APPLING COUNTY MIDDLE SCHOOL

MIDDLE SCHOOL PROGRAM

2023-2024

Appling County Middle School will be using the middle school concept for the 2023-2024 school year. This concept is designed especially for students in grades six, seven, and eight to help ease the transition from elementary school to high school. It provides for the expansion of the basic skills learned at the elementary level and allows for more curricular opportunities. This new program also provides more time for teachers to discuss and plan for student needs.

The Appling County Middle School Program contains grades 6, 7, and 8. The school has a full-time principal, assistant principal, guidance counselors, mental health counselor, instructional support specialist, and media specialist.

LANGUAGE ARTS/READING

The English/language arts and reading course involves the development of skills in reading, writing, listening, speaking and viewing. Students are instructed in reading, literature, the writing process, grammar, spelling, speaking and listening skills, and vocabulary development. Our approach to the ELA program is an integrated one based on the philosophy that effective communication is one of the most important skills a person learns. Writing instruction will include accuracy in usage, punctuation, and spelling as students write for real purposes and real audiences. Writing instruction will be aimed at developing fluency, appropriateness, depth, and effectiveness. The study of novels will enhance the reading text and allow students to view authors' techniques of writing for appreciation and as a means to improve written expression.

MATHEMATICS

The mathematics program at the middle school implements Common Core Georgia Performance Standards. The program focuses on engaging the students in the development of mathematical understandings, comprehension of mathematical concepts, and critical thinking. The primary emphasis will be on helping students realize connections between mathematical concepts and solving real world problems. The new math program is characterized by an increased rigor which sets high expectations for all students.

SCIENCE

The middle school science program is designed to give students the scientific background they need for the more specific high school science courses. The approach is, to the greatest extent possible; a research based "hands-on," learning experience. Students solve problems using the scientific method: forming hypotheses, specifying procedures for proving or disproving the hypotheses, and formulating conclusions. Sixth graders focus on earth science. Seventh graders focus on life science, and eighth focus on physical science. We believe that all students need to know the basics of science and the scientific method in order to understand the complex and ever-changing world in which we live.

SOCIAL SCIENCES

The social science program at the middle school uses an area studies approach in which students examine geographic patterns, as well as historical, political, social, and economic development of specific cultural regions. The cultural areas studies include Latin America, Asia, Africa, Australia, and Oceania. Eighth grade students study a cultural area a bit closer to home--Georgia. The Georgia studies program uses the same cultural studies approach to examine the geographic, civic, historical, and economic factors, which have worked to make Georgia unique. Both Seventh and Eighth grade students briefly investigate the geographical and historical development of Appling County. Social science skills, including map and globe usage, time and chronology, socialization and democratic leadership, information processing, and problem solving are interspersed throughout the curriculum. Social studies lessons incorporate literacy skills in both reading and writing.

HEALTH AND PHYSICAL EDUCATION

The health program at the middle school level provides instruction in preventing the spread of communicable diseases; the use and abuse of drugs, alcohol, and tobacco; coping with physical, social, and mental stress; nutrition; Red Cross First Aid, and CPR; and sex education. The physical education program stresses the importance of physical activity as a worthwhile use of leisure time throughout life. It helps students develop the ability to set personal fitness goals, develop a fitness program, and carry out the program and evaluate the results. The program also helps students understand the basics of cooperation, competition, and leadership by providing a variety of opportunities for participation in individual, dual and team sports. Students are required to wear tennis shoes for physical education, so that they can be active participants in the program.

GIFTED

Appling County Middle School believes that identified gifted students should receive a challenging and diverse curriculum, which provides opportunities to enhance and maximize the high ability levels of students through acceleration, critical thinking, and real world problem solving activities. These identified gifted students exist within the student body population and are found within all socioeconomic, gender, and ethnic groups. Because these students display exceptionally high abilities in academics, creativity, and/or leadership areas, a differentiated curriculum is provided to gifted students through an advanced content class delivery model or cluster grouping model. Students are provided a course syllabus or contract to document differentiation and outcomes.

Students may be referred for consideration to receive gifted services by counselors, school administration, teachers, parents or guardians,

peers, or others with knowledge of the student's advanced performance in specific areas. Students who score at specific levels on norm referenced tests are considered automatically for further assessment to determine eligibility for gifted services. Written consent is obtained prior to testing or placement into the gifted program (160-4-2-.38). A gifted referral form is posted on the school's Web page and is available in the school's administrative office.

STUDENT EDUCATIONAL RECORDS

As a parent, you have the right to (1) inspect and review your child's records; (2) request the amendment of your child's records which you believe are inaccurate, misleading, or otherwise in violation of the student's privacy rights; (3) provide consent to disclosures which are allowed by law without parent permission; (4) file with the U.S. Department of Education a complaint concerning alleged failures of the school or system to comply with these requirements. School officials defined as certificated employees of the school system may have access to records on a need to know basis. If you wish to review, inspect, or request an amendment of your child's educational record you should contact your child's Principal. When a student reaches 18 years of age or is attending an institution of postsecondary education these parent rights transfer to the student.

The Appling County School System forwards education records to other schools that have requested the records and in which the student seeks or intends to enroll.

NOTICE OF DIRECTORY INFORMATION

The Appling County School System, with certain exceptions, must obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Appling County Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the school system to the contrary in accordance with system procedures. The primary purpose of directory information is to allow the school system to include this type of information from your child's education records in certain school publications. Examples include: A playbill, showing your student's role in a drama production; The annual yearbook, honor roll or other recognition lists; graduation programs; and sports activity sheets; such as for wrestling, showing weight and height for team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. Schools must provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the school that they do not want their child's information disclosed without their prior written consent.

If you do not want the Appling County School System to disclose directory information from your child's education records without your prior written consent, you must notify your child's Principal in writing within ten (10) school days of receipt of this notification. The following information has been designated as directory information: student's name; address; telephone listing; photograph; date and place of birth; major field of study; dates of attendance; grade level; participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors, and awards received; and the most recent educational agency or institution attended.

We are required to meet federal regulations under the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the No Child Left Behind Act of 2001 (NCLB) related to teacher qualifications. In compliance with the requirements of the ESEA/NCLB, you have the right to request information about your child's teachers' training and credentials. The following information may be requested:

ASBESTOS MANAGEMENT PLAN

Annual notification relative to asbestos management plans is hereby provided for parents/guardians of all students who attend classes in Appling County Schools. Each school has an Asbestos Management Plan that shows the location of materials that contain asbestos or materials that are assumed to contain asbestos. The plan is on file in the principal's office and may be reviewed or obtained during normal business hours. Annual notification is required even if the school contains no asbestos.

ADMISSIONS

Effective April 15, 1996, Appling County Board of Education policy requires students to be residents of Appling County in order to be enrolled. Nonresident students who enrolled prior to this date will not be subject to this requirement; however, nonresident students who withdraw will not be allowed to reenter.

All students requesting first time admission to Appling County Middle School shall be admitted only upon being enrolled by (1) a parent of the student; (2) an adult who may be caring for the child under court order or has been awarded legal custody of the student by any court in this state or in any other state; or (3) an adult with whom the student actually resides and who is exercising parental control over the student pursuant to the consent of the parents of the student or the abandonment of the student by the parents.

The principal shall require from any adult who is not the parent of the student proof of legal custody or a certificate setting forth the circumstances whereby the adult is exercising parental control. The principal shall make reasonable inquiry to determine the truth of the facts set forth in the certificate. Upon furnishing the required proof or certificate and, appropriate verification of the facts set forth therein, the adult, parent or legal guardian enrolling the student shall be deemed the legal authority of the student for all school purposes. However, a parent, legal guardian, or an adult acting in the place of the parent may not enroll a student, if the purpose of the student residing with such adult is to avoid tuition as a nonresident or to avoid a suspension or expulsion imposed by our school or another school district.

A birth certificate, acceptable transfer papers, immunization certificate, and any other additional documents as required by statute or School Board policy shall be required of each student prior to formal school admission. Out of state students who produce transfer papers without a certificate of immunization will have 30 school days to produce this certificate. If at the end of this 30-day period such papers have not been produced, the student will be dropped from school until this requirement has been met.

A transferring student applying for admission to ACMS must provide a certified copy of his/her disciplinary record from the school previously attended. In lieu of complying with this condition, a transferring student may be admitted on a conditional basis if he/she and his/her parent or legal guardian executes a document providing the name and address of the school last attended and authorizing the release of all academic and disciplinary records to the school administrators.

The student or his/her parent/guardian shall also disclose on the same document as the release disclosure whether the child has ever been adjudicated guilty of the commission of a designated felony act as defined in Code Section 15-11-37 and, if so, the date of such adjudication, the offense committed, the jurisdiction in which such adjudication was made, and the sentence imposed. The student or parent/guardian shall also disclose whether the student is presently serving a suspension or expulsion from another school, the reason for the discipline, and the terms of the discipline.

Child with identifiable handicaps will be formally admitted only upon the recommendation of an officially held Special Education Meeting. Services will be provided and class assignments will be made as directed by this committee. The principal may make temporary assignments until a Special Education Committee meeting can be held.

Any student who voluntarily withdraws or is administratively withdrawn from school will be allowed to reenter the following semester under these guidelines: (A) The age limit has not been surpassed for school attendance; (B) The parents or guardians along with the reentering student and the school administrator must sign a contract which stipulates conduct, attendance requirements, and penalties for future withdrawals; (C) The student must reside in Appling County.

