6th graders coming into NW will enroll in Feb/Mar.

Katie Hicks – Budget Changes

Department budgets adjusted higher, STEM money from Boeing (\$100,000), explained what STEM is: Science, Technology, Engineering, Math. Land Trust money meeting will be next month, talked about current data and reviewed what land trust has previously covered.

Katie Hicks – Land Trust Data Review

Talked about current data, 40% of students have met their growth goal for the year, 19% are able to exit reading class due to scoring proficient on the RI. We will review more data next month to start deciding on our focus for the money next year.

Thanked families for coming and reviewed questions. There are no action items for next month's meeting.

Katie Hicks – Safe Routes Presentation

Walking routes, shows where there are hazards, crossing guards, stop signs, cross walks. Hicks shared map with group, explained the icons and marked routes.

Katie Hicks – Closing

Encouraged parents to invite more parents next month, told them she will recommend on what to spend money but the parents will be the ones who ultimately decide.

Action Items:

Next meeting we will discuss the amount for Land Trust, what to focus on with the money and make suggestions for SSP to share with admin and staff.
