CLAIM PROVISIONS

Notice of Claim: Written notice of claim must be given to Us or Our authorized representative within 60 days after a covered loss starts, or as soon thereafter as is reasonably possible. Notice should include information sufficient to identify the Covered Person.

Claim Forms: The Company, upon receipt of written notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing Proofs of Loss. If such forms are not furnished within 15 days after the giving of such notice, the claimant shall be deemed to have complied with the requirements of this Policy as to Proof of Loss upon submitting, within the time fixed in this Policy for filing Proof of Loss, written proof covering the occurrence, the character, and the extent of the loss for which claim is made.

Proof of Loss: Written Proof of Loss must be given to the Company or its authorized representative within 90 days after the covered loss. If Proof of Loss is not given within 90 days, the claim will not be denied or reduced for that reason if that proof was given as soon as reasonably possible. In any case, the proof required must be given no later than one year from the time specified except in the absence of legal capacity.

Time of Payment of Claims: Benefits for any loss, other than loss for which this Policy provides any periodic payment, will be paid immediately upon, or within 30 days after, receipt of due written Proof of Loss. When this Policy provides for periodic payment, the benefits will accrue and will be paid monthly subject to proper Proof of Loss.

We will pay or deny the claim not later than 30 days after receipt of the claim. If We deny a claim, We will notify the provider and the Covered Person. The notice shall state, with specificity, why We denied the claim. However, if We determine that reasonable supporting documentation is needed to establish Our responsibility to make payment, We shall pay or deny the claim not later than 45 days after receipt of the claim. Not later than 30 days after receipt of the claim, We shall notify all relevant external sources that the supporting documentation is needed.

The number of days that elapse between Our last request for supporting documentation within the 30 day period and Our receipt of all of the supporting documentation that was requested shall not be counted for purposes of determining Our compliance with the time period of not more than 45 days for payment or denial of a claim. If We request additional supporting documentation after receiving the initially requested documentation, the number of days that elapse between making the request and receiving the additional supporting documentation shall be counted for purposes of determining Our compliance with the time period of not more than 45 days.

If We deny a claim, We shall notify the provider and the Covered Person. The notice shall state, with specificity, why We denied the claim.

Complaints: If you disagree with our claim determination, write to us and we will review Your claim. Such request must include the following information:

All other benefits will be payable to the Covered Person.

If any indemnity of this Policy shall be payable to the estate of the Covered Person or to an Covered Person who is a minor or otherwise not competent to give a valid release, the Company may pay such indemnity to his parent, guardian or other person actually supporting him. Any payment made by the Company in good faith pursuant to this provision shall fully discharge the Company to the extent of such payment.

Subject to any written direction of the Covered Person or of the legal or natural guardian of the Covered Person, if the Covered Person is a minor or otherwise incompetent to make such a direction, all or a portion of any indemnities provided by this Policy as a result of medical, surgical, dental, hospital or nursing service may, at the Company option, and unless the Company is requested in writing not later than the time for filing proofs of loss, be paid directly to the hospital or person rendering such services; but it is not requested that the services be rendered by a particular Hospital or person.

Physical Examination and Autopsy: At Our own expense, We shall have the right and opportunity to examine the Covered Person as We may reasonably require while a claim is pending. At Our own expense, We may also have the right to make an autopsy in the case of death, where it is not prohibited by law.

Legal Actions: A legal action may not be brought to recover on this Policy within 60 days after written proof of loss has been given as required. No such action may be brought after three years from the time written proof was required to be given.

Subrogation: When benefits are paid to or for the Covered Person under the terms of this Policy, We shall be subrogated, unless otherwise prohibited by law, to the rights of recovery of such Covered Person against any person who might be acknowledged as liable or found legally liable by a Court of competent jurisdiction for the Injury that necessitated the hospitalization or the medical or surgical treatment for which benefits were paid. Such subrogation rights shall extend only to Our recovery of the benefits We have paid for such hospitalization and treatment, and We shall pay the fees and costs associated with such recovery.

GENERAL PROVISIONS

Entire Contract; Changes: This Policy, including the application, endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by one of Our executive officers and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or waive any of its provisions.

Our failure to enforce any Policy provision shall not waive, modify or render such provision unenforceable at any other time; at any given time; or under any given set of circumstances, whether the circumstances are, or are not, the same.

We have full, exclusive, and discretionary authority to determine all questions arising in connection with the Policy, including its interpretation.

Time Limit On Certain Defenses: After 2 years from the Effective Date of issue of this Policy, no misstatements, except fraudulent misstatements, made by You in the application for such coverage shall be used to void the Policy or to deny a claim for loss incurred commencing after the expiration of such 2 year period.

Adjustment Due To Misstatement Of Age: If premiums vary by age, an adjustment will be made in the event a Covered Person's age has been misstated. Premiums will be adjusted according to the Covered Person's correct age. Any adjustment of benefits due to the correction of age will also be made.

Incontestability: All statements made in an application by the Policyholder are, in the absence of fraud, representations and not warranties. No statement shall be used to contest this Policy, the validity of coverage or reduce benefits, unless it is in writing, signed by the Policyholder, and a copy of such statement is furnished to the Policyholder.