HB 251 PUBLIC SCHOOLCHOICE

Parents of K-12 public school students in Georgia now have the option to enroll their child in any school within the local school district which they now reside. The law requires, among other things, that each school district implement a universal, streamlined process to manage such transfers by July 1 of each year.

Features of House Bill 251:

- A parent/guardian can elect to send a child to another public school in the same school district as long as there is classroom space available at the school after its assigned students have been enrolled;
- If a parent elects to exercise this choice option, the parent assumes all costs associated with transporting the child to and from the selected school;
- A student who transfers to another school pursuant to this law may continue to attend such a school until the student completes all grades of the school;
- If a parent request a transfer to a school that does not have the services required by the current Individualized Educational Plan (IEP) or Individualized Accommodation (IAP), nothing in the law requires the school to develop those services as long as they are available within the local school district;
- Any student transferring under this law shall be subject to the eligibility requirements of the Georgia High School Association.

RULES, GUIDES, AND POLICIES 2023-2024

Any rule, guide or policy written herein is done so for the benefit of all students. Students are requested to pay particular attention to all safety rules listed.

NON-RESIDENT STUDENTS

The students whose home or place of residence is in a county other than Appling County are not to attend school in this county. Exceptions are as follows

- a. Students who resided out of county prior to 5/13/96 and attended Appling County Schools.
- b. Students whose parent(s) or legal guardian(s) teach in the Appling County System.

ACTIVITY FEE

Each student will be assessed a \$10.00 activity fee to offset school costs for planners and other school related items. Activity fees must be paid for students to be eligible to participate and/or attend any extracurricular activity. This is including but not limited to field trips, school dances, MORP, assemblies, reward days, beauty pageants, club meetings, and/or any other extracurricular activity associated with ACMS.

SCHOOL ATTENDANCE

Students are encouraged to be in school every day. Students who miss a day of school also miss a day of learning that might never be replaced. Help make school a top priority by building the habit of daily attendance.

Attendance is a basic requirement of student progress in school. Appling County Middle School encourages regular attendance and shall intervene early when students begin to accumulate excessive absences. ACMS shall work to enforce the compulsory attendance laws by referring stu-

GEORGIA CODE 20-2-690.1

Parent/guardians of students who miss more than five (5) days unexcused absences shall be considered in violation of Georgia Code 20-2-690.1 and upon conviction shall be subject to a fine not less than \$25.00 and not greater than \$100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court.

dents with excessive absences to the student services coordinator. A student shall be referred when he or she has accumulated five (5) unexcused absences. A student who misses 15 days or more of school is subject to retention.

Attendance is vital to the success of the student. Excessive absences will result in loss of privileges to go on field trips, attend school dances and assemblies, enter beauty pageants, reward days, and/or any other curricular activities.

The student services coordinator, as attendance officer for this system, will work with the family of students having attendance problems. Efforts will be made to help the family resolve attendance problems. In cases where satisfactory resolution of attendance problems does not occur, it shall be the duty of the Student Services Coordinator to file proceedings in Juvenile and/or State Court to ensure compliance with compulsory attendance laws. Five (5) or more unexcused absences may result in court action being taken.

Questions about the attendance policy should be directed to the principal.

Students with extended illnesses (more than 10 days) may qualify for the Hospital/Homebound program.

HOSPITAL-HOMEBOUND INSTRUCTION

A student with a medically diagnosed physical condition that is non-communicable and restricts him/her to home or to a hospital for a period of time, which will significantly interfere with the student's education (a minimum of 10 school days), will be eligible for services of an itinerant hospital-homebound instructor. The counseling office should be contacted to make arrangements for this program. **Students are not eligible to participate in school or extracurricular activities while on Hospital-Homebound instruction.**

EXCUSED ABSENCES

A student who is absent from school should bring a written excuse to his/her homeroom teacher from his/her parent/guardian for the absence on his/her first day back to school. Excuses for absences shall be furnished in writing, signed by the student's parent or guardian, and shall specifically state the reason(s) for the absence. All excuses will be evaluated by the principal or his designee to determine if the absence is excused or unexcused. Excuses, which are received after the third day back to school, shall not be accepted and the absence shall be considered unexcused. Make-up work for absences will be handled when the student returns to school.

Appling County Board of Education policy (JB) states that students may be excused for the following reasons:

Personal illness or attendance in school that endangers a student's health or the health of others,

A serious illness or death in a student's immediate family necessitating absence from school, a court order or an order by a governmental agency, including pre-induction physical examinations for service in the armed forces, mandating absence from school, the observance of religious holidays, necessitating absence from school, and/or conditions rendering attendance impossible or hazardous to student health or safety.

Students shall be counted present when they are serving as pages of the Georgia General Assembly.

A student whose parent or legal guardian is in military service in the armed forces of the United States or the National Guard, and such parent or legal guardian has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting, shall be granted excused absences, up to a maximum of five school days per school year, for the day or days missed from school to visit with his or her parent or legal guardian prior to such parent's or legal guardian's deployment or during such parent's or legal guardian's leave.

The principal may in certain circumstances require students to present appropriate medical or other documentation upon return to school for the purpose of validating that absences are excused.

When children wish to leave school during the day they are required to bring a note from parent or guardian. The principal must approve this note. Verbal requests and personal pick-up by parents are acceptable. Excessive sign-outs will not be tolerated without doctor's excuses. Students must sign-out in the front office when leaving and clear with all teachers whose class they will miss for the remainder of the day. Students who are to participate in an extracurricular activity on a school day must have been present at school at least one-half of the day.

Students in Foster Care shall be counted present when they attend court proceedings related to their Foster Care.

FAMILY LEAVE ABSENCES

A parent/guardian may request Administrative approval of up to two (2) days **Family Leave Absence (FLA)** per semester. The FLA will be considered an **unexcused** absence but the student may make up missed work for a grade. This request should be made prior to a planned FLA but must be requested within three days upon returning to school.

CHECK-IN POLICY

The first bell rings at 7:40 AM. The tardy bell rings at 7:45 AM, and all students are expected to be in class at this time. Any student who arrives at school any time past 7:45 AM must sign in through the Front Office. Students will be issued an **Admittance Slip** denoting excused or unexcused tardy and time of arrival. If the slip is marked **unexcused**, the admitting teacher will include the tardy in the student's tardiness record.

Students arriving on late buses will be issued excused admission slips. **STUDENTS WILL NOT BE ADMITTED TO CLASS WITHOUT AN ADMITTANCE SLIP.**

A student who is tardy to school must submit a note to the front office when signing in from parent/guardian, doctor, or court official explaining the tardiness. Examples of excused tardies are: visits to doctor, accident, court appearance, bus late to school, emergencies, or unexpected events as approved by the administration. ACMS allows students three unexcused tardies to school per semester before punitive action is administered. These three tardies are to allow for unexpected events such as; oversleeping, car not starting, flat tire, traffic citation, bus left. After (5) excused tardies in one semester, the student may be required to bring in a doctor's excuse. **After (5) unexcused tardies in one semester the student may not be eligible to participate in Reward Day Activities and other extracurricular activities.**

LATE BUS

If a bus comes in late, the bus student must check in with the front office for an excused admission slip. An announcement will be made from the office giving the bus number of the late bus.

CHECKOUT POLICY

The ACMS clerical and administrative staff may not release students to anyone other than a parent or legal guardian or to an authorized adult designated on the student sign out card. This policy reflects ACMS concerns for the safety and well-being of our students. **ONLY** in situations involving emergencies at home or sickness of the student at school will the policy be waived.

Students who become ill at school will be sent to the school nurse prior to contacting the parent to sign the student out.

Students will not be called from class after 2:00 pm.

A student who returns to school after signing out for any portion of the school day, must sign in with the front office upon return to the campus. Any student who is absent from school or who signs out of school and comes on campus and does not sign in with the office may be considered truant at the discretion of the administration.

SIGN-OUT PROCEDURES

1. Report to front office prior to 1st period.
2. Present a request in writing from a parent/guardian stating the reason for signing out.
3. The parent must call the ACMS Office between 8:00 and 9:00 a.m. to verify the note.
4. The office staff will verify sign out requests.
5. Students signing out before the end of the school day must bring an excuse within three (3) school days. Each period missed is marked as an absence. If an excuse is not written within three (3) school days, the absence will be unexcused.
6. Students will not be allowed to sign out after 2:00 pm.

MESSAGES

ACMS wishes to cooperate with students and parents in the case of an emergency. Miscellaneous messages cannot be delivered during the school day. Students receiving messages will be given their message when announcements are made at the end of the school day unless the message is an emergency. Students should discuss their appointments and other activities after school with their parents outside of school time.

Appling County School System will utilize the communication system "ShoutPoint Call Out System" with any available contact information that is linked to a student. This includes email, home phone, cell phone, etc. Changes in student contact information should be reported to the child's school immediately.

MOMENT OF SILENCE

State law requires each public school to conduct a moment of silence during the school day to give students an opportunity to reflect on anticipated activities of the day. A moment of silence and the Pledge of Allegiance will be observed at the beginning of the school day.

OFF-CAMPUS BEHAVIOR

Students who engage in an off-campus behavior, which could result in the student having DJJ charges and whose continued presence at school poses a potential danger to persons or property at school or disrupts the educational

process, may face disciplinary action up to and including suspension or expulsion.

OFF LIMITS AREAS

The following areas are off limits unless part of a school-related activity that the student is part of: (1) any part of the school a student does not have a class or permission to be in while classes are in session; (2) any construction area; (3) parking lots; (4) teacher's lounge; (5) anywhere on campus after 3:30 PM. BUS REGULATIONS

Conduct

All ACMS rules and policies are in effect while students are loading, unloading, being transported, and at bus stops.

