

**DURANT SCHOOL DISTRICT
POLICY ON STUDENT ALCOHOL AND DRUG TESTING
(Extracurricular Activities Students, Vision Academy Students and
Students Who Park on School Property)**

The Board of Education of the Durant School District (the “School District”), in order to protect the health and safety of as many students as possible and to educate and direct students away from drug and alcohol use and abuse, thereby setting an example for all other students of the School District, adopts the following Policy for testing for the use of illegal drugs, alcohol and performance enhancing drugs of students participating in extracurricular activities, Vision Academy students, **AND** students who park on district property.

STATEMENT OF PURPOSE AND INTENT

1. It is the desire of the Board of Education, administration and staff that every student in the School District refrain from using or possessing alcohol and illegal or performance enhancing drugs. Notwithstanding this desire, the administration and board of education realize that their power to restrict the possession or use of alcohol and illegal or performance enhancing drugs is limited. Therefore, except as provided below, the sanctions of this Policy relate solely to limiting the opportunity of any student determined to be in violation of this Policy to participate in extracurricular activities, enroll in Vision Academy and to park on School District property. This Policy is intended to supplement and complement all other policies, rules and regulations of the School District regarding possession or use of alcohol and illegal or performance enhancing drugs.

2. Participation in school-sponsored extracurricular activities at the School District is a privilege, not a right. Students who participate in these activities are respected by the student body and are expected to conduct themselves as good examples of behavior, sportsmanship and training. Accordingly, students who participate in extracurricular activities carry a responsibility to themselves, their fellow students, their parents and their school to set the highest possible example of conduct, which includes avoiding the use or possession of alcohol and illegal or performance enhancing drugs.

3. Enrollment in Vision Academy is a privilege, not a right. Students who seek enrollment at Vision Academy are provided with this unique opportunity based on the administration’s commitment to ensure the success of all students. Because of the program’s unique circumstances, students enrolling in Vision Academy have a responsibility to themselves and classmates to refrain from misconduct, which includes avoiding the use or possession of alcohol and illegal drugs.

4. Parking on the property of the School District is also a privilege, not a right. Students who park on School District property operate vehicles in close proximity to other students and faculty and may also have passengers in their vehicles. Because of this, the potential harm from misjudgment or impaired judgment due to alcohol or illegal drugs is great. Accordingly, students who park on School District property carry a responsibility to themselves, their fellow students and members of the public to operate their vehicles in a safe and reasonable manner that includes avoiding the use or possession of alcohol or illegal drugs. The use of alcohol and illegal drugs impairs the ability of a student to meet this responsibility.

5. The purpose of this Policy is to prevent alcohol and illegal or performance enhancing drug use, to educate students as to the serious physical, mental and emotional harm caused by alcohol and illegal or performance enhancing drug use, to alert students who have possible substance abuse problems to the potential harms of use, to prevent injury, illness and harm as a result of alcohol and illegal or performance enhancing drug use, and to strive within the School District for an environment free of alcohol and illegal or performance enhancing drug possession and use. This Policy is not intended to be disciplinary or punitive in nature. The sanctions of this Policy relate solely to limiting the opportunity of any student who participates in extracurricular activities and who is found to be in violation of the Policy

to participate in extracurricular activities, limiting access to Vision Academy for those students who choose to use alcohol and illegal drugs, and limiting the opportunity of any student who parks on School District property and who is found to be in violation of the Policy to park on School District property. There will be no academic sanction solely for a violation of this Policy. **Notwithstanding the foregoing, a student may be disciplined, including suspended out of school, if a violation of this policy also results in a violation of the School District’s Student Behavior Policy.**

PARTICIPATION AND PROCEDURES – EXTRACURRICULAR ACTIVITIES

1. Alcohol and illegal or performance enhancing drug possession or use is incompatible with participation in extracurricular activities on behalf of the School District. For the safety, health and well being of the student extracurricular activity participants of the School District, the School District has adopted this Policy for use by all participating students at the 7th-12th grade level. Any student found to be in possession of, or having used alcohol or illegal or performance enhancing drugs, either by observation or drug or alcohol use test, will be considered to have violated this Policy.

