

AVID

Parent Info Session

A - Advancement

V - Via

I - Individual

D - Determination

A program designed to help students develop the skills needed to be successful in high school and college!

AVID Student Profile:

- Determined students who WANT to go to and be successful in college
- GPA between 2.5 - 3.5
- Students who meet one or more criteria:
 - Underachiever who shows potential
 - Part of a historically underserved population
 - Special circumstances that extra support would benefit
 - First generation to attend college

At CHS, **AVID** is a course that changes lives through a curriculum that is a more **equitable and student-centered**.

AVID prepares all students for college, careers, and life.

2023/2024 CHS AVID Team

12th - Ms. Stavis

11th - Ms. Joy

10th - Ms. Masuda

9th - Mrs. Santa Cruz

AVID Coordinator/Guidance Support: Ms. Joy

Admin Support: Mrs. Corso

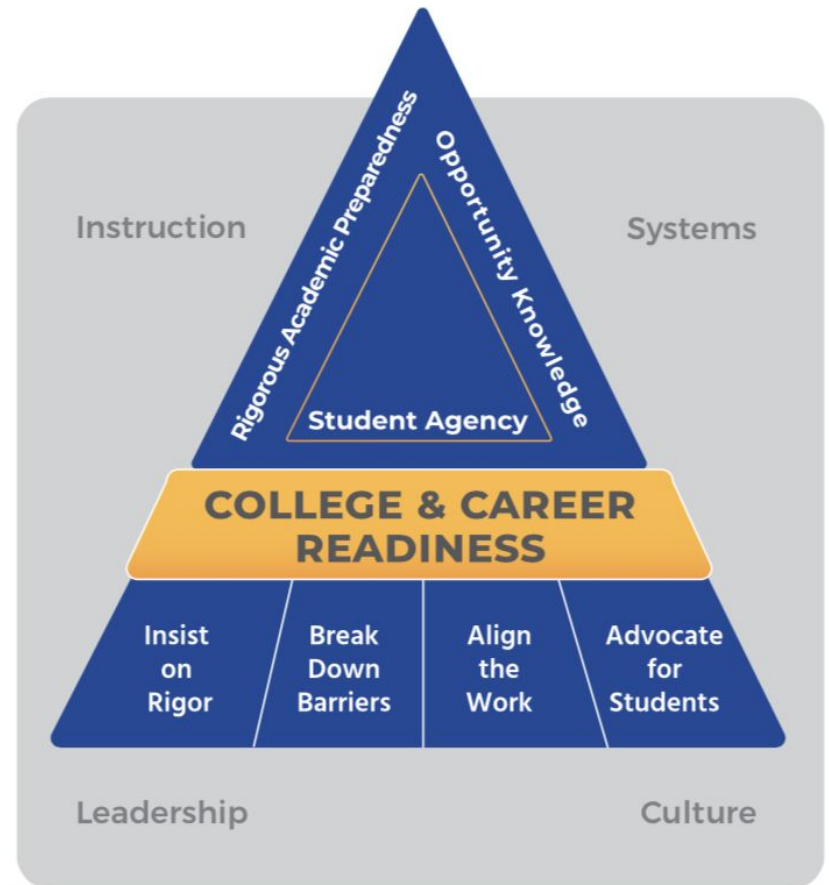

AVID Framework

No matter what post-secondary path high school graduates choose, students must develop certain essential skills to design their own futures:

critical thinking, collaboration, reading, writing, and relationship building.

The development of these skills is rooted in belief in self. If students believe they are capable, there is a foundational confidence to learn and a resiliency to overcome setbacks.