See Rule 11 Bus Conduct

Students are expected to follow behavior guidelines posted on Appling County school buses and any other reasonable requests made by bus drivers. Failure to cooperate with the driver may endanger other riders and result in suspension from the bus as outlined in the ACMS Code of Discipline. Bus Loading Zone: Students riding afternoon buses are to go directly to their buses. Late bus students will wait in their classrooms until their bus number is called. Once the bus is called students are to report to the front sidewalk bus area to wait under the sidewalk with supervision for their bus. All other areas are off limits, including the gym, weight room, parking lots and classroom building.

Bus Fights

The safety of all passengers on a school bus is a primary concern for the Appling County Schools. With the support of the Board of Education, a "zero tolerance" for fights on school buses for middle and high school students is currently in effect.

Unlike a playground, hallway, lunchroom or classroom, it is extremely difficult to seek safety inside a school bus when there is a fight, especially if the bus is moving. The risk for collateral injury to innocent students is much greater on a school bus than on a school campus, where innocent students could escape the immediate area for their own safety. There is great danger when fists, long fingernails or thrown objects miss their intended mark and instead injure an innocent student sitting nearby. This danger is even more likely for younger children such as pre-kindergarten students who sometimes must ride on buses with older students. When a bus driver is focused on the highway, there is little chance of the driver being able to immediately intervene and stop the fight, at least until he or she can safely stop the bus and break up the fight. The safety of innocent students depends on all students following bus rules, especially those related to fights and serious disruptions. A similar "zero tolerance" had a positive effect during its initial trial year in 2006-2007, as bus fights were greatly reduced.

Therefore, the following was implemented for the 2014-15 school year and will continue to be in effect. In addition to the normal punishment for fights, students in grades 6-12 who are guilty of fighting on a school bus shall be suspended from riding any bus in the county for up to 45 consecutive school days contingent upon the number of bus incidents the student has accumulated.

NOTE: See Rule 11 (Pages 36-37).

HONOR ROLL

High Honor Roll - All students are considered eligible for High Honor Roll. Inclusive grades are 93-100.

Honor Roll - All students are eligible. Inclusive grades are 90-92.

STUDENT SUPPORT PROCESSES

The Appling County Board of Education provides a variety of resources, which are available at every school within the district to help address student behavioral problems. The school discipline process will include appropriate consideration of support processes to help students resolve such problems. These resources include MTSS, school counselors, chronic disciplinary problem student plans, 504 plans, referral for psychological/behavioral evaluations, and referrals to outside agencies.

PARENTAL INVOLVEMENT

This Code of Conduct is based on the expectation that parents, guardians, teachers and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. School administrators recognize that two-way communication through personal contacts is extremely valuable; therefore, they provide information to parents as well as on-going opportunities for school personnel to hear parents' concerns and comments.

Parents and students should contact the principal of the school if specific questions arise related to the Code of Conduct.

The Code of Conduct specifies within its standards of behavior various violations of the Code which may result in a school staff member's request that a parent or guardian come to the school for a conference. Parents are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support processes designed to promote positive choices and behavior.

Georgia Law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student's parent or guardian of the disciplinary problem, invite the parent or guardian to observe the student in a classroom situation, and request at least one parent or guardian to attend a conference to devise a disciplinary and behavioral correction plan.

Georgia Law also states that before any chronic disciplinary problem student is permitted to return to school from a suspension or expulsion, the school shall request by telephone call and by mail at least one parent or guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan.

The law allows a local board of education to petition the juvenile court to require a parent to attend a school conference. If the court finds that the parent or guardian has willfully and unreasonably failed to attend a conference requested by the principal pursuant to the laws cited above, the court may order the parent or guardian to attend such a conference, order the parent or guardian to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior, or both. After notice and opportunity for hearing, the court may

impose a fine, not to exceed \$500.00, on a parent or guardian who willfully disobeys an order of the court under this law.

It is imperative that a clinic record (yellow) form, with emergency telephone numbers and parental permission for treatment, is on file for each student. These forms will be sent home with the students the first few days of school and need to be returned as soon as possible. Students may discuss their health concerns with the nurse. Medication taken in school must be kept in the nurse's office. A medication authorization form must be signed by the parent/guardian. In order for the student to carry and self-administer such medications, or in order for the school to store and administer the medication for students who are unable to self-administer because of age or any other reason, the parents must provide a written statement from a licensed physician confirming that the student is able to self-administer the medication, if applicable, and written permission from the parent for the nurse or school designee to consult with the doctor regarding any questions that may arise concerning the medication. Such permission shall release the school district and its employees and agents from civil liability for administering such medication to students, or if the self-administering student suffers an adverse reaction as a result of self-administration of such medication.

Nurses or other school employees are authorized to administer an EpiPen, if available, to a student who is having an actual or perceived anaphylactic adverse (allergic) reaction, regardless of whether the student has a prescription for epinephrine. If a parent chooses another public system (and the system accepts), the parent is responsible for transportation. In addition, parents may request a transfer to a private school and may be entitled to funding to offset tuition costs. To find out more about school choice, please contact your **System Special Education Director** or go to the **Georgia Department of Education website**.

CLASS BEHAVIOR AND EXPECTATIONS

ACMS students are expected to exhibit appropriate behavior in the classroom and on campus. They are to show respect to teachers, classmates, administrators and visitors.

Students should follow all class rules and policies established by the teacher. If a student has a grievance about a class policy, procedure or rule, he/she are expected to discuss the issue with the teacher in an appropriate manner, tone and at the appropriate time (after class).

Students should not sleep in class. **Students should not lay their heads down on the desk.** The classroom is a working, learning environment, and the student is an active participant in the learning process. If a student has a health problem that causes sleepiness, he/she should see the school nurse and/or sign out. Otherwise, the student should be alert. Students, who do not meet this expectation, can expect teacher interventions, which may include student/teacher conferences, parent conferences, or referral to an administrator to be sent home for the remainder of the day. Students are expected to come prepared for class. They should bring textbook, notebook, pencil and paper, and other sup-

plies to each class and homework when it is due. When in class, students should pay attention to instruction, cooperate in classroom activities and help create a learning environment for themselves and their classmates.

Teaching and learning are interdependent activities. In order for learning to occur, the student must be willing and ready to do his/her part. Even the best teacher cannot teach an unwilling student, one who talks and disrupts class, sleeps in class or daydreams, or never comes to class with materials and homework.

SEXUAL HARASSMENT - MISCONDUCT

No ACMS student, employee, or visitor, male or female, should be subjected to unsolicited and unwelcome sexual overtures or conduct, either verbal or nonverbal. Sexual harassment is a violation of Appling County Board of Education policy (GAF/JP, 12-9-93). This policy protects students from sexual harassment by other students, teachers, administrators, other school personnel, visitors, or independent contractors. It also protects teachers and other school staff and employees from harassment by students, other school employees, or visitors to campus.

Examples of sexual harassment include verbal harassment or abuse, including jokes, name-calling and sexual rumors; repeated remarks to a person, with sexual or demeaning implications; unwelcome rubbing, touching in a provocative way, or pulling clothes; pictures, illustrations, or drawings with explicit sexual acts, suggestions, or other meanings; pressure for and/or soliciting sexual activity accompanied by implied or explicit threats concerning grades, job, evaluation, assigned duties, etc.

Instances of sexual harassment should be reported immediately to teachers, administrators, or other appropriate school officials. If a student is being subjected to sexual harassment by an adult, or school employee, or official, such instances should be reported to the principal or the superintendent. Sexual misconduct is subject to discipline as outlined in the ACMS Code of Discipline and/or Appling County Board of Education policy. All acts of sexual misconduct will be reported to the school social worker for review and referral to the Department of Family and Children Services (DFACS).

Because of the serious nature of sexual harassment, any person who intentionally or knowingly makes false allegations of sexual harassment is subject to severe disciplinary penalties.

SEARCH AND SEIZURE

According to law and board policy, delegated school officials may have access to student lockers, automobiles and personal belongings while under school supervision, and when there is reason to suspect the welfare of students and other personnel may be threatened, or when the violations of school rules are involved. Searches may be made in the presence of at least one witness except in emergencies, or if dangerous or illegal materials are present. Discovery of dangerous or illegal materials shall be reported to proper authorities. Random searches may be conducted during the school year.

Such measures may include the use of lawful authority to restrain or correct pupils and maintain order. Surveillance cameras will be used to monitor the campus and/or school buses, and recorded events will be used as evidence for disciplinary procedures.

NOTE: E. It is the preferred policy of the board that disruptive students are placed in alternative education settings in lieu of being suspended or expelled.

NOTE: F. Local board policies shall require the filing of a report by a teacher documenting a student's violation of the student code of conduct which repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his or her class or with the ability of such student's classmates to learn within one school day of the most recent occurrence of such behavior. The report shall be filed with the principal or principal's designee, shall not exceed one page, and shall describe the behavior. The principal or principal's designee shall, within one day of receiving such report, send to the student's parents or guardians a copy of the report, and information regarding how the principal or principal's designee may be contacted.

NOTE: G. The principal or the principal's designee shall send written notification to the teacher and to the student's parents or guardians of the student support services being utilized or the disciplinary action taken within one school day and shall make a reasonable attempt to confirm receipt of such written notification by the student's 160-4-8-.15 (Continued) parents or guardians. Written notification shall include information regarding how student's parents or guardians may contact the principal or principal's designee.