Insurance Class: Policyholder may set forth in its application Insurance Classes of Eligible Persons. The Policyholder shall notify Us when a change of Insurance Class occurs for the Covered Person.

1. the Policyholder makes a written request for coverage on a form approved by Us; and
2. any premium not paid because of the error is paid in full from the effective date of coverage.

We reserve the right to limit retroactive coverage to two months preceding the date the error was reported.

If a clerical error is made so that the coverage is in effect for a person who is not eligible, an adjustment will be made to correct the error. **Notice Concerning Coverage
Limitations and Exclusions Under the Ohio
Life and Health Insurance Guaranty
Association Act**

Residents of Ohio who purchase life insurance, annuities or health insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the Ohio Life and Health Insurance Guaranty Association. The purpose of this association is to assure that policyholders will be protected, within limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the guaranty association will assess its other member insurance companies for the money to pay the claims of insured persons who live in this state and, in some cases, to keep coverage in force. The valuable extra protection provided by these insurers through the guaranty association is not unlimited, however. And, as noted in the box below, this protection is not a substitute for consumers' care in selecting companies that are well-managed and financially stable.

The Ohio Life and Health Insurance Guaranty Association may not provide coverage for this policy. If coverage is provided, it may be subject to substantial limitations or exclusions, and require continued residency in Ohio. You should not rely on coverage by the Ohio Life and Health Insurance Guaranty Association in selecting an insurance company or in selecting an insurance policy.

Coverage is NOT provided for your policy or any portion of it that is not guaranteed by the insurer or for which you have assumed the risk, such as a variable contract sold by prospectus. You should check with your insurance company representative to determine if you are only covered in part or not covered at all.

Insurance companies or their agents are required by law to give or send you this notice. However, insurance companies and their agents are prohibited by law from using the existence of the guaranty association to induce you to purchase any kind of insurance policy.

The state law that provides for this safety-net coverage is called the Ohio Life and Health Insurance Guaranty Association Act. On the back of this page is a brief summary of this law's coverages, exclusions and limits. This summary does not cover all provisions of the law; nor does it in any way change anyone's rights or obligations under the act or the rights or obligations of the guaranty association.

(please turn to back of page)

COVERAGE

Generally, individuals will be protected by the life and health insurance guaranty association if they live in Ohio and hold a life or health insurance contract, annuity contract, unallocated annuity contract; if they are insured under a group insurance contract, issued by a member insurer; or if they are the payee or beneficiary of a structured settlement annuity contract. The beneficiaries, payees or assignees of insured persons are protected as well, even if they live in another state.

EXCLUSIONS FROM COVERAGE

However, persons holding such policies are **not** protected by this association if:

- they are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- the insurer was not authorized to do business in this state;
- their policy was issued by a medical, health or dental care corporation, an HMO, a fraternal benefit society, a mutual protective association or similar plan in which the policyholder is subject to future assessments, or by an insurance exchange.

The association also does **not** provide coverage for:

- any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as a variable contract sold by prospectus;
- any policy of reinsurance (unless an assumption certificate was issued);
- interest rate yields that exceed an average rate;
- dividends;
- credits given in connection with the administration of a policy by a group contract holder;
- employers' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them).

LIMITS ON AMOUNT OF COVERAGE

The act also limits the amount the association is obligated to pay out: The association cannot pay more than what the insurance company would owe under a policy or contract. Also, for any one insured life, the association will pay a maximum of \$300,000, except as specified below, no matter how many policies and contracts there were with the same company, even if they provided different types of coverages. The association will not pay more than \$100,000 in cash surrender values, \$500,000 in major medical insurance benefits, \$300,000 in disability or long-term care insurance benefits, \$100,000 in other health insurance benefits, \$250,000 in present value of annuities, or \$300,000 in life insurance death benefits. Again, no matter how many policies and contracts there were with the same company, and no matter how many different types of coverages, the association will pay a maximum of \$300,000, except for coverage involving major medical insurance benefits, for which the maximum of all coverages is \$500,000.

Note to benefit plan trustees or other holders of unallocated annuities (GICs, DACs, etc.) covered by the act: For unallocated annuities that fund governmental retirement plans under §§401, 403(b) or 457 of the Internal Revenue Code, the limit is \$250,000 in present value of annuity benefits including net cash surrender and net cash withdrawal per participating individual. In no event shall the association be liable to spend more than \$300,000 in the aggregate per individual, except as noted above. For covered unallocated annuities that fund other plans, a special limit of \$1,000,000 applies to each contract holder, regardless of the number of contracts held with the same company or number of persons covered. In all cases, of course, the contract limits also apply.

OHIO EXTERNAL REVIEW

GENERAL EXTERNAL REVIEW

You or Your authorized representative may request an external review of a coverage denial if both of the following are the case:

- We have denied, reduced, or terminated coverage for what would be a covered health care service except that We have determined that the health care service is not medically necessary.
- Except in the case of an expedited review, the proposed service, plus any ancillary services and follow-up care, will cost You more than five hundred dollars (\$500) if the proposed service is not covered by Us.