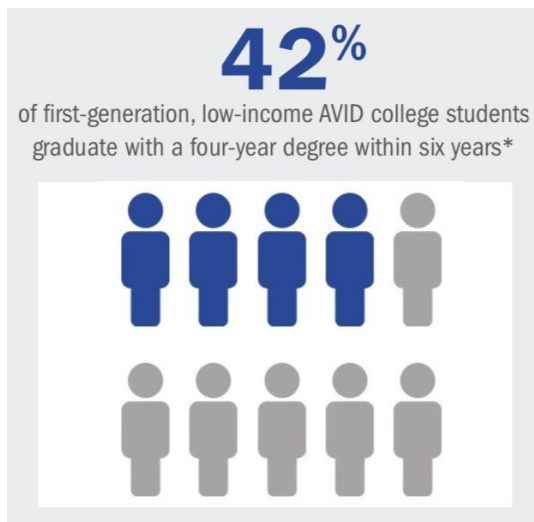

The AVID College & Career Readiness Framework

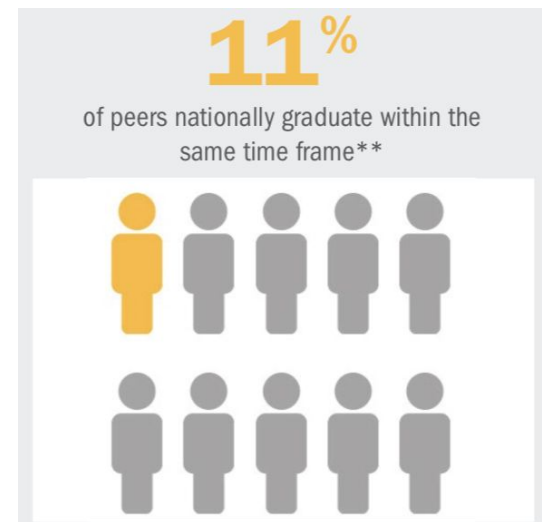

AVID Snapshot

AVID (Advancement Via Individual Determination) is an educational nonprofit that was established in 1980. It is implemented in approximately 7,000+ schools in 47 states across the U.S., plus schools in Department of Defense Education Activity (DoDEA), Canada, and Australia.

PROVEN RESULTS - AVID alumni who go to college are four times more likely to graduate than their national peers.

VS

AVID Mission Statement

AVID's mission is to close the achievement gap by preparing all students for college readiness and success in a global society.

- To succeed in rigorous curriculum
- To complete a rigorous college preparatory path
- To enter mainstream activities of the school
- To increase their enrollment in four year colleges
- To become educated and responsible participants and leaders in a democratic society

Why AVID Works!

- ❑ Encourages AVID students toward a rigorous curriculum
- ❑ Gives them the support to achieve
- ❑ Provides a team of students for positive peer interactions
- ❑ Redefines teacher's role as that of student advocate.
- ❑ Prepares student for life beyond academics
- ❑ Their with the same cohort of students & teacher for their high school tenure - it's basically a family!

What do we do in AVID??

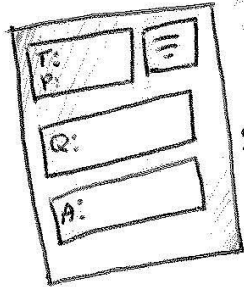

All AVID curriculum is presented through the lens of WICOR:

- **WRITING**- develop your reflective and persuasive writing skills; note-taking skills
- **INQUIRY**- learn to ask high-level questions to discover true points of confusion; socratic seminars
- **COLLABORATION**- work with others in close, small groups; group projects/presos
- **ORGANIZATION**- develop your note-taking, time management, and tidiness skills
- **READING**- personal development and college readiness texts as a class

THE AVID TUTORIAL - WHAT IT IS

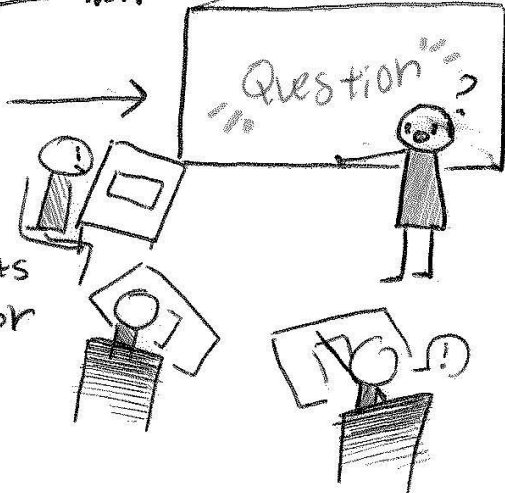

- Collaborative group tutorials taught by socratic method
- Produce self-directed learners
- One weekly session in AVID class
- Ratio of 1 tutor : 5 students
- Student tutors are trained by staff
- Not a study hall

