WESTPORT PUBLIC SCHOOLS

TRANSPORTATION SPECIFICATIONS

ADDENDUM #2

January 19, 2023

Pursuant to the terms of the Transportation Specifications issued by the WESTPORT PUBLIC SCHOOLS with a Proposal due date of January 26, 2023, this Addendum will clarify or modify certain identified aspects of the Specifications. This Addendum is made a part of the contract and is enforceable under the same terms and conditions as the original Specifications.

Whenever a page number, section or appendix is referred to in the following modifications/clarifications, the page, section or appendix refers to the Transportation Specifications as issued by the WESTPORT PUBLIC SCHOOLS and as described above. In locations where paragraph numbers are identified, they may be identified utilizing the paragraph symbol (§) and the paragraph number refers to the full paragraphs on the designated page (not carry-over paragraphs from the previous page).

The items included in this Addendum are a result of questions raised at the pre-Proposal Meeting or submitted to the District subsequent to the meeting.

1) The following firms attended the *voluntary* pre-Proposal meeting of January 9, 2023:

- First Student
- DATTCO
- B & B Transportation Inc
- STA
- Sunrise Transportation
- We Mobility

Questions submitted to the District, or raised at the pre-Bid meeting:

Q1. Please provide a complete list of all routes with start and end times and/or driver hours for the day and mileage. The list should include the route type (Regular or Special Needs), vehicle size, aide or monitor required, and any special equipment needed (Wheelchair lift; Air Conditioning). Most routing systems will produce a report with this information. Alternatively please provide copies of the routes from which we can pull this information.

A1. Attached.

Q2. Please provide a copy of the current contract including the rates charged for the current school year. Addendum #1 included a February 2015 letter from Dattco to the district with two separate sets of rates based on alternative fleet options. It is unclear which rates apply.

A2. Attached

Q3. Please provide a 3-month sample of invoices that demonstrate how the rates are applied. It would be most helpful if those invoices were for months in the current school year when the system was in normal operation (Non COVID).

A3. Attached.

Q4. Please provide a list of the current fleet being used to provide services including vehicle type and passenger size.

A4. Attached as compliant from the first attachment.

Q5. Please provide an estimate of extracurricular trip (Athletic and Field Trip) volume for the school year: Number of trips; hours and miles billed; total cost for the year. Addendum #1 includes driving hours and waiting hours only. The number of trips, mileage and the total amount billed per year would be helpful.

A5. Attached is further information on the charters.

Q6. Appendix A on page 52 discusses Summer School including dates of operation. Please provide the estimated number of routes for *ESY Classes* and *Regular Ed Summer School* transportation.

A6. 7 vans will be needed for 29 days from July 3 to August 11.

Q7. Please provide a calendar for the 2023-24 school year. If one is not available, please provide a current school year calendar and information on any anticipated changes.

A7. Attached.

Q8. Has the district charged Liquidated Damages to the current vendor? How much annually?

A8. None.

Q9. Addendum #1 included a "Memorandum of Understanding" dated 3/5/21 between Dattco and the UFCW which appears to contain modifications to the current CBA. We would appreciate having a copy of the full Collective Bargaining Agreement with the complete terms and conditions.

A9. Please reach out to the Union President for United Food & Commercial Worker's Local 371: Jessica Petronella (203) 226-4751

Q10. At the pre-proposal conference, Transit Style buses were discussed. The RFP asks for 77 Passenger buses which are available in both Transit and Conventional bus styles. Transit buses are significantly more expensive and offer little benefit over conventional, especially when the district is limiting the age of the buses. Please clarify which style bus is required or if the School District would like pricing for both.

A10. The District would want Transit style buses but would be alright with some Conventional style buses for the first 6 months of the contract.

Q11. The price pages ask for a Monitor rate. Please clarify how many monitors are required.

A11. No monitors will be required.

Q12. Please provide the Adjusted Pricing Sheet referenced in the answer to Question 4 in Addendum #1.

A12. Attached to the email.