NOTE: H. Each local board of education shall make available to all Qualified Student Discipline Hearing Officers and Disciplinary Tribunal or Panel Members the initial and ongoing tribunal training course prior to the individual(s) serving in such capacity. The local board of education shall ensure initially trained student discipline hearing officers and disciplinary tribunal or panel members undergo continuing education so as to continue to serve in such capacity.

Progressive Discipline Processes are designed to create the expectation that the degree of discipline will be in proportion to the severity of the behavior, that the previous discipline history of the student and other relevant factors will be considered; and that all due process procedures required by federal and state law will be followed; 160-4-8-.15 (Continued) 19. Parental involvement processes designed to create the expectation that parents, guardians, teachers and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. Local boards of education shall provide opportunities for parental involvement in developing and updating student codes of conduct.

Major Offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board of Education Rule 160-4-8-.16 Unsafe School Choice Option.

Parent Notification

The student's copy of his/her Discipline Report will be considered sufficient parental notification. Disciplinary actions involving In-School, Out- of-School Suspension, or Saturday School will also include parent notification by phone and/or mail.

DISCIPLINARY PROGRAMS:

OUT-OF-SCHOOL SUSPENSION (OSS)

Students who are chronically disruptive from year to year will find their records may become cumulative. Charges may be filed in court under the code section of the law for unruly/disruptive persons. Consequences may include suspension, Alternative School, or other punishment at the discretion of the administrator. Some rule violations might result in a student being suspended from school. The administrator may exercise his discretion in matters that may/can result in out of school suspension. A student will receive zero for any class missed while he is in out-of school suspension.

Students may be suspended from school for up to 10 days for serious misconduct (without the right to a hearing). A student may also be suspended for up to 10 days to await action by a Tribunal or the Board of Education. The suspended student may not come on campus for any reason without administrative approval. A suspended student may not participate in or attend any after school activity or field trip including the 8th Grade Trip. Days missed during Out-Of-School Suspension will be considered unexcused.

IN-SCHOOL SUSPENSION (ISS)

ISS will be used as a means of modifying unacceptable behavior in lieu of out of school suspension or as an additional option that would allow students to remain in school and get credit for all assigned work that is completed.

The number of days a student will be assigned to ISS will be determined by the number of offenses, the number of days previously assigned to ISS, the seriousness of the offense and the number of days the student would have been suspended from school. The number of days assigned will be usually in increasing increments. However, the school administrators reserve the right to assign additional days to the suspension if the nature of the offense warrants it.

If warranted by emergency such as inappropriate behavior, etc. during the school day, a student may be removed at any time from the school setting and placed in ISS without prior notice to parents.

When/if it has been determined that ISS is not an effective deterrent to school rule violations for a student, then it will no longer be used as a punishment option for that student. Also, if misconduct occurs by a student who is in ISS, the student will be given additional days in ISS or removed from ISS and given out-of-school suspension.

In order to take advantage of ISS, the student must abide by ISS rules and regulations.

QUIET TABLE/LUNCHROOM DETAIL

The quiet table and/or lunchroom clean up may be assigned for punishment. All students are required to have an assignment while assigned quiet table. Students having no assignments will be assigned lunchroom duty which may include wiping tables, sweeping floors, picking up trash, etc.

ISS LUNCH DETENTION

Students may be assigned Lunch Detention by an administrator. Students assigned Lunch Detention will:

1. Report at the beginning of his/her lunch period.
2. Take work materials (books, paper, pencils, etc.).
3. Remain the entire lunch period; or when released by the ISS instructor or administrator.
4. Be quiet.
5. May not sleep or lay head down.
6. Take and complete assigned work.
7. School bag lunches and milk will be available for students.

8. Follow all rules established by the ISS instructor.

NOTE: Failure to follow detention rules will result in further lunch detention days, ISS or OSS.

AFTER SCHOOL DETENTION (ASD)/TEACHER DETENTION

In the event a student is required to remain in after school detention for one or more days, parents or guardians will be notified twenty four hours in advance of the detention. Giving the student his/her copy of the discipline report to give to the parent/guardian will be considered sufficient for parental notification. Phone calls will be used as needed. Students may police grounds and/or clean building after school. If a student does not stay and does not notify the teacher, the student will be rescheduled plus a penalty day for each day missed. After two days of not showing up, the student will be referred to the office for possible ISS, OSS, or other assignments designated by the administrator.

When a student has stayed in ASD for a period of 10 days, it appears that the detention is no longer a deterrent for misbehavior and an alternative punishment will be used. Such punishment could be:

1. Corporal punishment
2. Stay in room with teacher whose class misbehavior occurred
3. Lunchroom duty, quiet table
4. ISS Lunch Detention
5. ISS
6. OSS

If a student who is assigned to ASD misbehaves immediately before, during or immediately after the ASD class he/she could forfeit ASD as an option for future rule violations.

Students having to stay in ASD are not to leave campus. They are to remain in front of the office (lobby) immediately following the ASD class until they leave campus.

OMBUDSMAN/ALTERNATIVE SCHOOL

If an Alternative School Student satisfies the Tribunal/Waiver requirements with eligibility to return to regular classes, the student will be placed on a Student Behavior Contract that details expectations for a student as they re-enter the regular education program at ACMS. If one (1) major infraction and/or three (3) minor infractions occur, the student may be referred to the System Tribunal Hearing Officer for a Tribunal/Waiver.

The Principal, or designee, has the discretion to alter the Student Behavior Contract, if need be, on an individual basis. If the contract is altered, the parents will be informed in writing by the System Tribunal Hearing Officer for a Tribunal/Waiver.

SATURDAY SCHOOL

The purpose of Saturday School is to be an alternative to bus suspension for violations of the code of conduct. Attendance is taken from the attendance sheet and recorded by the supervising personnel. Any discrepancy noted should be promptly reported to the administrative personnel. Time will be spent doing work detail in and around school grounds. Failure to serve Saturday School assignment(s) may lead to a suspension.

CORPORAL PUNISHMENT

In compliance with the Appling County Board of Education policy and the Official Code of Georgia Annotated, Appling County Middle School uses as a secondary punishment, corporal punishment. As secondary punishment, the intent is not to use corporal punishment unless another means of modifying unacceptable behavior has been attempted and failed. This attempt might be something as simple as a verbal warning, proximity control, eye contact, or other action taken by the teacher to correct unacceptable behavior. All disciplinary forms are reviewed by the principal or assistant principal before filing to ensure that corporal punishment is not unduly severe or that it is not being used inappropriately. Only certificated teachers, the principal, or the assistant principal are permitted to administer corporal punishment, and that action is completed in the presence of certified personnel only after that witness has been informed of the violation in the presence of the student. Parents are notified of corporal punishment either through the student's taking a copy of the report home, by mailing a copy to the parent, or by request of the parent that a copy of the report be mailed. Any withholding of corporal punishment is done after the parent makes a request. When the student is enrolled and when medical documentation is presented that would preclude the use of corporal punishment (mental or emotional stability of the child), the school uses alternatives to corporal punishment. Children are also advised to remind teachers should the need arise if corporal punishment cannot be used. In severe cases of behavior, corporal punishment may be offered as a consequence for behavior.

TEACHER PROCEDURE FOR DISCIPLINE

Teachers should make administrators aware of teacher discipline policy, such as what has been done to/for the child in the past.

Teacher Authority: HB 605. OCGA 20-2-737/O.C.G.A. 20-2-738 A teacher shall have the authority through procedures outlined in the law to remove from his/her class a student who repeatedly interferes with the teaching or learning process in the classroom. The student may be placed in alternative school.

REFERRAL TO LAW ENFORCEMENT OR JUVENILE COURT OFFICIALS:

Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

RULE 1 (08): VIOLENCE

Physical assault and/or battery on any person (student or persons attending school related functions) on the school grounds; off the school grounds at a school activity, function, event; or en route to and from school or a school function, activity, or event on system-supported transportation will not be allowed.

Students shall not fight or attempt to cause bodily harm to another student. If a student is attempting to involve another student in a fight, the other student should walk away and report it to a teacher, assistant principal or principal. Students who instigate fights will be subject to the same consequences as those who are actually involved in fighting.

Categories:

- 1a: Verbal abuse or intimidation
- 1b: Verbal assault, fighting words, minor push, or other actions that promote violence
- 1c: Fight (physical altercation) (direct or indirect) or battery

Note: Students who refuse to retaliate in a fight will not be punished. Students who are hit by another student should report the incident to an adult. When clearly evident, as witnessed by an adult, that a student did not return punches, action taken will be left to the discretion of the administrator. Offenses involving extreme violence or threats to do bodily harm will be referred to tribunal. A student's instruction permit or driver's license will be suspended by the Georgia Department of Motor Vehicles for causing substantial physical or visible bodily harm or seriously disfiguring another person, including another student.

Note: REFERRAL TO LAW ENFORCEMENT OR JUVENILE COURT OFFICIALS: Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

The student who is determined to be the primary aggressor by the School Resource Deputy (SRD) will have an arrest or juvenile complaint filed by the SRD on the 3rd and subsequent violations under Georgia Code (O.C.G.A. 16-6-23). Additionally, (O.C.G.A. 16-3-21) a person is justified in threatening or using force against another when and to the extent that he or she reasonably believes that such threat or force is necessary to defend himself or herself or a third person against such other's imminent use of unlawful force.

Under Code Section 20-2-751.4 "Bullying" is defined as:

Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so; or

Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm.