2. Each student extracurricular activity participant shall be provided with a copy of this Policy and the “Student Extracurricular Activity Participant Alcohol and Illegal or Performance Enhancing Drugs Contract (the “Extracurricular Activities Contract”) which shall be read, signed and dated by the student, parent or custodial guardian and a coach/sponsor before such student shall be eligible to practice or participate in any extracurricular activity. No student shall be allowed to practice or participate in any extracurricular activity unless the student has returned the properly signed Contract. Provided, however, the lack of a signature on the part of a coach/sponsor shall not invalidate consent to drug testing under the Contract.

3. The principal and sponsor, or, in the case of student athletes only, the athletic director and applicable coach, shall be responsible for determining whether a violation of this Policy has occurred when an observation of possession or use of alcohol or illegal drug by a student extracurricular activity participant has been reported. If a violation of the Policy is determined to have occurred by a student extracurricular activities participant other than a student athlete, the superintendent or designee will contact the student, the sponsor, and the parent or custodial guardian of the student and schedule a

conference. If a violation of the Policy is determined to have occurred by a student athlete, the superintendent or designee will contact the student, the sponsor or head coach, the applicable principal, and the parent or custodial guardian of the student and schedule a conference. At the conference, the violation of the Policy will be described and the restrictions explained.

4. The Extracurricular Activities Contract shall signify consent on the part of the student extracurricular activity participant and his or her parent(s)/guardian(s) for the district to obtain a urine sample from the student extracurricular activity participant for the purpose of performing a drug and/or alcohol use test. Such drug use testing may occur upon any of the following events:
 - A. For student athletes, as part of the annual physical examination. Student athletes who have physical examinations performed by their personal physicians must nonetheless sign the Contract and comply with all policy requirements.
 - B. For student extracurricular **activity participants other than student athletes, either**
 - (i) prior to the start of the season for the extracurricular activity in which a student extracurricular activities participant competes, or
 - (ii) if the extracurricular activity has no established season, within one week after the first day of classes at the beginning of the school year;
 - C. As chosen by the random selection basis described in paragraph 5 below; and
 - D. At any time the principal, coach/sponsor, or—in the case of student athletes—the athletics director requests a drug and/or alcohol use test by a student extracurricular activities participant, based on reasonable suspicion of possession or use of alcohol and/or illegal or performance enhancing drugs.

5. Drug and/or alcohol use testing for student extracurricular activities participants will be chosen on a random selection basis weekly from a list of all applicable student participants. The School District will determine a weekly number of student names to be drawn at random to provide a urine sample for drug and/or alcohol use testing for alcohol and/or illegal or performance enhancing drugs.

6. The School District will set a fee charge to be collected from each student when the Extracurricular Activities Contract is signed and returned to the coach or sponsor.

PARTICIPATION AND PROCEDURES – VISION ACADEMY

1. Alcohol and illegal drug possession or use is incompatible with enrollment in Vision Academy. For the safety, health and well being of all Vision Academy students, the School District has adopted this Policy for use by all Vision Academy students. Any student found to be in possession of, or having used alcohol or illegal drugs, either by observation or drug or alcohol use test, will be considered to have violated this Policy.

2. Each Vision Academy student shall be provided with a copy of this Policy and the “Vision Academy Student Alcohol and Illegal Drugs Contract (the “Vision Academy Contract”) which shall be read, signed and dated by the student and his/her parent or custodial guardian before such student shall be eligible to attend classes at Vision Academy. No student shall be allowed to attend classes or participate in activities at Vision Academy unless the student has returned the properly signed Vision Academy Contract.

