

## SUPERVISION OF STUDENTS DURING ALL AFTER SCHOOL EVENTS

The Indian River School District Board of Education believes that in order to provide a safe and orderly environment at all after school events spectators shall sit in provided seating, or stand in designated / permitted areas. Therefore, it is the purpose of this policy to prevent unnecessary movement before, during, and after events, and to restrict the attendance of persons under the age of 18 at such events, unless accompanied and supervised by a responsible adult. Spectators found to be disorderly, loitering or not following this policy may be asked to leave the facility as detailed below. The district will establish regulations that will be followed to determine admission and acceptable behavior at any after school event.

### High School Events

High school students (grades 9-12) may be admitted to high school events if they provide acceptable identification when requested.

Elementary and middle school students (grades K-8) or other persons under the age of 18 must be accompanied by a responsible adult when attending high school events. Elementary and middle school students or other persons under the age of 18 not under the supervision of a responsible adult will not be permitted to enter or remain at the facility.

### Middle School Events

All persons under the age of 18 must be accompanied by a responsible adult when attending middle school events.

### Elementary School Events

All persons under the age of 18 must be accompanied by a responsible adult when attending elementary school events.

### Elementary, Middle, and High School Events

The district reserves the right to require any person to show a picture ID card to verify their name, age, and/or address before they are permitted to act as a responsible adult for a student or other person under the age of 18. The district may also require any person to show a picture ID card to verify his/her age to be 18 years or older.

### Enforcement

Spectators, whether adults or students, found to be out of compliance with the requirements set forth in this policy may be asked to leave the site or may be detained until the parent or responsible adult is located to remove them from the property, or may be banned from attendance at any or all after-school events within the Indian River School District. If it is determined that spectators violate the policy, and are therefore asked to leave the site, there will be no refund of the price of admission. The length of time that persons may be denied the privilege of attending after-school events shall be determined by the principal of the school or his/ her designee. Indian River School District students who violate this policy may be placed on district-wide social probation for a time period up to one calendar year from the date of the infraction.
