Slough and Eton is looking for someone to join our in-class support staff as Cover Supervisor. This is an exciting opportunity for anyone interested in a career in teaching to work in a classroom setting and gain valuable experience whilst also making a difference to the education of our students on a daily basis.

Cover Supervisors take classes when the regular teacher is absent. They make sure the students are completing the work set by the teacher, support those who need additional help to complete what has been set and feed back to the teachers afterwards. When not supervising in class you will be observing the practice of others to support you when leading in the classroom and will be linked to one of the core subject areas (English, Maths or Science).

Previous cover supervisor or learning support assistant experience would be helpful but is not essential, as we will provide all the necessary training to help you to be successful. The new members of this team need to be hardworking, dedicated to ensuring students of all abilities can succeed and, crucially, committed to being a great role model in the classroom.

Slough and Eton is a great school on the outskirts of Slough, which serves the Chalvey community. We are relentlessly focused on ensuring great teaching, learning and experiences are at the core of what we do. It's an exciting time for us and our students are a pleasure to work with.

We welcome applicants who may wish to be considered in a part-time/job share capacity and are happy to explore flexible working arrangements. We are, of course, committed to safeguarding the welfare of our students and staff and will conduct all necessary DBS checks as part of our recruitment process. We look forward to hearing from you.
