January 2023

Dear Parents/Guardians,

In an effort to enhance student health education, we will be utilizing the services of Candor Health Education (formerly The Robert Crown Center) this February. This will entail an approximately ninety-minute educational program tailored to each grade level. To allow flexibility with various learning environments, this year's program will be an online interactive version created by Candor and administered through the Giles Wellness Department.

During the week of February 1st our 8th graders will learn about *Teen Sexual Health* while the 7th grade discovers *Life Begins*. Additionally, the 6th graders have the opportunity to build upon last year's lesson with *Puberty II* while the 5th graders gain essential knowledge from *Puberty I*. For additional details regarding each program please visit <https://candorhealthed.org/>

If you choose to opt your child out of this educational opportunity, please fill out the bottom of this form and turn it into the office by Friday, January 27, 2023.

If you have any questions, please contact Mr. Gino Gapastione at ggapastione@norridge80.net or Mr. Bryan VanDuser at bvanduser@norridge80.net.

Cordially,

Mr. Gino Gapastione, Teacher

Mr. Bryan VanDuser, Teacher

Mrs. Christine Ahrens, Assistant Principal

Mr. Bob Biedke, Principal

James Giles School

() No, my child _____, _____, will not attend the Candor Health Education program. (Print Name) (Grade)
