

The Right Time

"The time is always right to do what is right"

We use our words and do not fight.

Yesterday an idea lit,

But you're not sure if you should do it.

The time is always right it won't be not.

So listen to your guts and do what you thought.

Oh! how about a school fundraiser?

You do it you be the racer!

Lots of food for poor people,

Go for it! they'll be very gleeful!

No matter what minute of day,

If an idea comes to bay,

Dust yourself down, brush yourself off,

And whatever you do, just show that you've fought!