Cyberbullying is defined as the willful, hostile and repeated harassment and intimidation of a person through the use of digital technologies, including, but not limited to, photos, email, blogs, social networking websites (e.g., MySpace, SnapChat, Facebook, Twitter, etc.), chat rooms, texts, and instant messaging; using cameras or camera phones to take embarrassing photographs of students or school employees and distributing them to others or posting them online. Recommended Dispositions for Cyberbullying may include ISS and OSS according to the severity of the act.

BULLYING

In response to current Code Sections 20-2-145 and 20-2-751.4 in the Official Code of Georgia Annotated (School Law), the violations for bullying must be more clearly defined. Although bullying can be addressed under several rules in our current handbook, the State mandates a more severe penalty than is defined in the ACMS Student Code of Discipline. It is rare that a student violates Rules 1a, 1b, or 1c more than twice in a school year, but we are compelled to follow State Laws regarding the act of bullying.

Recommended Dispositions for Bullying will be addressed under Rules 1A, 1B, and 1C in our current Appling County Middle School Code of Discipline, which is included in the ACMS Student Planner. The penalties for the first and second violations of Rules 1A, 1B, and 1C will remain the same according to the severity of the offense and as with other rules are at the discretion of an administrator.

The disposition for the third violation of "bullying" in the Appling County Middle School Code of Discipline will be referred to the System Tribunal Hearing Officer for a Tribunal/Waiver.

ANTI-GANG POLICY

The Board of Education recognizes that the harm done by the presence and activities of gangs in the public schools exceeds the immediate consequences of activities such as violence and destruction of property. Gang activities also create an atmosphere of intimidation in the entire school community. Both the immediate consequences of gang activity and the secondary effects are disruptive and obstructive of the process of education and school activities. It is therefore the policy of the Board of Education that gangs and gang activities are prohibited in the Appling County Public Schools. For purposes of this policy, a "gang" is any group of two or more persons whose purposes include the commission of illegal acts, or acts in violation of disciplinary rules of the school district. "Gang related or gang-like activity" includes, but is not limited to, the prohibited conduct set forth below. No student on, about school property, or at school related activities on or off school grounds shall:

- Wear, possess, use, distribute, display, or sell any clothing, jewelry, emblem, badge, symbol, sign or other items that evidences or reflects membership in or affiliation with any gang

- Engage in any act in furtherance of the interests of any gang or gang activity including but not limited to:
 - Soliciting membership in, or affiliation with, any gang

 - Painting, writing, or otherwise inscribing gang-related graffiti, messages, symbols, or signs, on school property
 - Engaging in violence, extortion, or any other illegal act or other violation of school policy

- Soliciting any person to engage in physical violence against any other person “Wannabees” are groups of youth not affiliated with recognized gangs but who engage in gang-like activities and/or mimic gang behavior. “Wannabees” will be dealt with as gangs under terms of this policy. In determining whether acts, conduct, or activities are gang related, school officials are encouraged to work closely with local law enforcement officials. Students who violate this policy shall be subject to the full range of school disciplinary measures, including expulsion up to one calendar year, in addition to applicable civil and criminal penalties.

The Tribunal shall also have the authority to modify such expulsion on a case-by-case basis in determining the appropriate punishment. Finally, in any tribunal decision appealed to the board of education, the board may reduce the mandated punishment but shall consider whether the superintendent and/or tribunal considered a reduction of any rationale in denying such a reduction.

Students who possess other weapons or hazardous objects as described in paragraph 2 will be subject to discipline as specified in the student code of conduct.

Reporting Requirements:

Any employee who has reasonable cause to believe that a student possesses a weapon as defined in the above paragraphs, is involved in using a weapon as described above, or is involved in a second offense with a weapon on campus must report such violation to the principal or assistant principal of the school. Punishment for misuse of prescription and over the counter drugs will be based on the severity of the offense and at the administrator's discretion. - Possible Arrest and Prosecution in Serious Cases.

Rule 11C: Bus Fights

The safety of all passengers on a school bus is a primary concern for the Appling County Schools. With the support of the board of Education, a "zero tolerance" for fights on school buses for middle and high school students is currently in effect.

Unlike a playground, hallway, lunchroom or classroom, it is extremely difficult to seek safety inside a school bus when there is a fight, especially if the bus is moving. The risk for collateral injury to innocent students is much greater on a school bus than on a school campus, where innocent students could escape the immediate area for their own safety. There is a greater danger when fists, long fingernails, or thrown objects miss their intended mark and instead injure an innocent student sitting nearby. This danger is even more likely for younger children such as pre-

kindergarten students who sometimes must ride on buses with older students. When a bus driver is focused on the highway, there is little chance of the driver being able to immediately intervene and stop the fight, at least until he or she can safely stop the bus and break up the fight. The safety of innocent students depends on all students following bus rules, especially those related to fights and serious disruption. A similar "zero tolerance" had a positive effect during its initial trial year in 2006-2007, as bus fights were greatly reduced.

Therefore, the following is effective:

In addition to the normal punishment for fights [Rule 1(08)], students in grades 6-12 who are guilty of fighting on a school bus shall be suspended from riding any bus in the county for up to 45 consecutive school days contingent upon the number of bus incidents the student has accumulated.

Recommended Dispositions:

1 st Bus Fight	See Rule 1(08) + 15 days bus suspension
2 nd Bus Fight	See Rule 1(08) + 30 days bus suspension
3 rd Bus Fight	See Rule 1(08) + 45 days bus suspension

In repeated or more severe cases, more stringent action will be taken.

Additional options for Offense 11-C Fighting will include the following:

- See Rule 1(08)Violence/Fighting.

In repeated or more severe cases, more stringent action will be taken.

TITLE I-A PARENT INFORMATION
2023 - 2024
(Revised May 31, 2023)**

TITLE I-A PARENT/Family Engagement Information

Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA) enables the federal government to provide funds to eligible K-12 schools based on the prosperity level of households. These funds are utilized to ensure that students receive a quality education and meet high academic standards. Five schools identified as Title I schools in the Appling County School System are Appling County Primary School, Appling County Elementary School, Fourth District Elementary School, Altamaha Elementary School, and Appling County Middle School. As Title I funding recipients, these schools must set goals for improvement, measure student progress, develop supplemental programs in addition to regular classroom instruction, and involve or inform parents on various aspects of the programs available.

Title I schools can choose to implement what is called a school-wide program or a targeted assistance program. School-wide programs have much flexibility in how to spend their Title I, Part A funds as long as they engage in strategies that improve the quality of the learning environment with a high-quality curriculum for all students. Targeted-assistance programs may use the funds for a smaller number of eligible students who are failing or are at risk of failing to meet state academic content standards through supplementary educational services.

The Appling County Middle School, Appling County Elementary School, Fourth District Elementary School, Altamaha Elementary School, and Appling County Primary School are School-wide programs which means Title I funds are appropriated for each student. These schools are permitted to use Title I funds to provide high-quality educational programs, supplemental resources, well-trained staff, and promote school, family, and community relationships in order to raise the academic achievement of students. However, certain provisions are in place for each school and system that utilize funds from Title I.

Each school must hold an annual meeting to inform parents or guardians of how Title I affects their child's school. Title I's funding, requirements, and the parents' right to be involved are explained. Schools recognized as Title I schools must develop a Parental and Family Engagement Plan. This plan describes what the school will do to involve and inform parents about the Title I program. It states how the school involves parents and how parents are informed on key issues such as the school's performance, student assessment results, and the school curriculum. During the year, the plan is studied and revised as needed. Each school's plan can be viewed at the school's media center, main office, school website, or district website. In addition to a school-level plan, school systems must have a District-level Parent and family engagement Policy. The Appling County School System does have such a policy. Parents may request a copy at the board office or find it online at the school system website. This District Parent Involvement Policy is updated and revised by the Parents in the District, Community stakeholders, and a District Parent Engagement Committee. Parents are able to give feedback and input into the compacts, School Plans, and District Policy.

In addition to the School Parent and Family Engagement Plan, each school must develop and distribute a School-Parent Compact. **A copy of each School's Compact is given to the parents/guardians each school year for approval.** It outlines how parents, school staff, and students share responsibility for improved student achievement.

The Parent and Family Engagement Plan and Compact are developed by each School's staff, Parent Engagement Committee District-wide Parent Committee, and the stakeholders and parents of each of the Title I Appling County Schools. An Annual Parent Survey is also given during the Spring of each year to assess the strengths and weaknesses of the Parent and Family Engagement program and to get parent feedback about improvements and suggestions needed to guide the Parent and Family Engagement expenditures of 1% of the Title I budget, to provide professional learning, and parent sessions geared to promoting student

achievement in the Title I schools. **If you are interested in participating or serving on the School's Title I Parent Engagement Committee, please contact your child's principal.**

Title I schools inform parents or guardians of student performance and progress. This is accomplished through diversified avenues of correspondence such as weekly papers and/or weekly progress reports, planners, mid-semester progress reports, report cards, or summaries of state test results.

Title I schools encourage the involvement of parents. Parents can actively participate in the educational process of their child through varied means such as school committees, PTO/PTA, school meetings, parent/teacher conferences, volunteering, or parent sessions. Parents may monitor their child's progress by checking a planner or weekly progress report, homework, graded work, mid-semester progress reports, report cards, or assessment scores. There are many strategies parents can use to support or enhance their child's learning experience such as using flash cards to remember basic facts, having hands-on materials such as beans to solve problems, or asking the child questions during a story to check for understanding. Additionally, many of these strategies are demonstrated in parent sessions that are offered throughout the school year.