3. The Vision Academy principal shall be responsible for determining whether a violation of this Policy has occurred when an observation of possession or use of alcohol or illegal drug by a Vision Academy student has been reported. If a violation of the Policy is determined to have occurred by a Vision Academy student, the superintendent or designee will contact the student and the parent or custodial guardian of the student and schedule a conference. At the conference, the violation of the Policy will be described and the restrictions explained.

4. The Vision Academy Contract for alcohol and illegal drug and/or alcohol use testing shall be to provide a urine sample: a) as chosen by the random selection basis; and b) at any time a Vision Academy student is requested by the superintendent or designee, based on reasonable suspicion, to be tested for alcohol and illegal drugs.

5. Drug and/or alcohol use testing for Vision Academy students will be chosen on a random selection basis weekly from a list of all Vision Academy students. The School District will determine a weekly number of student names to be drawn at random to provide a urine sample for drug and/or alcohol use testing for alcohol and/or illegal drugs.

6. In addition to the drug and alcohol use tests required above, any Vision Academy student may be required to submit to a drug and/or alcohol use test for alcohol or illegal drugs or the metabolites thereof at any time upon reasonable suspicion.

7. The School District will set a fee charge to be collected from each student when the Vision Academy Contract is signed and returned.

PARTICIPATION – PARKING PERMITS

1. Alcohol and illegal drug possession or use is incompatible with operating a motor vehicle on property of the School District. For the safety, health and well-being of the students and Permit Holders of the School District, the School District has adopted this Policy for use by all Permit Holders. Any student found to be in possession of, or having used alcohol or illegal drugs, either by observation or drug or alcohol use test, will be considered to have violated this Policy.

2. All students who park on School District property must have a proper parking permit issued by the School District.

3. Each Permit Holder shall be provided with a copy of this Policy and the “Parking Permit Application and Alcohol and Illegal Drug Contract” (the “Parking Permit Contract”), which shall be read, signed and dated by the student, parent or custodial guardian before such student shall be eligible to apply for a parking permit. No application for a parking permit will be considered until the student has returned the properly signed Parking Permit Contract.

4. The superintendent or his designee shall be responsible for determining whether a violation of this Policy has occurred when an observation of possession or use of alcohol or illegal drug by a Permit Holder has been reported. If a violation of the Policy is determined to have occurred by a Permit Holder, the superintendent or designee will contact the student and the parent or custodial guardian of the student and schedule a conference. At the conference, the violation of the Policy will be described and the restrictions explained, including the beginning date of any suspension of the parking permit.

5. The Parking Permit Contract for alcohol and illegal drug and/or alcohol use testing shall be to provide a urine sample: a) as chosen by the random selection basis; and b) at any time a Permit Holder is requested by the superintendent or his designee, based on reasonable suspicion, to be tested for alcohol and illegal drugs.

6. Drug and/or alcohol use testing for Permit Holders will be chosen on a random selection basis weekly from a list of all Permit Holders. The School District will determine a weekly number of

student names to be drawn at random to provide a urine sample for drug and/or alcohol use testing for alcohol and/or illegal drugs; provided however, a Permit Holder's name will be on the list only once if he/she is also an extracurricular activities participant.

7. In addition to the drug and alcohol use tests required above, any Permit Holder may be required to submit to a drug and/or alcohol use test for alcohol or illegal or performance enhancing drugs or the metabolites thereof at any time upon reasonable suspicion.

8. The School District will set a fee to be collected from each student when the Parking Permit Contract is signed and returned to the administration, to cover the expense of these testing procedures.

TESTING PROCEDURES

1. Any alcohol or drug use test required by the School District under the terms of this Policy will be administered by or at the direction of a professional laboratory chosen by the School District using scientifically validated toxicological methods. The professional laboratory shall be required to have detailed written specifications to assure chain of custody of the specimens, proper laboratory control and scientific testing.

