LHS: Leadership; Honor; Service

LEADERSHIP includes traits such as the ability to delegate, to inspire, and to communicate effectively. Other important leadership traits that will be considered are a student's honesty, confidence, commitment, and creativity.

HONOR is a matter of carrying out, acting, and living the values of respect, duty, loyalty, selfless service, integrity, and personal courage. A commitment to an honorable life, then, is a commitment to doing what is right, and to admitting when you do not reach that high standard.

SERVICE is when you do something for someone else without the intention of getting a reward or money. This service should benefit someone other than yourself, and it should be done because you would like to help and not because you are required to help.