To encourage parental involvement at home, parents also have access to monthly newsletters concerning relevant parenting topics and a parent resource centers located at all Title I Schools. Supplemental educational materials are available and are provided to assist parents and students in the home.

Appling County School System Section 504 Procedural Safeguards

1. Overview: Any student or parent or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The school system's Section 504 Coordinator's contact information is 912-367-8600.

2. Hearing Request: The Request for the Hearing must include the following:

- a. The name of the student.
- b. The address of the residence of the student.
- c. The name of the school the student is attending.
- d. The decision that is the subject of the hearing.
- e. The requested reasons for review.
- f. The proposed remedy sought by the grievant.
- g. The name and contact information of the grievant.

Within 10 business days from receiving the grievant's Request for Hearing, the Section 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the grievant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

3. Mediation: The school system may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and school system must agree to participate. The grievant may terminate the mediation at any time. If the mediation is terminated without an agreement, the school system will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

4. Hearing Procedures:

- a. The Section 504 Coordinator will obtain an impartial review official who will conduct a hearing within 45 calendar days from the receipt of the grievant's Request for Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official. This official will not be an employee of the District and will have knowledge of Section 504 of the Rehabilitation Act of 1973.
- b. Upon a showing of good cause by the grievant or school system, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.
- c. The grievant will have an opportunity to examine the child's educational records prior to the hearing.
- d. The grievant will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.
- e. The grievant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e. A recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34 C.F.R. §104.34). One or more representatives of the school system, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.
- f. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.
- g. The impartial review official shall determine the weight to be given any evidence based on its reliability and probative value.
- h. The hearing shall be closed to the public.

"Bring Your Own Technology" (BYOT)

Protocol for Bring Your Own Technology on Appling County School System Campuses

As new technologies continue to change the world in which we live, they also provide many new and positive educational benefits for classroom instruction. To encourage this growth, students in select classes may now bring their own technology.

Definition of "Technology"

For purposes of BYOT, "Technology" means a privately owned wireless and/or portable electronic hand held equipment that includes, but is not limited to, existing and emerging mobile communication systems and smart technologies, portable Internet devices, Personal Digital Assistants (PDAs), hand held entertainment systems or portable information technology systems that can be used for word processing, wireless Internet access, image capture/recording, sound recording and information transmitting/receiving/storing, etc.

Internet

Only the Internet gateway provided by the school may be accessed while on campus. Personal Internet connective devices such as but not limited to cell phones / cell network adapters are not permitted to be used to access outside Internet sources at any time.

Security and Damages

Responsibility to keep the device secure rests with the individual owner. **The Appling County School System, nor its staff or employees, is not liable for any device stolen or damaged on campus.** If a device is stolen or damaged, it will be handled through the administrative office similar to other personal artifacts that are impacted in similar situations. It is recommended that skins (decals) and other custom touches are used to physically identify your device from others. Additionally, protective cases for technology are encouraged.

B.Y.O.T. Appling County Student Agreement

The use of technology to provide educational material is not a necessity but a privilege. A student does not have the right to use his or her laptop, cell phone or other electronic device while at school. When abused, privileges will be taken away. When respected, they will benefit the learning environment as a whole.

Students and parents/guardians participating in B.Y.O.T. must adhere to the Student Code of Conduct, as well as all Board policies, particularly Internet Acceptable Use (Policy IFBG). Additionally, technology:

- Must be in silent mode while on school campuses and while riding school buses.
- May not be used to cheat on assignments or tests, or for non-instructional purposes (such as making personal phone calls and text/instant messaging).
- May not be used to record, transmit or post photographic images or video of a person, or persons on campus during school activities and/or hours.
- May only be used to access files on computer or Internet sites which are relevant to the classroom curriculum. Games are not permitted.

Students acknowledge that:

- The school's network filters will be applied to one's connection to the Internet and attempts will not be made to bypass them.
- Bringing on premises or infecting the network with a Virus, Trojan, or program designed to damage, alter, destroy, or provide access to unauthorized data or information is in violation of Policy IFBG.
- Processing or accessing information on school property related to "hacking," altering, or bypassing network security policies is in violation of policy IFBG.
- The school district has the right to collect and examine any device that is suspected of causing problems or was the source of an attack or virus infection.
- Access to student drives allows downloading files but not always uploading files. Files may have to be saved on the C drive of the laptop, a jump drive, an external drive, or another media device.
- Printing from personal laptops will not be possible at school.
- Personal technology is charged prior to bringing it to school and runs off its own battery while at school.

I understand and will abide by the above protocol. I further understand that any violation is unethical and may result in the loss of my network and/or technology privileges as well as other disciplinary action. Signing the acknowledgement form for student handbook will verify parent/guardian understanding of this protocol.

***See ACMS Handbook Rule #16 regarding BYOT violations and consequences.**

PARENT AND FAMILY ENGAGEMENT POLICY 2023-2024

Altamaha Elementary School

What is Family Engagement?

Family Engagement means the participation of parents and family members in regular, two-way, and meaningful communication involving student academic learning and other school activities, including:

- (A) That parents play an integral role in assisting their child's learning.
- (B) That parents are encouraged to be actively involved in their child's education.
- (C) That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.
- (D) The carrying out of other activities, such as those described in Section 1116 of the Every Student Succeeds Act (ESSA).

About the Family and Parent Engagement Policy

In support of strengthening student academic achievement, the Appling County School System (ACSS) has developed this parent and family engagement policy that establishes the district's expectations and objectives for meaningful family engagement and guides the strategies and resources that strengthen school and parent partnerships in our schools. This plan will describe ACSS's commitment to engage families in the education of their children and to build the capacity in its schools to implement family engagement strategies and activities designed to achieve the district and student academic achievement goals.

When schools, families, and communities work together to support learning, children tend to do better in school, stay in school longer and enjoy school more. Title I, Part A provides for substantive family engagement at every level of the program, such as in the development and implementation of the district and school plan, and in carrying out the district and school improvement provisions. Section 1116 of ESSA contains the primary Title I, Part A requirements for schools and school systems to involve parents and family members in their children's education. The ACSS will work with its schools

to ensure that the required school-level parent and family engagement policies meet the requirements of federal law and each include, as a component, a school-parent compact.

Jointly Developed

During school meetings in Spring 2023 and the Annual District Meeting on May 31, 2023, all parents were invited to participate and provide suggestions and ideas to improve this district parent and family engagement policy for the 2023-2024 school year. The district posted an invitation in local news media about this meeting and posted an announcement on the school district website and on school websites. During this meeting, parents also reviewed and discussed the Consolidated LEA Improvement Plan (CLIP), the Comprehensive Support and Improvement School's Plan, and the Targeted Support and Improvement School's Plan. Additionally, each Title I school used its Parent Advisory Council to review the district parent and family engagement policy before the end of the 2023–2024 school year.

Upon final revision, the district parent and family engagement policy were incorporated into the CLIP, which was submitted to the state. Parents are welcome to submit comments and feedback regarding the policy at any time to the district family engagement coordinator (FEC) or by submitting written comments to your child's school. All feedback received by May 2023 was considered for revisions to this policy.

The district's plan to distribute this policy is to post it on district website and school websites, disseminate it during annual Title I school meetings in the fall and send a link to all parents via parent portal in a format and language they can understand.

Strengthening Our School

This year, the FEC will provide technical assistance and support to all Title I schools to ensure family engagement requirements are being satisfied and that family engagement strategies and activities are being implemented. Title I schools will receive notifications and resources from the district and the FEC to help them improve and strengthen family engagement. In addition to frequent communication and school visits, the FEC will hold quarterly meetings and trainings with its Title I schools' FECs to review family engagement plans and activities. Subsequently, school FECS will train administrators and staff to improve and strengthen family engagement in their respective schools.

Appling County Primary School

Fourth District Elementary School

Reservation of Funds

The ACSS will reserve 1 percent from the total amount of Title I funds it receives in 2023-2024 to carry out the parent and family engagement requirements listed in this policy and as described in federal law. Furthermore, the ACSS will distribute at least 90 percent of the amount reserved to our schools to support their local-level family engagement programs and activities. The district will provide clear guidance and communication to assist each school in developing an adequate family engagement budget that addresses their needs assessment and parent recommendations.

Each Title I school hosts an annual School Improvement forum in the spring for parents to provide suggestions on how these family engagement funds could be used in the upcoming year at the district and school-level. Comment cards and minutes from these meetings are reviewed by the district to determine areas of need for the upcoming school year and consider changes to the family engagement budget. If you have suggestions, please contact the FEC at the district office.

Opportunities for Meaningful Parent Consultation

Input and suggestions from parents, family members, and community partners are an essential component of the district and school improvement plans that are developed each year. All parents of students eligible to receive Title I services are invited to attend two meeting opportunities described in this section to share their ideas and suggestions to help the district, schools, and students to reach our student academic achievement goals.

District Meeting ~ May 30, 2024

All parents are welcome to hear the latest updates from the Appling County School System, as well as, review and provide input into the district parent and family engagement policy and the Consolidated LEA Improvement Plan for the 2023-2024 school year. Notices regarding this meeting will be sent to all parents in advance of the meeting. The district will also communicate information regarding this meeting on the school district website.

School Improvement Forums~ March - May 2024

During these months, each Title I school will provide opportunities for parents and family members to participate in discussions to review the schoolwide plan, the school's parent and family engagement policies, the district parent and family engagement policy, as well as, provide input on the family engagement budget and topics for school staff training. Each Title I school will notify parents about the date and time of these meetings through various means including, but not limited to, school phone system, Parent Portal, invitations, and social media. Parents may also provide input information via school surveys. Information regarding the School Improvement forum will also be made available on the school websites.

