Parents/Guardians:

Do you want access to your child's grades, schedules, and attendance at all times? Easy access is possible by using Infinite Campus Parent Portal!

What is Infinite Campus Parent Portal?

Infinite Campus Parent Portal allows parents real-time access to student schedules, grades, and attendance via a secure login. The most popular component of Parent Portal is the ability for parents to access detailed assignments and grades for their students as they are entered by teachers.

How do I Get Access to Parent Portal?

To obtain your login information, contact your child's school and ask for a "Parent Portal Login" to be created. Please allow 2 business days to pickup your portal login. After two days, go to the school with a Photo ID and you will receive your "Activation Code". Once you have your "Activation Code", go to the website address listed below and enter the code. You will then create a username and password. If you have children at different schools you only need to contact one school for your "Activation Code". The username is valid for all students in your household.
