

Mathews Local School District 2023 & Beyond Strategic Plan

The Mathews Local Board of Education convened a diverse group of community members, staff and administrators and member district representatives to consider and debate the future direction of Mathews. These discussions resulted in a comprehensive strategic plan, including a Vision statement; a Mission statement; Core Values; and five new, over-arching goals, each with a set of measurable and actionable strategies.

Vision statement:

Legendary Education Honoring Tradition and Community

Mission statement:

The mission of the MLSD is to foster:

- A sense of community
- A safe and positive environment
- Lifelong learners
- Successful citizens

Mathews Local strives to promote:

- | | |
|------------------------|-----------------|
| Accountability | Kindness |
| Curiosity | Open-mindedness |
| Empathy | Perseverance |
| Families and community | Pride |
| Good character | Respect |
| Integrity | |

Our Goals:

Community Connections

Mathews Local will offer a variety of extra-curricular opportunities that encourage excellence and pride through high standards, hard work and perseverance.

Communications

Mathews Local is committed to transparency and enhanced communication to facilitate community engagement.

Safety

Mathews Local will develop layers of strategies to ensure the safety and security of the school community.

Student Achievement

Mathews Local will cultivate and promote student achievement.

Financing Facilities

Mathews Local will create a manageable facility plan working within our educational needs and resources.

We believe that if we are accountable to these goals as a district and as a community, we will continue to improve, achievement will increase and decisions about doing what's best for students will be clear.

The Mathews Local School District staff and community members with expertise or interest in these goal areas are serving on action teams for the new or ongoing strategies aligned directly with each of these goals. As the objectives are implemented, new ones will be discussed, planned and initiated.