2. All aspects of the alcohol or drug use testing program, including the taking of specimens, will be conducted so as to safeguard the personal and privacy rights of the students to the maximum degree possible. The test specimen shall be obtained in a manner designed to minimize intrusiveness of the procedure. In particular, the specimen must be collected in a restroom or other private facility behind a closed stall. The superintendent or designee shall designate a sponsor or coach or other adult person of the same sex as the student to accompany the student to a restroom or other private facility behind a closed stall. The monitor shall not observe the student while the specimen is being produced, but the monitor shall be present outside the stall to listen for the normal sounds of urination in order to guard against tampered specimens and to insure an accurate chain of custody. The monitor shall verify the normal warmth and appearance of the specimen. If at any time during the testing procedure the monitor has reason to believe or suspect that a student is tampering with the specimen, the monitor may stop the procedure and inform the principal or athletic director who will then determine if a new sample should be obtained. If a student is determined to have tampered with any specimen or otherwise engaged in any conduct that disrupts the testing process of any student, then the student will be deemed to have committed a second offense under this Policy and the sanctions for a second offense will be imposed. The monitor shall give each student a form on which the student may but is not required to list any medications he/she has taken or any other legitimate reasons for having been in contact with illegal drugs or performance enhancing drugs in the preceding thirty (30) days. The medication list may be submitted to the lab in a sealed and confidential envelope.

3. If an initial drug use test is positive, the initial test result will be subject to confirmation by a second and different test of the same specimen. The second test will use the gas chromatography/mass spectroscopy technique. A specimen shall not be reported positive unless the second test utilizing the gas chromatography/mass spectrometry procedure is positive for the presence of an illegal drug or performance enhancing drug or the metabolites thereof. If an initial alcohol use test is positive for the presence of alcohol, the initial test result will be subject to confirmation by a second test using any scientifically accepted method. The unused portion, if any, of a specimen that tests positive for alcohol or illegal or performance enhancing drugs shall be preserved by the laboratory for a reasonable period of time as determined by the laboratory.

4. If the alcohol or drug use test for any student has a positive result, the laboratory will contact the superintendent or designee with the results. In the case of student extracurricular activities participants who are not athletes, the superintendent or designee will contact the

student, the sponsor, and the parent or custodial guardian of the student and schedule a conference. In the case of student athletes, the superintendent or designee will contact the student, the sponsor or head coach, the applicable principal, and the parent or custodial guardian of the student and schedule a conference. In the case of Vision Academy students, the superintendent or designee will contact the student, applicable principal, and the parent or custodial guardian of the student and schedule a conference. In the case of Permit Holders, the superintendent or designee will contact the student and the parent or custodial guardian of the student and schedule a conference. At the conference, the superintendent or designee will solicit any explanation for the positive result and ask for doctor prescriptions of any drugs that the student was taking that might have affected the outcome of the alcohol or drug use test. The principal or the athletic director will also inform the student and his/her parent or custodial guardian of the ability to re-test the remaining specimen described in paragraph 5 below.

5. If the student and his/her parent or custodial guardian desire another test of the remaining portion, if any, of the specimen, the superintendent or designee will arrange for another test at the same laboratory or at another laboratory agreeable to the superintendent or designee. Any such re-test shall be at the expense of the student and his/her parent or custodial guardian. Such re-test must be requested during the conference described in paragraph 3. Should a re-test be requested, no determination shall be made as to whether there is a policy violation until the re-test has been completed; however, the student shall be ineligible for participation in extracurricular activities pending the results of such re-test. However, if the re-test returns a positive result, any days that a student is ineligible for participation in extracurricular activities under this paragraph shall be counted towards the sanction issued under this policy.

6. If during the conference described in paragraph 4 the student asserts that the positive test results are caused by other than consumption of alcohol or an illegal or performance enhancing drug by the student, then the student will be given an opportunity to present evidence of such to the superintendent or designee. The School District will rely on the opinion of the appropriate person from the original laboratory that performed the test in determining whether the positive test result was produced by other than consumption of alcohol or an illegal or performance enhancing drug. Should an alternative reason for the positive result be provided, no determination shall be made as to whether there is a policy violation until the original laboratory has been consulted; however, the student shall be ineligible for participation in extracurricular activities pending such consultation. However, if a policy violation is determined to have occurred, any days that a student is ineligible for participation in extracurricular activities under this paragraph shall be counted towards the sanction issued under this policy.

