IPM statement

It is the goal of Kings Canyon Unified School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to: *(Example: Focus on long-term pest prevention)*

Kings Canyon Unified School District will focus on using the industry's best practices to provide a safe and healthy learning environment for students, faculty, staff and the community.

IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program
Jesus Mendoza, Lead Grounds Technician	IPM Coordinator, Certified Applicator
Joseph Gonzalez	Committee Member
Zelda Davila	Committee Member
Custodial Department	Committee

Pest management contracting

- Pest management services are contracted to a licensed pest control business.
Pest Control Business name(s): Eagleshield Pest Control, Inc.
- Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

Pest identification, monitoring and inspection

Pest Identification is done by: Eagleshield Pest Control, Inc.
(Example: College/University staff, Pest Control Business, etc.)

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by Eagleshield Pest Control, Inc. and results are communicated to the IPM Coordinator.

(Example: District staff title, e.g. Maintenance staff)

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

(Example: Sticky monitoring boards are placed in the kitchen and are checked weekly by custodial staff.)

District facilities are cleaned daily by custodial services staff. Any sign of active pest species will be reported to the IPM Coordinator, Jesus Mendoza. The IPM Coordinator will work with Eagleshield Pest Control, Inc. to mitigate the pest problem.

Pests and non-chemical management practices

This child care center has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:
