Steps To Scheduling

Step 1: Watch the 2023-2024 Pre-Enrollment Presentation Video.

Step 2: Use your transcript to fill out your credit worksheet (attached below).

Step 3: Keep your scheduling worksheet handy and go through each colored folder, watch any embedded videos, and complete any online quizzes or forms. Don't miss the "Special Opportunities for Seniors" folder. That's where you will find info about mid-year graduating, internships for credit, and cadet teaching.

Step 4: Once you have gone through each Schoology section and have your credit worksheet completed, enter your course requests in PowerParent (instructions are included within this Schoology section).

Step 5: Get your worksheet signed by a parent and turn it in to your SRT teacher by January 18.

Step 6: Your counselor will meet with you to review your course selections.

**Your responsibility** in scheduling is to **have your worksheet handy** and **go through the sections** in Schoology.

**Fill it out as you go.** If you have questions about particular courses, look in the [Program of Studies](#).

**This is a learning process** for you to work through over the next week.

When you are called down by your counselor, they will be able to make changes for you if appropriate.
