

**About Us.....**

The Danville Independent School District

Foodservice Department services 4 schools. All Danville Independent Schools serve breakfast and lunch with afterschool snacks.

All 4 of our district's schools are enrolled in the Community Eligibility Provision (CEP), Allowing all students to receive meals free of charge. Danville Independent Sponsored 15 summer feeding sites this past summer.

**Alliance For Healthier Generation Team...**

The began implementation of Healthy Schools Program during the 2015-2016 school year. The program recognizes schools the create healthier school environments that promotes physical activity and healthy eating among students and staff.

Nutrition & Physical Activity Services - Healthy Steps Improvement Plan.....

The District Wellness Committee will review and revise the district's wellness policy to ensure that all of health and wellness priorities are included.

We will work with each other to ensure the development of a school based wellness team and wellness policy that will implement the Healthy Schools Program.

The Alliance For Healthier Generations will be used as a resource to align Program Review with Nutrition Education, Physical Education, and the assessment of our efforts.

Action plans will be developed and successes will be celebrated.

**Health Inspections.....**

All kitchens are HACCP compliant and inspected by the local Health Department twice a year.

**School Physical Activity Environment Assessment**

Program/Activity	Elem	Middle	High
Daily structured Recess	Yes	N/A	N/A
Provide at least 90-150 minutes of physical activity opportunities per week *% of enrollment	Yes	Nine wks. Course Required 100%	Grad Re-quired/ Elective Options 100%
Classroom physical activity integrated into the school day		N/A	N/A
Intramural physical activity opportunities	Rec. Leagues	Rec. Leagues	Rec. Leagues
Credentialed physical education teachers	Yes	Yes	Yes

All elementary students have the opportunity to participate in a variety of structured physical fitness activities both during and after the school day. Classroom-based physical activity program and curriculum tool that is linked to academic learning objectives

Intense physical activity programs have positive effects on academic achievement, including increased concentration; improved mathematics, reading, and writing test scores; and reduced disruptive behavior

**Nutrition & Physical Activity Report Card 2022-23 SY**

**Danville Independent Schools promote a Coordinated Health Program. We are dedicated to serving nutritious meals and providing multiple physical activity opportunities as a means of helping our students reach the maximum goals.**

**“Promoting healthy and safe behaviors among students is an important part of the fundamental mission of schools.”**

**School Health Index-Centers for Disease Control (CDC)**

## National School Lunch

The National School Lunch Program (NSLP) was conceived in 1946 as a “measure of national security to safeguard the health and well-being of the Nation’s children”. School districts receive federal reimbursement for each school lunch served that meets the United States Department of Agriculture nutrition guidelines. These guidelines promote meal quality, help farmers to sell surplus commodities, and help schools keep down meal prices.

Our lunch meals are planned on a three-week menu cycle. Federal regulations require we offer minimum portion sizes of meat, fruit, vegetable, grains/breads and fluid milk during every lunch meal service. The portion sizes are designed to meet the needs of growing children. We make a concerted effort to have fresh fruits and vegetables daily. Students are allowed to select from a variety of choices in each food category. We offer 1% fluid milk, and 100% juice daily.

The table below provides a synopsis of the School Food Service Program, including participation and financial data for the 2021-2022 School Year

Federal Meal Reimbursement	\$1345686.91
USDA Reimbursement (Commodity Food)	\$99,202
# of schools Participating	4
Total Lunches Served	227415
Total Breakfast Served	131363
Total After School Snacks Served	5749

## School Breakfast

The School Breakfast Program (SBP) was established in 1966. School districts receive federal reimbursement for each school breakfast served that meets the United States Department of Agriculture’s nutrition guidelines. Studies show that children who participate in the School Breakfast Program have significantly higher standardized achievement test scores than non-participants. Children with access to school breakfast also have significantly reduced absence and tardiness rates.

## After School Snack Program

The After-School Snack Program allows after-school care programs with regularly scheduled activities in an organized, structured environment to provide and claim reimbursement for snacks served to school-age children in schools with 50% or more free and reduced rates

## Summer Feeding Program

Summer Food Service Program The SFSP provides nutritious meals to children during vacation periods that are similar to those offered under the National School Lunch and Breakfast Programs during the school year. Meals are provided to children 18 years of age or under.

Federal Reimbursement	\$45951.46
Total Meals Served	
Breakfast	3987
Lunch	7592
Supper	195
Participating Locations	13

**“Protecting children’s health and cognitive development may be the best way to build a strong America.”**

**-- Dr. J. Larry Brown, Tufts University School of Nutrition**

Food and beverage items that are sold as extras on the cafeteria lines or through vending machines or school stores all meet the minimum nutritional standards required by the Kentucky Board of Education. These standards are designed to limit access to items with little or no nutrients
