Fairfield Prep Innovation Camp

For Boys & Girls Entering **6th, 7th** and **8th Grades**

Fairfield Prep is delighted to continue the McLeod Innovation Center's Innovation Camp! The Camp offers hands-on, immersive, engineering design experiences. Campers solve problems in small teams that compete against each other. For example, teams will be challenged to design bridges that sustain a certain amount of stress. Campers will also engage in digital fabrication, and physical programming. This week-long camp, held in Fairfield Prep's McLeod Innovation Center, is offered twice this summer. Students can sign up for one week. Each camper will receive a t-shirt.

Campers need to bring every day:

Water bottle, morning snack, wear their camp t-shirt

Cost: \$300

**Dates: July 10-14 (Week 1)
or July 24-28 (Week 2)**

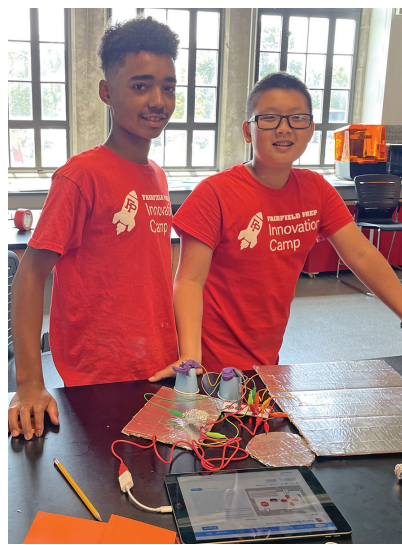

Hours: Monday-Friday, 9:00 am -12:00 pm

For more information please reach out to the Innovation Camp Director, Rinat Levy Cohen, rlvycohen@fairfieldprep.org, or call 203-254-4200 x2685.
