

Empowering Greatness: Performing Arts

Performing Arts Studio and Facility Storage – \$3,400,000

- Create a performing arts studio that will accommodate our growing choir program, which has exceeded the capacity of the current space in the Cunningham Fine Arts Center.
- This facility will include needed space for storage, clothing, and equipment needs for performing arts.
- Allow flexible space for other co-curricular activities.
- Secondary benefit – reallocate existing space in Cunningham Fine Arts Center for band practice room expansion and storage.