If You have a terminal condition, We will follow the External Review for Experimental or Investigative Treatment procedures detailed in such section of these Procedures.

A request for a General External Review will not be granted in any of the following circumstances:

- You have failed to exhaust Our internal review process.
- You have previously been afforded an external review for the same denial of coverage, and no new clinical information has been submitted to Us.

We will deny a request for a General External Review if it is requested later than 60 days after notice has been sent regarding a final determination of the internal appeal process. A General External Review may be requested by You, an authorized person, Your provider, or a health care facility rendering health care service to You. You may request a review without the approval of the provider or the health care facility rendering the health care service. The provider or health care facility may not request a review without Your prior consent.

A General External Review must be requested in writing, except that if You have a condition that requires Expedited Review, the review may be requested orally or by electronic means. When an oral or electronic request for review is made, written confirmation of the request must be submitted to Us not later than 5 days after the request is made.

A request for a General External Review must be accompanied by written certification from Your provider or the health care facility rendering the health care service to You that the proposed service, plus any ancillary services and follow-up care, will cost You more than \$500 dollars if the proposed service is not covered.

Except in the case of an expedited review, the independent review organization will issue a written decision not later than 30 days after the filing of the request. The independent review organization will send a copy of its decision to Us and to You. If Your provider or the health care facility rendering health care services to You requested the review, the independent review organization will also send a copy of its decision to Your provider or the health care facility.

We will provide any coverage determined by the independent review organization's decision to be Medically Necessary, subject to the other terms, limitations, and conditions of the insured's policy or certificate.

EXTERNAL REVIEW OF DENIAL OF EXPERIMENTAL OR INVESTIGATIVE TREATMENT FOR TERMINAL CONDITIONS

You or Your authorized representative may request an external review of a coverage denial if all of the following are the case:

- You have a terminal condition that, according to the current diagnosis of Your physician, has a high probability of causing death within 2 years.
- You request a review not later than 60 days after notice from Us regarding a final determination of the internal appeal process.
- Your physician certifies that You have a terminal condition as described above and any of the following situations are applicable:
 - Standard therapies have not been effective in improving Your condition.
 - Standard therapies are not medically appropriate for You.
 - There is no standard therapy covered by Us that is more beneficial than therapy recommended by your physician.

- Your physician has recommended a drug, device, procedure, or other therapy that the physician certifies, in writing, is likely to be more beneficial to You, in the physician's opinion, than standard therapies, or You have requested a therapy that has been found in a preponderance of peer-reviewed published studies to be associated with effective clinical outcomes for the same condition.
- You have been denied coverage by Us for a drug, device, procedure, or other therapy recommended or requested, and has exhausted Our internal review process.
- The drug, device, procedure, or other therapy, for which coverage has been denied, would be a covered health care service except for Our determination that the drug, device, procedure, or other therapy is experimental or investigational.

A review must be requested in writing, except that if Your physician determines that a therapy would be significantly less effective if not promptly initiated, the review may be requested orally or by electronic means. When an oral or electronic request for review is made, written confirmation of the request must be submitted to Us not later than 5 days after the oral or written request is submitted.

When You meet the criteria set forth above You have the opportunity to have Our decision to deny coverage reviewed under this Process. You will be notified of that opportunity within 30 business days after We deny coverage.

Except in the case of an expedited review, the independent review organization will issue a written decision not later than 30 days after the filing of the request. The independent review organization will send a copy of its decision to Us and to You. If Your provider or the health care facility rendering health care services to You requested the review, the independent review organization will also send a copy of its decision to Your provider or the health care facility.

The independent review organization will provide Us with the opinions of a panel of up to 3 experts. We will make the experts' opinions available to You and Your physician, upon request.

The opinion of the majority of the experts on the panel is binding on Us with respect to You. We will provide any coverage determined by the independent review organization's decision to be Medically Necessary, subject to the terms, limitations, and conditions of Your policy or certificate. If the opinions of the experts on the panel are evenly divided as to whether the therapy should be covered, Our final decision will be in favor of coverage. If less than a majority of the experts on the panel recommend coverage of the therapy, We may, in Our discretion, cover the therapy.

If Our initial denial of coverage for a therapy recommended or requested is based upon an external, independent review of that therapy meeting the requirements as stated above, this review process shall not be a basis for requiring a second external, independent review of the recommended or requested therapy.

At any time during the external, independent review process, We may elect to cover the recommended or requested health care service and terminate the review. We will notify You and all other parties involved by mail or, with consent or approval, by electronic means.

EXPEDITED REVIEW

For an expedited review, Your provider must certify that Your condition could, in the absence of immediate medical attention, result in any of the following:

- Placing the health of You or, with respect to a pregnant woman, the health of the unborn child, in serious jeopardy;
- Serious impairment to bodily functions;
- Serious dysfunction of any bodily organ or part.

The independent review organization will issue a written decision not later than seven days after the filing of the request for an Expedited Review.