7. If a policy violation has been determined by the principal or the athletic director to have occurred, they will notify the student and his/her parent(s)/guardian(s).

8. A student who has been determined by the superintendent or designee to be in violation of this Policy shall have the right to appeal the decision to the superintendent or designee(s). Such appeal must be lodged within five (5) school days of notice of the initial report of the offense, during which time the student will remain ineligible to participate in any extracurricular activities, attend Vision Academy, or park on School District property. The superintendent or designee(s) shall then determine whether the original finding was justified. There is no further appeal right from the superintendent or designee's decision and that decision shall be conclusive in all respects. Any necessary interpretation or application of this Policy shall be the sole and exclusive judgment and discretion of the superintendent which shall be final and nonappealable.

9. Before a student who has tested positive in an alcohol or drug use test may rejoin his/her extracurricular activity and park on School District property after a first or second offense, such student may be required to undergo one or more additional alcohol or drug use tests to determine whether the student is no longer using alcohol or illegal or performance enhancing drugs. The School District will rely on the opinion of the appropriate person from the laboratory which performed or analyzed the additional alcohol or drug use test in determining whether a positive result in the additional alcohol or drug use test was produced by alcohol or illegal or performance enhancing drugs used by the student before the offense or by more recent use. Vision Academy students will not be permitted to rejoin Vision Academy after testing positive for alcohol or illegal drugs.

10. All documents created pursuant to this Policy with regard to any student will be kept in a confidential folder and will never be made a part of the student's cumulative folder nor be considered a "disciplinary" record.

Medical Marijuana

11. The school district recognizes that safety is a paramount concern in all extracurricular activities, and students under the influence of marijuana may endanger the participation of other students. Therefore, a student extracurricular activities participant who tests positive for marijuana or its metabolites shall be considered in violation of this policy and subject to the loss of the privilege to participate in extracurricular activities even if the participant is in possession of a valid medical marijuana license.

VIOLATIONS – EXTRACURRICULAR ACTIVITIES PARTICIPANTS AND STUDENT PARKERS

1. Any student who is determined by observation or by alcohol/drug use tests to have violated this Policy shall be subject to the loss of the privilege to participate in extracurricular activities and loss of the privilege to park on School District property and offered educational and support assistance to stop using.

2. For the First Offense: Suspension from competing in all scheduled extracurricular activities (including all performances and games/competitions) and suspension of the Parking Permit for **four-weeks (20 school days) which may be reduced by 10 school days** by successfully completing substance abuse education provided by the Safe Schools Office and attending a meeting with the School Based Social Worker, as designated by the Superintendent, during the first 10 days of the suspension period. Transportation and arrangements for this education/meeting are the responsibility of the student/guardian. Written documentation must be submitted to the school upon completion of the education. These restrictions and requirements shall begin immediately following the determination of a violation of this policy. Such suspension will extend into a succeeding school year if necessary to fulfill the suspension

3. For the Second Offense (in the same school year): Suspension from competing in all scheduled extracurricular activities (including all performances and games/competitions) and suspension of the Parking Permit for **8-weeks (40 school days)** which may be reduced to four-weeks (20 school days) by successfully completing 4 hours of substance abuse counseling by a Licensed Alcohol & Drug Counselor and the student and his/her guardian must attend a meeting with the School Based Social Worker, as designated by the Superintendent, during the first 20 days of the suspension period. Counseling expenses and arrangements will be the responsibility of the student/guardian. Written proof of counseling must be submitted to the school upon completion. These restrictions and requirements shall begin immediately following the determination of an observed violation or the reporting of the results of a positive alcohol or drug use test. Such suspension will extend into a succeeding school year if necessary to fulfill the suspension.

