

# Sayreville War Memorial High School

## Accomplishments/Highlights 2021-2022

- During the 2021-2022 school year the High School Administration with the assistance of a committee of staff members revised the mission statement of the school so that it capsulated the core values and beliefs of the school, defined its goals and objectives, and emphasized its commitment and purpose to the community.
- ***The Sayreville War Memorial High School community empowers students to navigate the challenges of an ever-evolving global society by providing a supportive and equitable learning environment which offers extensive course and extracurricular opportunities that allow students to discover their passions and maximize their individual potential.***
- School Climate, Culture, and School Spirit
  - In April of last year we had our first ever spring “School Spirit Assembly” to honor the Winter and Spring athletic teams as well as our amazing High School band.

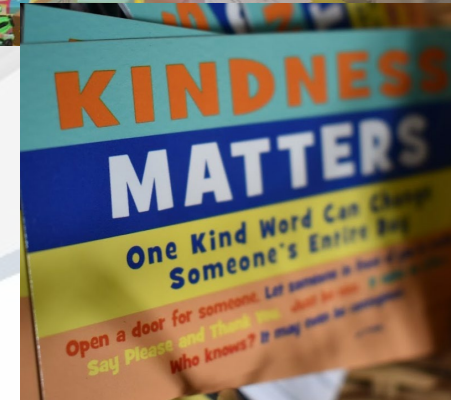

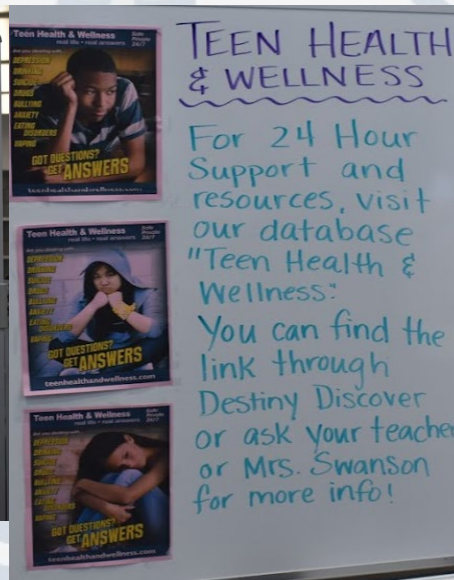

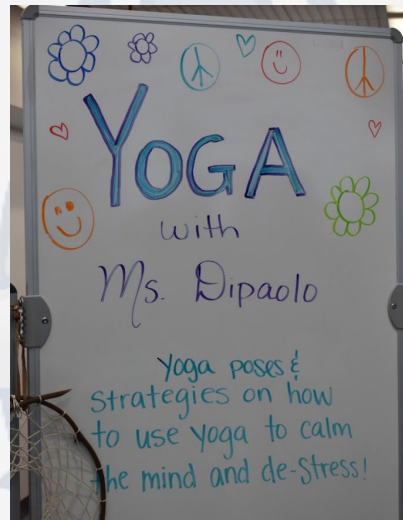

# Sayreville War Memorial High School Accomplishments/Highlights 2021-2022

- Thanks to our amazing Media Specialist Ms. Swanson the library is in the beginning stages of a collaborative space for students and teachers. We want this space to be transformed into the HUB of the school and for learning.

- May of 2022 we held our First Annual SWMHS Mental Health Fair.
  - An event focused on getting student's minds healthier.
  - The goal and focus of this event was to promote the importance of positive mental health and wellbeing to our students and staff. Various organizations attended to spread awareness of this crucial subject.

# Goals for the 2023-2024 School Year

- Provide additional support to bilingual students and families as it relates to academic growth, diversity, and inclusion within the school setting.
- To Improve the facilitation and identification of students who are at risk of failure and to ensure procedural processes are effective throughout the Response to Intervention services for our students.
- By June 2023 SWMHS will increase student attendance and decrease the number of student chronically absent from school by using specific target strategies to increase daily attendance.

# Goals/Resources/School Improvement for the 2023-2024 School Year

- To promote the positive climate and culture throughout SWMHS by:
  - Continue to Identify the social emotional needs of students and staff.
- Staff and Student Facilities
  - Continue to update teacher furniture, cafeteria furniture, and classroom furniture. To ensure a comfortable and inviting environment for our staff members and students.
- Conduct and implement a whole school self study:
  - Governance and Organization
  - Student Well-Being Standard
  - Teaching and Learning/Student Performance
  - Plan for Growth and Improvement
