

Welcome

Alabama's Career and Technical Education (CTE) program is considered to be the foundation for our state's future. CTE is focused on developing the skills of K-12 students and strives to prepare them for postsecondary learning and workforce opportunities. It also provides them essential leadership skills through participation in student organizations. CTE is learning that works for Alabama.

Student Organizations

FCCLA

Family, Career and Community Leaders of America (FCCLA) is a Career and Technical Student Organization that functions as an integral part of the Family and Consumer Sciences education curriculum and operates within the school system. Since 1945, FCCLA members have been making a difference in families, careers and communities by addressing important personal, work and societal issues. Through participation in Competitive Events, becoming involved in community service opportunities, student leadership and attending leadership conferences, members develop real world skills, explore Career Pathways, and become college and career ready.
