Indiana Department of Education Publishes its Indiana Graduates Prepared to Succeed Dashboard.

Northeast Dubois parents, students, education professionals, and community members can now see information about their schools with a new dashboard published by the Indiana Department of Education. The Indiana Graduates Prepared to Succeed dashboard, or Indiana GPS, has a myriad of features comparing individual schools and school districts to the state average for 20 indicators. Some of those indicators include: graduation pathways completion rate, third-grade literacy, SAT performance and advanced coursework prior to ninth grade, among other categories, according to the dashboard website. The dashboard can be found at indianagps.doe.in.gov/. The dashboard is still developing. Student achievement statistics for students in pre-K through second grade are listed as "coming soon," according to the IDOE.
