Step #2: Compare step #1 against your Graduation Summary through mydsd or through your transcript (note that some courses may be listed in the wrong categories in mydsd; email your counselor if this is the case but plan accordingly and know these mistakes will be fixed). The Course Offerings Listing can verify the proper category of each course you have taken or plan on taking, so don't panic if your mydsd is temporarily incorrect.

Step #3: Make sure you have reviewed the Course Offerings Listing to determine who can take a course (10, 11,12), if there is a prerequisite, etc.

Step #4: Fill in all 8 lines (Column 1 and Column 2) as well as the alternate options with legitimate courses.

Step #5: Follow the deadlines given in Redhawks Time for registration completion.