Input on the use of Title I funds to support family engagement programs may also be provided through the annual district survey. The survey will contain questions related to the family engagement budget and school staff training for parents to provide their comments.

Building Capacity APPLING COUNTY SCHOOL SYSTEM

Revised May 31, 2023

249 Blackshear Highway

Baxley, GA 31513

The ACSS will build partnerships between its Title I Schools, families, and community with the goal of developing mutual support for student achievement. To develop capacity for this support, the ACSS will implement a variety of family and community engagement initiatives.

Of Parents - The ACSS including Georgia Baptist Children's Home and Family Ministries will provide families with information about the overall Title I program and its requirements. The district works with all Title I schools to help families understand academic expectations for student learning and progress. Specific information related to the State's challenging academic standards, and local and state assessments—including alternative assessments, will also be provided. The district also offers assistance to parents in understanding use of its online student information system and other digital resources, including the harms of copyright piracy, through its technology specialists. Notifications about

these opportunities will be posted on the district website and shared through school messaging systems, newsletters, and social media postings.

In addition, the district and school websites contain resources and materials such as parent guides, study guides, practice assessments, and materials for at-home learning. Hard copies of these materials are also available at all Title I schools, including copies in Spanish.

Each school in the district has a Parent Advisor Council, made up of parent representatives from the school. Community leaders and business partners are also invited to serve on the council. The participation of all stakeholders is encouraged through video conferencing and recording options to accommodate varying schedules.

The Parent Advisory Council advises schools on all matters related to family engagement. Information related to district needs is shared with the district Family Engagement Coordinator for further review or follow up.

The ACSS will coordinate and integrate the district's family engagement programs under this part with parent and family engagement strategies, to the extent feasible and appropriate, with other relevant Federal, State, and local laws and programs such as, the local preschool program and other federal and state funded preschool programs in the district. The district will invite faculty and staff from those programs to attend planning meetings focused on family engagement activities. In the spring, schools will host Kindergarten Transition Days, Middle and High School Transition Nights, and College and Career Fair so parents may receive information to help prepare them and their children for the next life stage.

School Staff - The ACSS will conduct four training sessions during the school year for school Family Engagement Coordinators to learn and discuss strategies to increase family engagement, improve school-family communication, and build ties with parents and the community. These trainings will be redelivered to the faculty and staff of Title I schools.

To ensure that information related to district, school, parent programs, and activities is available to all parents, each Title I school is required to send home and post online information for parents and family members in an understandable language and uniform format. At the beginning of the year, school staff will be trained on parent notifications and resources to be sent home in parents' preferred language, where applicable, and provide interpreters at parent events and meetings. Information posted on the district website will be translated to the extent practicable. The district will also utilize school phone call systems, Parent Portal, district and school websites, and/or social media to post information for parents.

Parent and Family Engagement Evaluation

Each year, the ACSS will conduct an evaluation of the content and effectiveness of this parent and family engagement policy and the family engagement activities to improve the academic quality of the Title I schools through an annual parent survey and the School Improvement Forums.

Beginning in January, ACSS will post a link to the annual parent survey in Parent Portal for parents to provide valuable feedback regarding the parent and family engagement activities and programs. This survey link will also be posted on the district and school websites for parents to complete. In addition to the annual survey, each Title I school will also use the School Improvement Forum to facilitate group discussions to discuss the needs of parents of children eligible to receive Title I services to design strategies for more effective family engagement.

The ACSS will use the findings from the school forums and the survey results to design strategies to improve effective family engagement, to remove possible barriers to parent participation, and to revise its parent and family engagement policies.

Accessibility

In carrying out the parent and family engagement requirements established by Section 1116 of the ESSA, the district Federal Programs Coordinator will communicate and collaborate with the Office for Student Support Services to ensure full opportunities for participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children including providing information and school reports in a language parents can understand.

Adoption

This district wide parent and family engagement policy has been developed jointly and agreed upon with parents and family members of children participating in Title I, Part A programs as evidenced by the collaboration of parents, school, and district personnel at the annual State of the District meeting.

This policy was adopted by the Appling County School System on May 31, 2023, and will be in effective for the 2023-2024 academic school year. The school district will distribute this policy in multiple ways to all parents of participating Title I, Part A children before or during the first week of fall semester.

POLÍTICA DE PARTICIPACIÓN DE PADRES Y FAMILIAS - 2023-2024

Escuela Primaria Altamaha

¿Qué es family engagement?

Compromiso familiar significa la participación de los padres y miembros de la familia en la comunicación regular, bidireccional y significativa que involucra el aprendizaje académico de los estudiantes y otras actividades escolares, que incluyen:

- (A) Que los padres desempeñen un papel integral en la asistencia al aprendizaje de sus hijos.
- B) Que se aliente a los padres a participar activamente en la educación de sus hijos.
- C) Que los padres sean socios de pleno derecho en la educación de sus hijos y estén incluidos, según proceda, en la adopción de decisiones y en los comités consultivos para ayudar en la educación de sus hijos.
- (D) La realización de otras actividades, como las descritas en la Sección 1116 de la Ley de Éxito de Todos los Estudiantes (ESSA).

Acerca de la Política de Participación de la Familia y los Padres

En apoyo del fortalecimiento del rendimiento académico de los estudiantes, el Sistema Escolar del Condado de Appling (ACSS) ha desarrollado esta política de participación de padres y familias que establece las expectativas y objetivos del distrito para una participación familiar significativa y guía las estrategias y recursos que fortalecen las asociaciones escolares y de padres en nuestras escuelas. Este plan describirá el compromiso de ACSS de involucrar a las familias en la educación de sus hijos y desarrollar la capacidad en sus escuelas para implementar estrategias y actividades de participación familiar diseñadas para lograr las metas de rendimiento académico del distrito y de los estudiantes.

Cuando las escuelas, las familias y las comunidades trabajan juntas para apoyar el aprendizaje, los niños tienden a tener mejores resultados en la escuela, permanecer en la escuela por más tiempo y disfrutar más de la escuela. El Título I, Parte A establece la participación sustantiva de la familia en todos los niveles del programa, como en el desarrollo e imple-

mentación del plan distrital y escolar, y en la ejecución de las disposiciones de mejoramiento del distrito y de la escuela. La Sección 1116 de ESSA contiene los requisitos primarios del Título I, Parte A para que las escuelas y los sistemas escolares involucren a los padres y miembros de la familia en la educación de sus hijos. La ACSS trabajará con sus escuelas para garantizar que las políticas requeridas de participación de padres y familias a nivel escolar cumplan con los requisitos de la ley federal y cada una incluya, como componente, un compacto entre la escuela y los padres.

Desarrollado conjuntamente

Durante las reuniones escolares en la primavera de 2023 y la Reunión Anual del Distrito el 31 de mayo, 2023, se invitó a todos los padres a participar y proporcionar sugerencias e ideas para mejorar esta política de participación de los padres y la familia del distrito para el año escolar 2023-2024. El distrito publicó una invitación en los medios de comunicación locales sobre esta reunión y publicó un anuncio en el sitio web del distrito escolar y en los sitios web de las escuelas. Durante esta reunión, los padres también revisaron y discutieron el Plan Consolidado de Mejoramiento (CLIP), el Plan de Apoyo Integral y Mejoramiento de la Escuela, y el Plan de Apoyo y Mejoramiento Dirigido a la Escuela. Además, cada escuela de Título I utilizó su Consejo Consultivo de Padres para revisar la política de participación de los padres y la familia del distrito antes del final del año escolar 2023 -2024.

Tras la revisión final, la política de participación de los padres y la familia del distrito se incorporó al CLIP, que se presentó al estado. Los padres son bienvenidos a enviar comentarios y retroalimentación con respecto a la política en cualquier momento al coordinador de participación familiar del distrito (FEC) o enviando comentarios por escrito a la escuela de su hijo. Todos los comentarios recibidos antes de mayo de 2023 se consideraron para las revisiones de esta política.

El plan del distrito para distribuir esta política es publicarla en el sitio web del distrito y en los sitios web de las escuelas, desseminalarla durante las reuniones escolares anuales del Título I en el otoño y enviar un enlace a todos los padres a través del portal de los padres en un formato e idioma que puedan entender.

Fortaleciendo Nuestra Escuela

Este año, la FEC proporcionará asistencia técnica y apoyo a todas las escuelas del Título I para garantizar que se cumplan con los requisitos de participación familiar y que se implementen estrategias y actividades de participación familiar. Las escuelas del Título I recibirán notificaciones y recursos del distrito y de la FEC para ayudarlas a mejorar y fortalecer la participación de la familia. Además de la comunicación frecuente y las visitas escolares, la FEC celebra reuniones trimestrales y capacitaciones con los FEC de sus escuelas de Título I para revisar los planes y actividades de participación familiar. Después, la FECS escolar capacitará a los administradores y al personal para mejorar y fortalecer la participación de la familia en sus respectivas escuelas.

Reserva de Fondos

La ACSS reservará el 1 por ciento de la cantidad total de fondos del Título I que reciba en 2023-2024 para llevar a cabo los requisitos de participación de los padres y la familia enumerados en esta política y como se describe en la ley federal. Además, la ACSS distribuirá al menos el 90 por ciento de la cantidad reservada a nuestras escuelas para apoyar sus programas y actividades de participación familiar a nivel local. El distrito proporcionará orientación y comunicación claras para ayudar a cada escuela a desarrollar un presupuesto adecuado de participación familiar que aborde su evaluación de necesidades y recomendaciones de los padres.

