

WHERE ARE THEY NOW???

Trudy Crunkleton

Trudy Crunkleton attended the Rabun County School System and graduated from Rabun County High School with the class of 1981.

After graduating from Rabun County High School Ms. Crunkleton attended Truett-McConnell College for 2 years before graduating in 1983. She then attended West Georgia College and graduated with a degree in Recreation in 1985.

After college, Ms. Crunkleton came back home and began working for Georgia Power and worked at Terrora Park, now Tallulah Falls State Park. She then worked in Sky Valley for seventeen years before working eight years in Carroll County. Ms. Crunkleton returned home again to Rabun County and worked for the City of Clarkesville for three years before taking the job as the Clayton City Manager in April of 2022.

Ms. Crunkleton's greatest accomplishment is the progression of her career and doing jobs she never thought she would have done. She feels very fortunate to be involved in a leadership role in such a great community. She has a few words of wisdom for current Rabun County students:

- “Enjoy your high school years. Rabun County Schools offer one of the best educations you can receive and does a good job of preparing students for college. Study hard and pay attention in school, but have fun and make friendships that last.”
