

# **5TH GRADE JANUARY NEWSLETTER**

Happy New Year Comet families! It is hard to believe that it is already 2023! We are looking forward to gaining lots of valuable information from the students during Assessment Day. Thank you for letting us spend that valuable time with your children.

Each month we will be sharing with you some of the learning targets your child is responsible for learning and demonstrating in class. Please help support your child by asking them questions about the following targets:

**Reading:** A study of identifying a narrator's point of view and analyzing authors' perspectives to build knowledge.

**Writing:** Students will write research papers about a famous person of their choice.

**Math:** A study of reading, writing, representing, comparing, ordering and rounding decimals; graphing points on a coordinate grid.

**Social Studies:** Using geographic tools to identify, locate, and describe regions in the U.S. and a study of how the environment influenced the development of Native American cultures.
