

# Boundary Permits

Recent policy changes established a new permit process. Also altered was the ninth-grade participation policy which allows an eighth-grade student to apply for a 9-12 permit and try-out for extracurricular activities at the high school level.

## Early enrollment window

Application accessible online through student's myDSD Account beginning Nov. 15 through first Friday in February (Feb. 3, 2023).

## Apply online through myDSD

Out-of-district students contact Student & Family Resources at 801-402-5159 for assistance with the application process.

## Apply for K-6, 7-9 and 9-12 permits

Once a permit is granted, students need not reapply. Previous variances granted will continue until the school level is complete.

## Late enrollment window

Late permit applications open third Monday in February through first semester break of upcoming school year only for schools with openings (have not reached 1.5 percent above capacity). There will not be a waiting list during late enrollment.
