NEWS and INFORMATION

1. ParentSquare

As you know, the District is launching ParentSquare as the platform for all future communications. Soon, this Family Bulletin will be available only via ParentSquare (but for a while, until everyone is signed up, I'll send it both via ParentSquare and via the old way as a PDF in an email).

You can activate your ParentSquare account in three ways:

Option 1:

- Use the email (or text message if you do not have an email on file with the District) that was sent to you on Jan. 9 from the sender ParentSquare, inviting you to join the platform.
 - When you click the button that reads “Activate your account” in the email, you will be asked to create a password and login using the email address you have on file with the District.

Option 2:

- Visit the [ParentSquare website](#) and use the email account or phone number you have on file with the District to activate your account; or

Option 3:

- Download the [ParentSquare app](#) on your iOS or Android phone and request activation. **To take full advantage of ParentSquare’s functionality we recommend everyone downloads the ParentSquare app** for even easier access to school and District information.

Once you have activated your account, ParentSquare will connect you to your student(s) enrolled in our school and any other schools in Northshore.

After you’re logged into your account, you can also access [help articles](#) for more information on navigating and using ParentSquare
