**M**ath

Life Skills, Career Exploration,  
Academic Tutoring, and more!

### **Mission:**

It is the goal of Viking Club to provide students the opportunity to receive tutoring in reading and math, enriched academic activities, character education, family engagement and service learning projects. It is our belief that various teaching strategies, hands-on materials, use of technology, and small class size in a pressure free environment can help ensure happy, successful students.

### Distribution Information:

The Trifold fliers were distributed to students in Grades 1-5 at Leipsic Elementary School and non-public St. Mary's Catholic School in September. Fliers are also distributed per parent request for information regarding academic assistance throughout the school year, teacher referral, and at Parent-Teacher conferences.

After School Program information was also distributed through the Leipsic Elementary School website, Parent Square and social media.