4. For the Third or Subsequent Offense (in the same school year): Complete suspension from participation in all extracurricular activities including all meetings, practices, performances and competitions and suspension of the Parking Permit for eighteen (18) continuous and successive school weeks from the date of the determination of a violation under this Policy. Such suspension will extend into a succeeding school year if necessary to fulfill the suspension. Offenses shall not accumulate from school year to school year; the eighteen (18) week suspension shall come into play only when three (3) or more offenses are committed in the same school year.

5. Self-Referral: As an option to the consequences for a first offense only, a student may self-refer to the superintendent or designee or to a coach or sponsor before being notified of a Policy violation or prior to being asked or required to submit to an alcohol or drug use test. A student who self-refers will be allowed to remain active in all extracurricular activities and retain his Parking Permit after the following conditions have been fulfilled: a conference has been held with the student, the superintendent or designee and the parent or custodial guardian of the student to discuss the Policy violation; an alcohol or drug use test is provided by the student that is not positive, and a written participation commitment by the student and parent for four (4) hours of substance abuse education/counseling provided by the school or an outside agency. Documentation of successful completion of this commitment must be provided to the superintendent or designee by the student or parent. A student who self-refers will, however, be considered to have committed his/her first offense under this Policy. A self-referral may be used only once in a student's time in the School District.

VIOLATIONS – VISION ACADEMY STUDENTS

1. Any student who is determined by observation or by alcohol or drug use tests to have violated this Policy shall be removed from Vision Academy.

REFUSAL TO SUBMIT TO ALCOHOL OR DRUG USE TEST

1. If, after signing the Extracurricular Activities Contract or the Parking Permit Contract, a student who refuses to submit to an alcohol or drug use test authorized under this Policy, such student shall not be eligible to participate in any extracurricular activities including all meetings, practice, performances and competitions for eighteen (18) continuous and successive school weeks and will have his Parking Permit suspended for that same length of time. Such suspension will extend into a succeeding school year if necessary to fulfill the suspension. Vision Academy students who refuse to submit to alcohol or drug use test authorized under this Policy will be removed from the Vision Academy program.

**Durant School District Student
Parking Permit Application and
Alcohol and Illegal Drugs Contract**

Statement of Purpose and Intent:

Parking on the property of the Durant School District is a privilege and not a right. Such privilege is governed by the attached Durant School District Policy on Student Alcohol and Drug Testing (the "Policy"). Alcohol and illegal drug use of any kind is incompatible with the privilege of parking on the property of the Durant School District. Students who park on School District property operate vehicles in close proximity of other students. Because of this, the potential harm from misjudgment or impaired judgment of a student is great. Students who park on School District property carry a responsibility to themselves, their fellow students and members of the public to operate their vehicles in a safe and reasonable manner, which includes avoiding the use or possession of alcohol or illegal drugs.

Parking Permits:

For the safety, health and well-being of the students of the Durant School District, the Durant School District has adopted the attached Policy and this Parking Permit Application and Alcohol and Illegal Drugs Contract (the "Parking Permit Contract") which shall be read, signed and dated by the student, parent or custodial guardian before such student shall be eligible to apply for a parking permit. No application for a parking permit will be considered until the student has returned the properly signed Parking Permit Contract.

I understand after having read the Policy and this Parking Permit Contract that, out of care for my safety and health, the Durant School District enforces the rules applying to the consumption or possession of alcohol and illegal drugs. As a driver, I realize that the personal decision that I make daily in regard to the consumption or possession of alcohol and illegal drugs may affect my health and well-being as well as the possible endangerment of those around me. If I choose to violate the Policy regarding the use or possession of alcohol and illegal drugs any time during the school year, I understand upon determination of that violation I will be subject to the restrictions of any parking permit issued to me as outlined in the Policy.