Cada escuela de Título I organiza un foro anual de Mejora Escolar en la primavera para que los padres brinden sugerencias sobre cómo estos fondos de participación familiar podrían usarse en el próximo año a nivel de distrito y escuela. Las tarjetas de comentarios y las actas de estas reuniones son revisadas por el distrito para determinar las áreas de necesidad para el próximo año escolar y considerar cambios en el presupuesto de participación familiar. Si tiene sugerencias, comuníquese con la FEC en la oficina del distrito.

Oportunidades para una consulta significativa con los padres

Los aportes y sugerencias de los padres, los miembros de la familia y los socios de la comunidad son un componente esencial de los planes de mejoramiento del distrito y de la escuela que se desarrollan cada año. Todos los padres de estudiantes elegibles para recibir servicios del Título I están invitados a asistir a dos oportunidades de reunión descritas en esta sección para compartir sus ideas y sugerencias para ayudar al distrito, las escuelas y los estudiantes a alcanzar nuestras metas de rendimiento académico estudiantil.

Reunión de Distrito ~ 1 de junio de 2023

Todos los padres son bienvenidos a escuchar las últimas actualizaciones del Sistema Escolar del Condado de Appling, así como a revisar y proporcionar información sobre la política de participación de padres y familias del distrito y el Plan de Mejoramiento Consolidado de LEA para el año escolar 2023-2024. Los avisos relacionados con esta reunión se enviarán a todos los padres antes de la reunión. El distrito también comunicará información sobre esta reunión en el sitio web del distrito escolar.

Foros de Mejoramiento Escolar ~ Marzo - Mayo 2024

Durante estos meses, cada escuela de Título I brindará oportunidades para que los padres y los miembros de la familia participen en discusiones para revisar el plan escolar, las políticas de participación de los padres y la familia de la escuela, la política de participación de los padres y la familia del distrito, así como proporcionar información sobre el presupuesto de participación familiar y los temas para la capacitación del personal escolar. Cada escuela de Título I notificará a los padres sobre la fecha y hora de estas reuniones a través de varios medios, incluidos, entre otros, el sistema telefónico de la escuela, el Portal para Padres, las invitaciones y las redes sociales. Los padres también pueden proporcionar información de entrada a través de encuestas escolares. La información sobre el foro de Mejoramiento Escolar también estará disponible en los sitios web de las escuelas.

Los aportes sobre el uso de los fondos del Título I para apoyar los programas de participación familiar también se pueden proporcionar a través de la encuesta anual del distrito. La encuesta contendrá preguntas relacionadas con el presupuesto de participación familiar y la capacitación del personal escolar para que los padres proporcionen sus comentarios.

Creación de capacidad

La ACSS construirá asociaciones entre sus Escuelas de Título I, familias y comunidad con el objetivo de desarrollar apoyo mutuo para el logro estudiantil. Para desarrollar la capacidad de este apoyo, la ACSS implementará una variedad de iniciativas de participación familiar y comunitaria.

De Padres - La ACSS, incluyendo Georgia Baptist Children's Home and Family Ministries proporcionará a las familias información sobre el programa general del Título I y sus requisitos. El distrito trabaja con todas las escuelas de Título I para ayudar a las familias a comprender las expectativas académicas para el aprendizaje y el progreso de los estudiantes. También se proporcionará información específica relacionada con los desafiantes estándares académicos del Estado y evaluaciones locales y estatales, incluidas evaluaciones alternativas. El distrito también ofrece asistencia a los padres para comprender el uso de su sistema de información estudiantil en línea y otros recursos digitales, incluidos los daños de la piratería de derechos de autor, a través de sus especialistas en tecnología. Las notificaciones sobre estas oportunidades se publicarán en el sitio web del distrito y se compartirán a través de los sistemas de mensajería escolar, boletines informativos y publicaciones en las redes sociales.

Además, los sitios web del distrito y de la escuela contienen recursos y materiales como guías para padres, guías de estudio, evaluaciones de práctica y materiales para el aprendizaje en el hogar. Las copias impresas de estos materiales también están disponibles en todas las escuelas del Título I, incluidas las copias en español.

Cada escuela en el distrito tiene un Consejo Consultivo de Padres, compuesto por representantes de padres de la escuela. Los líderes comunitarios y los socios comerciales también están invitados a servir en el consejo. Se fomenta la participación de todas las partes interesadas a través de videoconferencias y opciones de grabación para adaptarse a los diferentes horarios.

El Consejo Consultivo de Padres asesora a las escuelas sobre todos los asuntos relacionados con la participación de la familia. La información relacionada con las necesidades del distrito se comparte con el Coordinador de Participación Familiar del distrito para una revisión o seguimiento adicional.

La ACSS coordinará e integrará los programas de participación familiar del distrito bajo esta parte con estrategias de participación de padres y familias, en la medida de lo posible y apropiado, con otras leyes y programas federales, estatales y locales relevantes, como el programa preescolar local y otros programas preescolares financiados por el gobierno federal y estatal en el distrito. El distrito invitará a profesores y personal de esos programas a asistir a reuniones de planificación centradas en actividades de participación familiar. En la primavera, las escuelas organizarán Días de Transición de Kindergarten, Noches de Transición de Escuela Intermedia y Secundaria, y una Feria de Universidad y Carrera para que los padres puedan recibir información para ayudarlos a prepararse a ellos y a sus hijos para la próxima etapa de la vida.

Personal escolar - La ACSS llevará a cabo cuatro sesiones de capacitación durante el año escolar para que los coordinadores de participación familiar de la escuela aprendan y discutan estrategias para aumentar la participación familiar, mejorar la comunicación entre la escuela y la familia y construir lazos con los padres y la comunidad. Estas capacitaciones se volverán a entregar a la facultad y al personal de las escuelas del Título I.

Para garantizar que la información relacionada con el distrito, la escuela, los programas para padres y las actividades esté disponible para todos los padres, cada escuela del Título I debe enviar a casa y publicar información en línea para los padres y miembros de la familia en un idioma comprensible y un formato uniforme. Al comienzo del año, el personal de la escuela recibirá capacitación sobre las notificaciones y los recursos para los padres que se enviarán a casa en el idioma preferido de los padres, cuando corresponda, y proporcionará intérpretes en los eventos y reuniones de padres. La información publicada en el sitio web del distrito se traducirá en la medida de lo posible. El distrito también utilizará sistemas de llamadas telefónicas escolares, Portal para Padres, sitios web del distrito y de la escuela, y / o redes sociales para publicar información para los padres.

Evaluación de la participación de los padres y la familia

Cada año, la ACSS llevará a cabo una evaluación del contenido y la efectividad de esta política de participación de los padres y la familia y las actividades de participación familiar para mejorar la calidad académica de las escuelas del Título I a través de una encuesta anual de padres y los Foros de Mejora Escolar.

A partir de **enero**, ACSS publicará un enlace a la encuesta anual de padres en el Portal de Padres para padres para que los padres proporcionen comentarios valiosos sobre las actividades y programas de participación de los padres y la familia. Este enlace de la encuesta también se publicará en los sitios web del distrito y la escuela para que los padres lo completen. Además de la encuesta anual, cada escuela del Título I también utilizará el Foro de Mejoramiento Escolar para facilitar las discusiones grupales para discutir las necesidades de los padres de niños elegibles para recibir los servicios del Título I para diseñar estrategias para una participación familiar más efectiva.

La ACSS utilizará los hallazgos de los foros escolares y los resultados de la encuesta para diseñar estrategias para mejorar la participación efectiva de la familia, eliminar las posibles barreras a la participación de los padres y revisar sus políticas de participación de los padres y la familia.

Accesibilidad

Al llevar a cabo los requisitos de participación de los padres y la familia establecidos por la Sección 1116 de la ESSA, el Coordinador de Programas Federales del distrito se comunicará y colaborará con la Oficina de Servicios de Apoyo Estudiantil para garantizar oportunidades completas de participación de los padres con dominio limitado del inglés, los padres con discapacidades y los padres de niños migratorios, incluido el suministro de información e informes escolares en un idioma que los padres puedan entender.

Adopción

Esta política de participación de padres y familias en todo el distrito se ha desarrollado conjuntamente y se ha acordado con los padres y familiares de los niños que participan en los programas del Título I, Parte A, como lo demuestra la colaboración de los padres, la escuela y el personal del distrito en la reunión anual del Estado del Distrito.

Esta política fue adoptada por el Sistema Escolar del Condado de Appling el 31 de mayo de 2023 y será efectiva para el año escolar académico 2023-2024. El distrito escolar distribuirá esta política de múltiples maneras a todos los padres de los niños participantes del Título I, Parte A antes o durante la primera semana del semestre de otoño.

How is it developed? Appling County Middle School welcomes parent input and comments at any time regarding the plan. All parent feedback will be used to revise the plan for next year. The plan is posted on the school website under Title I for parents to view. We also distribute an annual Title I survey to ask parents for their suggestions on the plan and the use of funds for parent involvement. Parents can also give feedback during parent meetings, Parental Advisory Council meetings and the annual Title I meeting for next school year.

Who is it for? All students participating in the Title I, Part A program and their families are encouraged and invited to participate fully in the opportunities described in this plan. Appling County Middle will provide full opportunity for the participation of parents with limited English, parents with disabilities, and parents of migratory children.
