

Dear Episcopal Collegiate School Community,

Earlier this week, the Board of Trustees approved Episcopal Collegiate School's next Strategic Plan. The Plan is the culmination of a process that we began nearly a year ago and creates a five-year roadmap for our next steps as a school. It is the result of a great deal of hard work and commitment, involving more than 100 people representing all of Episcopal Collegiate School's constituent groups.

I am excited to share the Strategic Plan with our greater school community on Thursday, November 3rd, at 5:30 p.m. in the Middle/Upper School Dining Hall. I hope you will join us to learn firsthand about the vision for our school's bright future, and the course we will set to reach it.

Very Respectfully,

Dr. Jamie Griffin
Head of School