AVID Tutorial

← Students have a sheet where they write a question they want help on

Students get help on their question with other students and a tutor

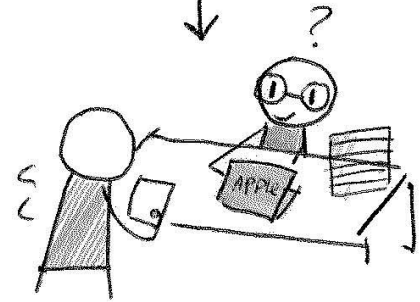

Tutorial is on any day of the week depending on the AVID Teacher

VS

CHS Tutorial

← Students can go to teacher's class to work or get help

calendar

10th - College research, test prep, time management, self exploration and motivation, and enhancing tutorial

11th - College investigation/projects, college and career planning, SAT/ACT prep, and college essay writing

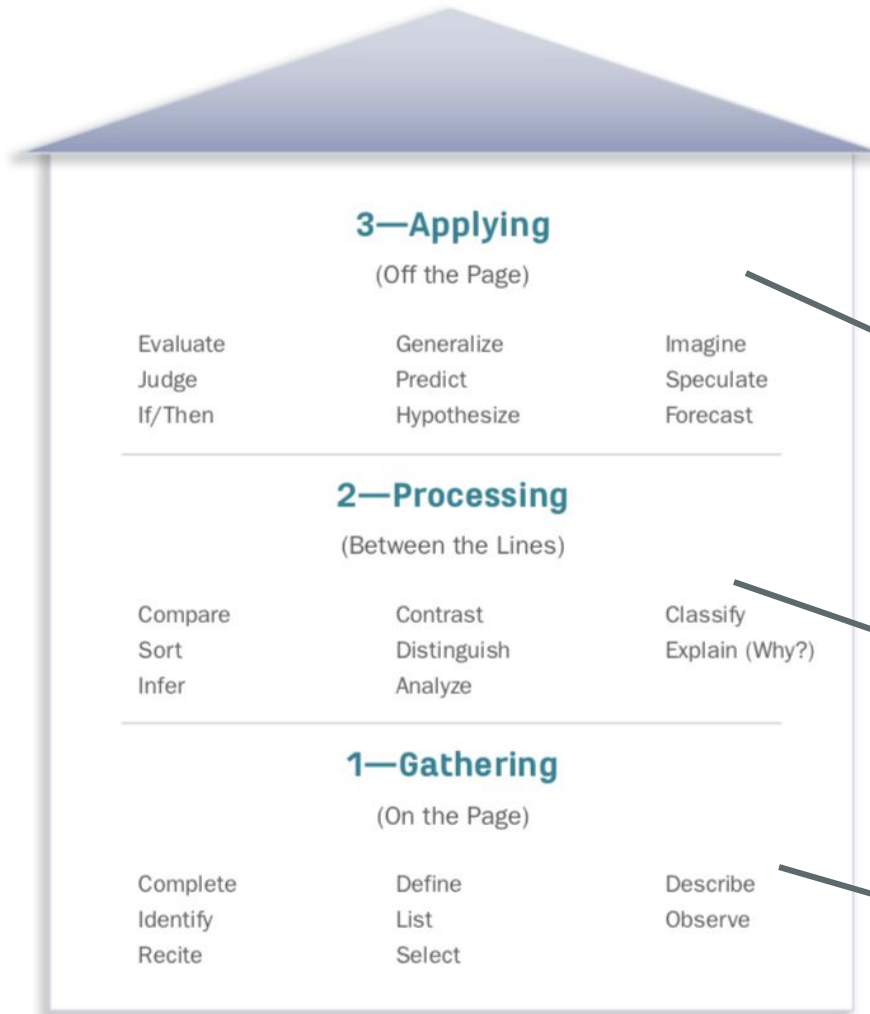

12th - Applying to and paying for college, college research and life readiness, educating others, and senior project!

Tutorial Request Form - Costa's Level of Thinking

To better understand the content being presented in their core subject areas, it is essential for students to learn to think critically and to ask higher levels of questions. By asking higher levels of questions, students deepen their knowledge and create connections to the material being presented. (Pg 164, AVID Tutorial Guide)

TRF - Costa's Level of Thinking

What are the consequences if mitosis does not go correctly?

How is mitosis different from meiosis?

What is mitosis?

The question needs to be Level 2 or 3 - not surface level questions

Thank You!
