful change makers through film analysis, seminars, games, and creative projects in a relaxed environment.
