

# PROPOSED IMPROVEMENTS HUBBARD WOODS SCHOOL

- ✓ Add secure entry vestibule
- ✓ Address health/life safety upgrades
- ✓ Install new HVAC system to improve air quality, air flow and temperature control
- ✓ Replace electrical panels that have reached the end of their life
- ✓ Address ADA code issues
- ✓ Add multipurpose/cafeteria space
- ✓ Update aging flooring, railings and hardware
- ✓ Address plumbing improvements
- ✓ Upgrade classroom electrical

Conceptual Rendering

## Secure Entry Vestibule

A new secure entry vestibule would address best practices for safety and security, including access control.

Conceptual Rendering

## Multipurpose Room/Cafeteria

A new multipurpose room would provide space to efficiently host lunch and address before- and after-school childcare.
